Selection Criteria

The Act's Selection Criteria, without modification, will be used to evaluate applications submitted for biomass demonstration projects on Forest Service lands under the jurisdiction of the Secretary of Agriculture.

SUPPLEMENTARY INFORMATION:

Priority Language for Funding Opportunities

The Agency encourages applications that will help improve life in rural America. See information on the Interagency Task Force on Agriculture and Rural Prosperity found at www.usda.gov/ruralprosperity. Applicants are encouraged to consider projects that provide measurable results in helping rural communities build robust and sustainable economies through strategic investments in infrastructure, partnerships and innovation.

Key strategies include:

- Achieving e-Connectivity for Rural America
- Developing the Rural Economy
- Harnessing Technological Innovation
- Supporting a Rural Workforce
- Improving Quality of Life

To leverage investments in rural property, the Agency also encourages projects located in rural Opportunity Zones where projects should provide measurable results in helping communities build robust and sustainable economies. An Opportunity Zone is an economically-distressed community where new investments, under certain conditions, may be eligible for preferential tax treatment. Localities qualify as Opportunity Zones if they have been nominated for that designation by the state and that nomination has been certified by the Secretary of the U.S. Treasury via his delegation of authority to the Internal Revenue Service.

To combat a key threat to economic prosperity, rural workforce and quality of life, the Agency encourages applications that will support the Administration's goal to reduce the

morbidity and mortality associated with Substance Use Disorder (including opioid misuse) in high-risk rural communities by strengthening the capacity to address prevention, treatment and/or recovery at the community, county, state, and/or regional levels:

Key strategies include:

- *Prevention:* Reducing the occurrence of Substance Use Disorder (including opioid misuse) and fatal substance-related overdoses through community and provider education and harm reduction measures such as the strategic placement of overdose reversing devices, such as naloxone;
- *Treatment:* Implementing or expanding access to evidence-based treatment practices for Substance Use Disorder (including opioid misuse) such as medication-assisted treatment (MAT); and
- *Recovery:* Expanding peer recovery and treatment options that help people start and stay in recovery.

To focus investments to areas for the largest opportunity for growth in prosperity, the Agency encourages applications that serve the smallest communities with the lowest incomes, with an emphasis on areas where at least 20 percent of the population is living in poverty, according to the American Community Survey data by census tracts.

A. Program Description

1. *Purpose of the Program.* The purpose of this program is to improve the economic conditions of Rural Areas.

2. *Statutory Authority.* This program is authorized under section 310B(c) of the Consolidated Farm and Rural Development Act (7 U.S.C. 1932(c)). Regulations are contained in 7 CFR part 4280, subpart E. The program is administered on behalf of Rural Business-Cooperative Service (RBS) at the State level by the USDA Rural

Development State Offices. Assistance provided to Rural Areas under the program has historically included the provision of on-site Technical Assistance to local and regional governments, public transit agencies, and related nonprofit and for-profit organizations in Rural Areas; the development of training materials; and the provision of necessary training assistance to local officials and agencies in Rural Areas.

Awards under the RBDG passenger transportation program will be made on a competitive basis using specific selection criteria contained in 7 CFR part 4280, subpart E, and in accordance with section 310B(c) of the Consolidated Farm and Rural Development Act (7 U.S.C. 1932(c)). Information required to be in the application package includes Standard Form (SF) 424, "Application for Federal Assistance;" environmental documentation in accordance with 7 CFR part 1970, "Environmental Policies and Procedures;" Scope of Work Narrative; Income Statement; Balance Sheet or Audit for previous 3 years; AD-1047, "Debarment/Suspension Certification;" AD-1048, "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion;" AD-1049, "Certification Regarding Drug-Free Workplace Requirements;" SF LLL, "Disclosure of Lobbying Activities;" RD 400-1, "Equal Opportunity Agreement;" RD 400-4, "Assurance Agreement;" and a letter providing Board authorization to obtain assistance. For the FRNAT grant, which must benefit FRNATs, at least 75 percent of the benefits of the Project must be received by members of FRNATs. The Project that scores the greatest number of points based on the RBDG selection criteria and the discretionary points will be selected for each grant.

For the funding for Technical Assistance for RT systems, applicants must be qualified national organizations with experience in providing Technical Assistance and training to rural communities nationwide for the purpose of improving passenger transportation service or facilities. To be considered "national," RBS requires a qualified organization to provide evidence that it can operate RT assistance programming nation-wide. An entity can qualify if they can work in partnership with other entities to fulfill the national requirement as long as the applicant will have ultimate control of the grant administration. For the funding for RT systems to FRNATs, an entity can qualify if they can work in partnership with other entities to support all federally recognized tribes in

all States, as long as the applicant will have ultimate control of the grant administration. There is not a requirement to use the grant funds in a multi-State area. Grants will be made to qualified national organizations for the provision of Technical Assistance and training to Rural communities for the purpose of improving passenger transportation services or facilities.

3. *Definition of Terms.* The definitions applicable to this notice are published at 7 CFR 4280.403.

4. *Application Awards.* The Agency will review, evaluate, and score applications received in response to this notice based on the provisions in 7 CFR 4280, subpart E and as indicated in this notice. However, the Agency advises all interested parties that the applicant bears the burden in preparing and submitting an application in response to this notice.

D. Application and Submission Information

1. Address to Request Application Package.

For further information, entities wishing to apply for assistance should contact the USDA Rural Development State Office provided in the **ADDRESSES** section of this notice to obtain copies of the application package.

Prior to official submission of grant applications, applicants may request technical assistance or other application guidance from the Agency, as long as such requests are made prior to May 16, 2019. Technical assistance is not meant to be an analysis or assessment of the quality of the materials submitted, a substitute for agency review of completed applications, nor a determination of eligibility, if such determination requires in-depth analysis. The Agency will not solicit or consider scoring or eligibility information that is submitted after the application deadline. The Agency reserves the right to contact applicants to seek clarification information on materials contained in the submitted application.

Applications must be submitted in paper format or electronic submission. If you want to submit an electronic application, follow the instructions for the RBDG funding announcement located at <http://www.grants.gov>. The organization submitting the application will be considered the lead entity. The Contact/Program Manager must be associated with the lead entity submitting the application.

Each application received in a USDA Rural Development State Office will be reviewed to determine if it is consistent with the eligible purposes contained in section 310B(c) of the Consolidated Farm and Rural Development Act (7 U.S.C. 1932(c)). Each selection priority criterion outlined in 7 CFR 4280.435 must be addressed in the application. Failure to address any of the criterion will result in a zero-point score for that criterion and will impact the overall evaluation of the application. Copies of 7 CFR part 4280, subpart E, will be provided to any interested applicant making a request to a USDA Rural Development State Office.

All Projects to receive Technical Assistance through these passenger transportation grant funds are to be identified when the applications are submitted to the USDA Rural Development State Office. Multiple Project applications must identify each individual Project, indicate the amount of funding requested for each individual Project, and address the criteria as stated above for each individual Project.

For multiple-Project applications, the average of the individual Project scores will be the score for that application.

The applicant documentation and forms needed for a complete application

are located in the Program Description section of this notice, and 7 CFR part 4280, subpart E.

(a) There are no specific formats, specific limitations on number of pages, font size and type face, margins, paper size, number of copies, and the sequence or assembly requirements.

(b) The component pieces of this application should contain original signatures on the original application.

(c) Since these grants are for Technical Assistance for transportation purposes, no additional information requirements other than those described in this notice and 7 CFR part 4280, subpart E are required.

3. Unique entity identifier and System for Award Management.

All applicants must have a Dun and Bradstreet Data Universal Numbering System (DUNS) number which can be obtained at no cost via a toll-free request line at (866) 705-5711 or at <http://fedgov.dnb.com/webform>. Each applicant (unless the applicant is an individual or Federal awarding agency that is excepted from the requirements under 2 CFR 25.110(b) or (c) or has an exception approved by the Federal awarding agency under 2 CFR 25.110(d)) is required to: (i) Be registered in the System for Award Management (SAM) before submitting its application; (ii) provide a valid unique entity identifier in its application; and (iii) continue to maintain an active SAM registration with current information at all times during which it has an active Federal award or an application or plan under consideration by a Federal awarding agency. The Federal awarding agency may not make a Federal award to an applicant until the applicant has complied with all applicable unique entity identifier and SAM requirements and, if an applicant has not fully complied with the requirements by the time the Federal awarding agency is ready to make a Federal award, the Federal awarding agency may determine that the applicant is not qualified to receive a Federal award and use that determination as a basis for making a Federal award to another applicant.

4. Submission Dates and Times.

(a) *Application Deadline Date:* No later than 4:30 p.m. (local time) on June 25, 2019. *Electronic applications must be submitted via grants.gov no later by Midnight Eastern time on June 25, 2019.*

the application is due the next business day.

(b) The deadline date means that the completed application package must be received in the USDA Rural Development State Office by the deadline date established above. All application documents identified in this notice are required.

(c) If complete applications are not received by the deadline established above, the application will neither be reviewed nor considered under any circumstances.

(d) The Agency will determine the application receipt date based on the actual date postmarked.

(e) This notice is for RT Technical Assistance grants only and therefore, intergovernmental reviews are not required.

(f) These grants are for RT Technical Assistance grants only, no construction or equipment purchases are permitted. If the grantee has a previously approved indirect cost rate, it is permissible, otherwise, the applicant may elect to charge the 10 percent indirect cost permitted under 2 CFR 200.414(f) or request a determination of its Indirect Cost Rate. Due to the time required to evaluate Indirect Cost Rates, it is likely that all funds will be awarded by the time the Indirect Cost Rate is determined. No foreign travel is permitted. Pre-Federal award costs will only be permitted with prior written approval by the Agency.

(g) Applicants must submit applications in paper copy format or an electronic submission as previously indicated in the Application and Submission Information section of this notice. E. Application Review Information

1. Criteria.

All eligible and complete applications will be evaluated and scored based on the selection criteria and weights contained in 7 CFR 4280.435 and will select grantees subject to the grantees' satisfactory submission of the additional items required by 7 CFR part 4280, subpart E and the USDA Rural Development Letter of Conditions. Failure to address any one of the criteria in 7 CFR 4280.435 by the application deadline will result in the application being determined ineligible, and the application will not be considered for

funding. The amount of an RT grant may be adjusted, at the Agency's discretion, to enable the Agency to award RT grants to the applications with the highest priority scores in each category.

2. Review and Selection Process.

The State Offices will review applications to determine if they are eligible for assistance based on requirements contained in 7 CFR 4280.416 and 4280.417. If determined eligible, your application will be submitted to the National Office. Funding of Projects is subject to the applicant's satisfactory submission of the additional items required by that subpart and the USDA Rural Development Letter of Conditions. The Agency reserves the right to award additional discretionary points under 7 CFR 4280.435(k).

In awarding discretionary points, the Agency scoring criteria regularly assigns points to applications that direct loans or grants to Projects based in or serving census tracts with poverty rates greater than or equal to 20 percent. This emphasis will support Rural Development's mission of improving the quality of life for Rural Americans and commitment to directing resources to those who most need them.

F. Federal Award Administration Information

1. Federal Award Notices.

Successful applicants will receive notification for funding from their USDA Rural Development State Office. Applicants must comply with all applicable statutes and regulations before the grant award will be approved. Unsuccessful applications will receive notification by mail.
