

### Assessment Rates

In accordance with 19 CFR 351.212(b)(2), Commerce intends to issue appropriate assessment instructions to U.S. Customs and Border Protection (CBP) 15 days after publication of these final results of review, to liquidate shipments of subject merchandise produced by and/or exported by Borusan, entered, or withdrawn from warehouse, for consumption on or after January 1, 2016, through December 31, 2016, at the *ad valorem* rate listed above.

#### Analysis of Comments Received

All issues raised in the case and rebuttal briefs filed by parties in this review are addressed in the Issues and Decision Memorandum, which is hereby adopted by this notice. A list of the issues which parties raised, and to which we responded in the Issues and Decision Memorandum, can be found at the Appendix to this notice. The signed Issues and Decision Memorandum and the electronic version of the Issues and Decision Memorandum are identical in content.

### Changes Since the Preliminary Results

Based on our analysis of the comments received, we made certain changes to the *Preliminary Results*. Specifically, we made adjustments to the constructed value calculation and the antidumping margin programs for PT/Pro-Team and Unicatch for these final results. For a full discussion of these changes, see the Issues and Decision Memorandum.

### Application of Facts Available and Adverse Facts Available

We continue to find that Bonuts failed to cooperate to the best of its ability in responding to Commerce's requests for information. Thus, we find that the application of adverse facts available, pursuant to section 776(a)–(b) of the Act, is warranted with respect to Bonuts. For a full description of the methodology and rationale underlying our conclusions, see Issues and Decision Memorandum.

### Duty Absorption

In the *Preliminary Results*, Commerce made a preliminary determination to not examine duty absorption for PT/Pro-Team's and Unicatch's export price (EP) sales, and preliminarily found that Unicatch absorbed antidumping duties for its constructed export price (CEP) sales during the instant POR.<sup>5</sup> For these final results, no party filed comments on this issue and, therefore, we have made no changes to our *Preliminary Results* with respect to duty absorption.<sup>6</sup>

### Final Results of Review

As a result of this review, Commerce determines that the following margins exist for the period of review (POR) of July 1, 2016 through June 30, 2017:

Producer/exporter	Margin (percent)
Bonuts Hardware Logistic Co., Ltd .....	78.13
PT Enterprise, Inc./Pro-Team Coil Nail Enterprise, Inc .....	0.00
Unicatch Industrial Co. Ltd .....	6.16

<sup>5</sup> See *Preliminary Results* and accompanying Preliminary Decision Memorandum at 5–7.

<sup>6</sup> *Id.*

### Disclosure

We intend to disclose the calculations performed for these final results of review within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

### Duty Assessment

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce shall determine, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Commerce intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of this administrative review in the **Federal Register**. We will instruct CBP to apply an *ad valorem* assessment rate of 78.13 percent, 0.00 percent, and 6.16 percent, respectively, to all entries of subject merchandise during the POR which were produced and/or exported by the companies stated above.

Consistent with Commerce's assessment practice, for entries of subject merchandise during the POR produced by Bonuts, PT/Pro-Team, or Unicatch, for which the producer did not know that its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.<sup>7</sup>

### Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided for by section 751(a)(2)(C) of the Act: (1) The cash deposit rates for the companies listed in these final results will be equal to the rates established in the final results of this review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment in which the company was reviewed; (3) if the exporter is not a firm covered in this review or the original less-than-fair-value (LTFV) investigation, but the producer is, the cash deposit rate will be

<sup>7</sup> For a full discussion of this practice, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

the rate established for the most recently completed segment of this proceeding for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 2.16 percent,<sup>8</sup> the all-others rate established in the LTFV investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

### Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

### Notification to Interested Parties Regarding Administrative Protective Order

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h).

Dated: March 18, 2019.

**Christian Marsh,**

*Deputy Assistant Secretary for Enforcement and Compliance.*

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; request for comments.

**SUMMARY:** NMFS has received a request from City of Ketchikan for authorization to take marine mammals incidental to underwater confined rock blasting in Ketchikan, Alaska. Pursuant to the Marine Mammal Protection Act (MMPA), NMFS is requesting comments on its proposal to issue an incidental harassment authorization (IHA) to incidentally take marine mammals during the specified activities. NMFS is also requesting comments on a possible one-year renewal that could be issued under certain circumstances and if all requirements are met, as described in *Request for Public Comments* at the end of this notice. NMFS will consider public comments prior to making any final decision on the issuance of the requested MMPA authorizations and agency responses will be summarized in the final notice of our decision.

**DATES:** Comments and information must be received no later than April 26, 2019.

**ADDRESSES:** Comments should be addressed to Jolie Harrison, Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service. Physical

comments should be sent to 1315 East-West Highway, Silver Spring, MD 20910 and electronic comments should be sent to [ITP.redding@noaa.gov](mailto:ITP.redding@noaa.gov).

**Instructions:** NMFS is not responsible for comments sent by any other method, to any other address or individual, or received after the end of the comment period. Comments received electronically, including all attachments, must not exceed a 25-megabyte file size. #### SUPPLEMENTARY INFORMATION:

##### Background

The MMPA prohibits the “take” of marine mammals, with certain exceptions. Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce (as delegated to NMFS) to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed incidental take authorization may be provided to the public for review.

Authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s) and will not have an unmitigable adverse impact on the availability of the species or stock(s) for taking for subsistence uses (where relevant). Further, NMFS must prescribe

the permissible methods of taking and other “means of effecting the least practicable [adverse] impact” on the affected species or stocks and their habitat, paying particular attention to rookeries, mating grounds, and areas of similar significance, and on the availability of such species or stocks for taking for certain subsistence uses (referred to in shorthand as “mitigation”); and requirements pertaining to the mitigation, monitoring and reporting of such takings are set forth.

The definitions of all applicable MMPA statutory terms cited above are included in the relevant sections below.

#### National Environmental Policy Act

To comply with the National Environmental Policy Act of 1969 (NEPA; 42 U.S.C. 4321 *et seq.*) and NOAA Administrative Order (NAO) 216-6A, NMFS must review our proposed action (*i.e.*, the issuance of an incidental harassment authorization) with respect to potential impacts on the human environment.

This action is consistent with categories of activities identified in Categorical Exclusion B4 (incidental harassment authorizations with no anticipated serious injury or mortality) of the Companion Manual for NOAA Administrative Order 216-6A, which do not individually or cumulatively have the potential for significant impacts on the quality of the human environment and for which we have not identified any extraordinary circumstances that would preclude this categorical exclusion. Accordingly, NMFS has preliminarily determined that the issuance of the proposed IHA qualifies to be categorically excluded from further NEPA review.

We will review all comments submitted in response to this notice prior to concluding our NEPA process or making a final decision on the IHA request.

#### Summary of Request

On December 10, 2018, NMFS received a request from the City of Ketchikan for an IHA to take marine mammals incidental to underwater confined blasting and excavation in southeastern Alaska. The application was deemed adequate and complete on February 7, 2019. City of Ketchikan's request is for take of a small number of nine marine mammal species by Level B harassment and three marine mammal species by Level A harassment. Neither the City of Ketchikan nor NMFS expects serious injury or mortality to result from this activity and, therefore, an IHA is appropriate.
