DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT
[Docket No. FR–6146–N–04]

Privacy Act of 1974; System of Records; Inventory Management System, Also Known as the Public and Indian Housing Information Center

AGENCY: Office of Public and Indian Housing, HUD.

ACTION: Notice of a modified system of records.

SUMMARY: The Inventory Management System, also known as the Public and Indian Housing Information Center (IMS/PIC) serves as a national repository of information related to Public Housing Authorities (PHAs), HUD-assisted families, HUD-assisted properties, and other HUD programs for the purpose of monitoring and evaluating the effectiveness of HUD rental housing assistance programs. In accordance with the Privacy Act of 1974, the Department of Housing and Urban Development, Office of Public and Indian Housing (PIH) proposes to modify the system of records titled, Inventory Management System (IMS), also known as Public and Indian Housing Information Center (PIC), HUD/PIH.01. This system of records allows the Department of Housing and Urban Development, Office of Public and Indian Housing to collect and maintain records on individuals and organizations administering, participating in, or potentially affected by, housing assistance programs administered by HUD. This proposed modification of the IMS/PIC system would allow the system to contain additional categories of records and types of individuals. Specifically, IMS/PIC will store information about applicants for disaster recovery assistance from the Federal Emergency Management Agency (FEMA), provided pursuant to a computer matching agreement. Storing these records will enable HUD to aid individuals affected by natural disasters and prevent improper payments.

DATES: Comments are due on April 24, 2019. Unless comments are received that warrant a revision, this modification will become effective on April 24, 2019.

ADDRESSES: You may submit comments, identified by docket number and title, by one of the following methods:

Federal e-Rulemaking Portal: http://www.regulations.gov. Follow the instructions provided on that site to submit comments electronically.
Fax: 202–619–8365.

SUPPLEMENTARY INFORMATION: The existing system known as the Inventory Management System/Public and Indian Housing Information Center (IMS/PIC), HUD/PIH.01, is being updated to include additional categories of records and individuals and to permit the storage of information shared by the Federal Emergency Management Agency (FEMA). This update also reorganizes the routine uses, eliminates some routine uses that are already identified in HUD’s Routine Use Inventory Notice and allows disclosure to state, local, and tribal governments to ensure effective and non-duplicative delivery of disaster recovery aid.

SYSTEM MANAGER(S):

Office of Public and Indian Housing (PIH), Donald J. Lavoy, Deputy Assistant Secretary, Real Estate Assessment
AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

PURPOSE(S) OF THE SYSTEM:

IMS/PIC serves as a national repository of information related to Public Housing Authorities (PHAs), Tribally Designated Housing Entities (TDHEs), HUD-assisted families, HUD-assisted properties, and other HUD programs, for the purpose of monitoring and evaluating the effectiveness of PIH rental housing assistance programs. IMS/PIC allows PHAs, TDHEs, and their hired management agents to electronically submit information to HUD that is related to the administration of HUD’s PIH programs. It collects data for PIH operations, including data submitted via the internet from HUD’s field offices, and accurately tracks activities and processes. IMS/PIC also helps to increase sharing of information throughout PIH and HUD, which improves staff awareness of activities related to the administration of HUD-assisted housing programs. IMS/PIC is a flexible, scalable, internet-based integrated system, which enables PHA and TDHE users, and HUD personnel to access a common database via their web browser. IMS/PIC aids HUD and entities that administer HUD’s assisted housing programs in: (a) Increasing the effective distribution of rental assistance to individuals that meet the requirements of federal rental assistance programs; (b) detecting abuses in assisted housing programs; (c) taking administrative or legal actions to resolve past and current abuses of assisted housing programs; (d) monitoring compliance with HUD program requirements; (e) deterring abuses by verifying the employment and income of tenants at the time of annual and interim reexaminations of family income and composition via the PIH Enterprise Income Verification (EIV) system; (f) evaluating program effectiveness; (g) improving PHA and TDHE IMS/PIC reporting rates; (h) forecasting budgets; (i) controlling funds; (j) updating tenant information; and (k) updating building and unit data.

Habitat Conservation Plans for the California Tiger Salamander;
Categorical Exclusion for the La Laguna Los Alamos Project and the Phillips 66 Idle Pipeline 352 x 4 Abandonment Project; Santa Barbara County, California

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), have received two applications for an incidental take permit for the federally endangered California tiger salamander (Ambystoma californiense). The applicants would authorize take incidental to otherwise lawful activities associated with the project site. The project site includes approximately 29 acres of suitable upland habitat for the California tiger salamander. The Service has designated these 29 acres as critical habitat for the species. The permittees would receive assurances under our "No Surprises" regulations (50 CFR 17.22(b)(5)) regarding conservation activities for the California tiger salamander.

Proposed Project Activities

La Laguna Los Alamos, LLC, has applied for a permit for incidental take of the California tiger salamander. The take would occur in association with installation and operation of a vineyard, cultivation of berries, other agricultural development that involves land-clearing and/or ripping, plowing and other soil cultivation techniques, and/or construction of a residential development that includes one single-family residence. The project site includes approximately 29 acres of suitable upland habitat for the California tiger salamander. The Service has designated these 29 acres as critical habitat for the Santa Barbara County DPS of the California tiger salamander. The HCP includes avoidance and minimization measures for the covered species and mitigation for unavoidable loss of suitable upland habitat through establishment of a conservation easement. Mitigation for unavoidable take of the species consists of the permanent protection of 34 acres of designated critical habitat for the Santa Barbara County DPS of the California tiger salamander.

Phillips 66 Company has applied for a permit for incidental take of the California tiger salamander. The take would occur in association with activities necessary for the removal and abandonment of an idled pipeline. The site includes approximately 1.22 acres of suitable upland habitat for the California tiger salamander. Of these 1.22 acres, the Service has designated 0.15 acre as critical habitat for the Santa Barbara County DPS of the California tiger salamander. The HCP includes avoidance and minimization measures for the covered species and mitigation...
