SUPPLEMENTARY INFORMATION:

Background

Commerce published the *Preliminary Results* on August 10, 2018.¹ On February 7, 2019, Commerce determined that a cost-based particular market situation existed with respect to the production cost of CORE in Korea during the POR.² For a history of events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.³ On November 19, 2018, Commerce postponed the final results of this review until February 6, 2019.⁴ As a result of the partial government shutdown, the deadline for the final results of this review was revised to March 18, 2019.⁵

Scope of the Order

The products covered by this order are certain corrosion-resistant steel products. For a complete description of the scope of this order, see attachment to the Issues and Decision Memorandum.

Changes Since the Preliminary Results

Based on our review of the record and comments received from interested parties, we made certain revisions to the preliminary margin calculations for Dongkuk and Hyundai.⁶

Final Results of the Administrative Review

We have determined the following weighted-average dumping margins for the exporters or producers listed below for the POR:⁷

Exporter/producer	Weighted-average dumping margin (percent)
Dongkuk Steel Mill Co., Ltd ..	7.33
Dongbu Steel Co., Ltd	7.33
Hyundai Steel Company	0.00
POSCO	7.33

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.212(b)(1), Commerce will determine, and U.S. Customs and Border Protections (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. We will calculate importer-specific assessment rates on the basis of the ratio of the total amount of antidumping duties calculated for each importer's examined sales and the total entered value of the sales in accordance with 19 CFR 351.212(b)(1).

For entries of subject merchandise during the POR produced by each respondent for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate such entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. We intend to issue liquidation instructions to CBP 15 days after publication of the final results of this review.

⁶ See Dongkuk's and Hyundai's Final Calculation Memorandum, dated March 18, 2019.

⁷ For POSCO and Dongbu Steel Co., Ltd. which were not selected for individual review, we assign a rate based on the rates for the respondents that were selected for individual review, excluding rates that are zero, *de minimis* or based entirely on facts available. See section 735(c)(5)(A) of the Act.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for the respondents noted above will be the rate established in the final results of this administrative review; (2) for merchandise exported by manufacturers or exporters not covered in this administrative review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 8.31 percent, the all-others cash deposit rate established in the investigation.⁸ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers Regarding the Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely

written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i) of the Act and 19 CFR 351.221(b)(5).

On March 15, 2019, pursuant to sections 735(d) and 705(d) of the Act, the ITC notified Commerce of its affirmative final determination that an industry in the United States is materially injured within the meaning of sections 735(b)(1)(A)(i) and 705(b)(1)(A)(i) of the Act by reason of LTFV imports and subsidized imports of subject merchandise, respectively, from China.⁶

Scope of the Orders

The product covered by these orders is plastic ribbon from China. For a complete description of the scope of these orders, see the Appendix to this notice.

Amendment to the AD Final Determination

Pursuant to 19 CFR 351.224(e), Commerce is amending the *AD Final Determination* to correct certain ministerial errors made in the *AD Final Determination* with respect to Ricai and Junlong.⁷ This amended final AD determination corrects these errors and revises the weighted-average margins

that were calculated for Ricai and Junlong. Because the margin for the separate rate companies is based on the rates for Junlong and Ricai, and their rates changed due to the aforementioned ministerial errors, we are revising the margin applicable to the non-individually investigated separate rate companies in this amended final AD determination.⁸ The amended weighted-average margin rates are listed in the "Estimated Weighted-Average Dumping Margins" table below.

Antidumping Duty Order

In accordance with sections 735(b)(1)(A)(i) and 735(d) of the Act, the ITC notified Commerce of its final determination that an industry in the United States is materially injured by reason of imports of plastic ribbon from China that are sold in the United States at LTFV.⁹ Therefore, in accordance with sections 735(c)(2) and 736(a) of the Act, we are issuing this antidumping duty order. Because the ITC determined that imports of plastic ribbon from China are materially injuring a U.S. industry, unliquidated entries of such merchandise from these countries, entered or withdrawn from warehouse for consumption, are subject to the assessment of antidumping duties.

Therefore, in accordance with section 736(a)(1) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by Commerce, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price (or constructed export price) of the merchandise, for all relevant entries of plastic ribbon from China. Antidumping duties will be assessed on unliquidated entries of plastic ribbon from China entered, or withdrawn from warehouse, for consumption on or after August 8, 2018, the date of publication of the *AD Preliminary Determination*,¹⁰ and before February 4, 2019. Section 733(d) of the Act states that the suspension of liquidation pursuant to a preliminary determination may not remain in effect for more than four months except where exporters representing a significant proportion of exports of the subject merchandise request Commerce to extend that four-month period to no more than six months.
