SUPPLEMENTARY INFORMATION:

Title of Collection: Generic Information Collection Plan for the Collection of Qualitative Feedback on the Service Delivery of the Bureau of Consumer Financial Protection.

OMB Control Number: 3170-0024.

Type of Review: Reinstatement without change of a previously approved collection of information.

Affected Public: Individuals; Private sector; and State, Local, or Tribal governments.

Estimated Number of Annual Respondents: 27,000.

Abstract: This generic information collection plan provides for the collection of qualitative feedback from consumers, financial institutions, and stakeholders on a wide range of services the Bureau provides in an efficient, timely manner, in accordance with the Bureau's commitment to improving service delivery. By qualitative feedback, the Bureau means information that provides useful insights on, for example, comprehension, usability, perceptions, and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. The Bureau expects this feedback to include insights into consumer, financial institution, or stakeholder perceptions, experiences, and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative, and actionable communications between the Bureau and consumers, financial institutions, and stakeholders. It will also allow feedback to contribute directly to the improvement of program management. The Bureau is proposing new collections of information pursuant to this request.

Comments submitted in response to this notice will be reviewed by OMB as part of its review of this

request. All comments will become a matter of public record.

Dated: March 20, 2019.
