BILLING CODE 4162-20-P

DEPARTMENT OF HOMELAND SECURITY

Cybersecurity and Infrastructure Security Agency; Notice of Renewal of the Critical Infrastructure Partnership Advisory Council Charter

AGENCY: Cybersecurity and Infrastructure Security Agency (CISA), DHS.

ACTION: Notice of availability; renewal of Critical Infrastructure Partnership Advisory Council Charter.

SUMMARY: On November 30, 2018, the Department renewed the Critical Infrastructure Partnership Advisory Council Charter. Through this notice, the Department is making the renewed CIPAC Charter publicly available and highlighting updated information and guidelines that have been included in the renewed charter.

FOR FURTHER INFORMATION CONTACT: Renee Murphy, Designated Federal Officer, (202) 590-0840, CIPAC@hq.dhs.gov.

SUPPLEMENTARY INFORMATION: DHS established the Critical Infrastructure Partnership Advisory Council (CIPAC) and issued the initial CIPAC Charter on March 24, 2006.¹ 71 FR 14930. The CIPAC facilitates interactions between government officials and representatives of owners and/or operators for each of the critical infrastructure sectors defined by Presidential Policy Directive 21 and identified in the National Infrastructure Protection Plan 2013: Partnering for Critical Infrastructure Security and Resilience. Please visit <http://www.dhs.gov/cipac> for more

¹ The CIPAC was established consistent with 6 U.S.C. 121 and 6 U.S.C. 451(a). Pursuant to the Cybersecurity and Infrastructure Security Agency Act of 2018, the National Protection Program Directorate (NPPD) was redesignated as CISA and the authorities related to the CIPAC under 6 U.S.C. 121 were transferred to 6 U.S.C. 652. See 6 U.S.C. 652.

information on the CIPAC, the activities supported by the CIPAC, the CIPAC Membership Roster, and Council information.

On November 30, 2018, the Secretary of Homeland Security, Kirstjen M. Nielsen signed a renewal of the CIPAC Charter for an additional two years. The renewed CIPAC Charter supersedes the CIPAC Charter dated November 30, 2016 and is available on the CIPAC website at <http://www.dhs.gov/cipac>. The renewed CIPAC Charter includes updated information and guidelines concerning: (1) The formation and governance of working groups and cross sector activities; (2) the role of subject matter experts and limitations on their participation in the CIPAC; (3) types of meetings that occur under the CIPAC; and (4) ethics, government procurement, and intellectual property requirements for the CIPAC.

Dated: March 13, 2019.

Renee Murphy,

Designated Federal Officer, Critical Infrastructure Partnership Advisory Council, Department of Homeland Security.

BILLING CODE 9110-9P-P

DEPARTMENT OF HOMELAND SECURITY

Agency Information Collection Activities: Homeland Security Acquisition Regulation (HSAR) Post-Award Contract Information

AGENCY: Office of the Chief Procurement Officer (OCPO), Department of Homeland Security (DHS).

ACTION: 30-Day notice and request for comments; Extension of a currently approved collection, 1600-0003.

SUMMARY: The DHS OCPO will submit the following Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995. The information requested is used by the Government's contracting officers and other acquisition personnel, including technical and legal staff, for various reasons such as determining the suitability of contractor personnel accessing DHS facilities; to ensure no organizational conflicts of interest exist during the performance of contracts; to ensure the contractor maintains applicable licenses and permits for the removal and disposal of hazardous materials; and to otherwise ensure firms are performing in the Government's best interest. DHS previously published this ICR in the **Federal Register** on

Wednesday, April 4, 2018 for a 60-day public comment period. No comments were received by DHS. The purpose of this notice is to allow an additional 30 days for public comments.

DATES: Comments are encouraged and will be accepted until April 29, 2019. This process is conducted in accordance with 5 CFR 1320.1.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to OMB Desk Officer, Department of Homeland Security and sent via electronic mail to dhsdeskofficer@omb.eop.gov.

SUPPLEMENTARY INFORMATION: DHS collects information, when necessary, in administering public contracts for supplies and services. The information is used to determine compliance with contract terms placed in the contract as authorized by the Federal Property and Administrative Services Act (41 U.S.C. 251 *et seq.*), the Federal Acquisition Regulation (FAR) (48 CFR Chapter 1), and the HSAR (48 CFR Chapter 30). Respondents submit information based on the terms of the contract; the instructions in the contract deliverables mandatory reporting requirements; and correspondence from acquisition personnel requesting post-award contract information. The least active contracts and the simplest contracts will have little to no data to report. The most active and complex contracts, however, will contain more reporting requirements. DHS believes that some of this information is already readily available as part of a company's business processes and that the largest businesses use computers to compile the data. However, a significant amount of time is spent correlating information to specific contract actions and gathering information for more complex contract actions.

The prior information collection request for OMB No. 1600-0003 was approved through February 28, 2019 by OMB. The purpose of this ICR is to identify the additional clauses that fall under for OMB No. 1600-0003. The collections under the HSAR are as follows:

- 3052.204-70 Security requirements for unclassified information technology resources. (Required in all solicitations and contracts that require submission of an IT Security Plan.) This clause applies to all contractor systems connected to a DHS network and those contracts where the Contractor must have physical or

electronic access to sensitive information contained in DHS unclassified systems. The contractor is asked to prepare, provide and maintain an IT Security Plan.

- 3052.204–71 Contractor employee access. (Required when contractor employees require recurring access to Government facilities or access to sensitive info.) Contractors may be subject to background investigations and will have to provide information as required by the DHS Security Office. The information requested is in addition to the information requested through Standard Form (SF) 86.

- 3052.205–70 Advertisements, Publicizing Awards, and Releases. (Required for all contracts exceeding Simplified Acquisition Threshold.) Contractors may have to provide copies of information related to advertisements and release statements to receive approval for publication.

- 3052.209–72 Organizational Conflict of Interest, paragraphs (f) and (g) (Included in solicitations and contracts where a potential organizational conflict of interest exists and mitigation may be possible.) Contractors will have to provide information related to actual or potential conflicts of interest and a mitigation plan.

- 3052.209–75 Prohibited Financial Interests for Lead System Integrators. (Required in solicitations and contracts for the acquisition of a major system when the acquisition strategy envisions the use of a lead system integrator or when the contractor will be the lead system integrator.) Contractors will have to provide information related to changes in financial interests.

- 3052.209–76 Prohibition on Federal Protective Service Guard Services Contracts with Business Concerns Owned, Controlled, or Operated by an Individual Convicted of a Felony, paragraph (h). (Section 2 of the Federal Protective Service Guard Contracting Reform Act of 2008, Pub. L. 110–356, generally prohibits DHS from entering into a contract for guard services under the Federal Protective Service (FPS) guard services program with any business concern owned, controlled, or operated by an individual convicted of a serious felony.) The notification required by paragraph (h) applies to any contractual instrument that may result in the issuance of task orders. Contractors will have to provide information on any felony conviction of personnel who own, control or operate a business during the performance a contract.

- 3052.215–70 Key personnel or facilities. (Required in solicitations and

contracts when the selection for award is substantially based on the offeror's possession of special capabilities regarding personnel or facilities.) Contractors will have to provide notice of and documentation related to changes in key personnel for evaluation, including, resumes; description of the duties the replacement will assume; description of any change in duties and confirmation that such change will not negatively impact contract performance.

- 3052.216–71 Determination of Award Fee. (Required in solicitations and contracts that include an award fee.) Contractor may submit a performance self-evaluation for each evaluation period.

- 3052.217–91 Performance (U.S. Coast Guard (USCG)). (Required in sealed bid fixed-price solicitations and contracts for vessel repair, alteration, or conversion which are to be performed within the United States, its possessions, or Puerto Rico. Also required in negotiated solicitations and contracts to be performed outside the United States.) Contractor must request prior approval to conduct dock and sea trials.

- 3052.217–92 Inspection and Manner of Doing Work (USCG). (Required in sealed bid fixed-price solicitations and contracts for vessel repair, alteration, or conversion which are to be performed within the United States, its possessions, or Puerto Rico. Also required in negotiated solicitations and contracts to be performed outside the United States.) Contractor must maintain complete records of all inspection work and shall make them available to the Government during performance of the contract and for 90 days after the completion of all work required.

- 3052.217–95 Liability and Insurance (USCG). (Required in sealed bid fixed-price solicitations and contracts for vessel repair, alteration, or conversion which are to be performed within the United States, its possessions, or Puerto Rico. Also required in negotiated solicitations and contracts to be performed outside the United States.) Contractor shall provide evidence of the insurance and give the Contracting Officer written notice after the occurrence of a loss or damage for which the Government has assumed the risk. If any loss or damage will result in a claim against the Government, the contractor shall provide notice.

- 3052.219–70 Small Business subcontracting plan reporting. (Generally included in solicitations and contracts that offer subcontracting possibilities and are expected to exceed \$700,000.) Contractors must use

Electronic Subcontracting Reporting System (eSRS) to submit subcontracting reporting data.

- 3052.219–71 DHS Mentor-Protégé Program. (Included in solicitations where subcontracting plans are anticipated) The amount of credit given to a contractor mentor firm for protégé developmental assistance costs must be calculated on a dollar for dollar basis and reported in the Summary Subcontract Report via the Electronic Subcontracting Reporting System (eSRS) at www.esrs.gov.

- 3052.222–70 Strikes or Picketing Affecting Timely Completion of the Contract Work. (Generally included in solicitations and contracts.) Contractor must take all reasonable and appropriate action to end a strike or picketing. Delay caused by a strike or by picketing which constitutes an unfair labor practice is not excusable unless the Contractor takes all reasonable and appropriate action to end such a strike or picketing, such as the filing of a charge with the National Labor Relations Board, the use of other available Government procedures, and the use of private boards or organizations for the settlement of disputes. The contractor may be required to submit information to the contracting officer.

- 3052.222–71 Strikes or Picketing Affecting Access to a DHS Facility. (Generally included in solicitations and contracts.) Contractor is responsible if strike or picketing is directed at the Contractor and impedes access by any person to a DHS facility. Contractor must take all reasonable and appropriate action to end a strike or picketing. The contractor may be required to submit information to the contracting officer.

- 3052.223–70 Removal or disposal of hazardous substances—applicable licenses and permits. (Required in solicitations and contracts involving the removal or disposal of hazardous waste material.) Contractors will have to provide evidence of licenses and permits to perform hazardous substance removal.

- 3052.223–90 Accident and Fire Reporting (USCG). (Included in solicitations and contracts involving the removal of hazardous waste material.) Contractor must report incidents involving fire or accidents at a worksite. Contractors may provide this information using a state, private insurance carrier, or Contractor accident report form.

- 3052.228–91 Loss of or Damage to Leased Aircraft (USCG). (Included in any contract for the lease of an aircraft.) In the event of loss of or damage to an aircraft, the Government shall be subrogated to all rights of recovery by

the Contractor against third parties for such loss or damage and the Contractor must promptly assign such rights in writing to the Government.

- 3052.228–93 Risk and Indemnities (USCG). (Included in any contract for the lease of an aircraft.) Requires the contractor to provide the Government with evidence of insurance.
- 3052.235.70 Dissemination of Information-Educational Institutions. (Included in contracts with educational institutions for research that are not sensitive or classified.) Contractors must provide advanced electronic copies of articles to the Government covering the results of research it plans to publish.

The information requested is used by the Government's contracting officers and other acquisition personnel, including technical and legal staff, for various reasons such as determining the suitability of contractor personnel accessing DHS facilities; to ensure no organizational conflicts of interest exist during the performance of contracts; to ensure the contractor maintains applicable licenses and permits for the removal and disposal of hazardous materials; and to otherwise ensure firms are performing in the Government's best interest. Failure to collect this information would adversely affect the quality of products and services DHS receives from contractors. For example, potentially, contractors who are lead system integrators could acquire direct financial interests in major systems the contractors are contracted to procure, which would compromise the integrity of acquisitions for the Department. In addition, contractors who own, control or operate a business providing protective guard services could possess felony convictions during the performance of contracts, putting the Department at risk. Furthermore, contractors could change key personnel during the performance of contracts and use less experienced or less qualified personnel to reduce costs, which would adversely affect DHS's fulfillment of its mission requirements.

Many sources of the requested information use automated word processing systems, databases, spreadsheets, project management and other commercial software to facilitate preparation of material to be submitted. With Government-wide implementation of e-Government initiatives, it is commonplace within many of DHS's Components for submissions to be electronic.

Disclosure/non-disclosure of information is handled in accordance with the Freedom of Information Act (FOIA), other disclosure statutes, and

Federal and agency acquisition regulations.

The burden estimates are based upon definitive contract award data reported by DHS and its Components to the Federal Procurement Data System (FPDS) for Fiscal Year 2016. No program changes occurred, however the burden was adjusted to reflect an increase in the number of respondents within DHS for Fiscal Year 2016, as well as an increase in the average hourly wage rate. The decrease in the previously reported average burden per response (from 14 hours to 6.2 hours) is as a result of the addition of clauses to the burden hour analysis with relatively low burden hours.

This is an extension of a currently approved collection, 1600–0003. OMB is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Analysis

Agency: Office of the Chief Procurement Officer, DHS.

Title: Agency Information Collection Activities: Homeland Security Acquisition Regulation (HSAR) Post-Award Contract Information.

OMB Number: 1600–0003.

Frequency: On Occasion.

Affected Public: Individuals or Households.

Number of Respondents: 12,627.

Estimated Time per Respondent: 6.2 hours.

Total Burden Hours: 234,862.

Dated: March 19, 2019.

Scott Ewalt,

Acting Executive Director, Enterprise Business Management Office.

BILLING CODE 9110–9B–P

DEPARTMENT OF THE INTERIOR

Geological Survey

[GX19.WB12.C25A1.00; OMB Control Number 1028–0116/Renewal]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Alaska Beak Deformity Observations

AGENCY: U.S. Geological Survey, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the U.S. Geological Survey (USGS) are proposing to renew an information collection.

DATES: Interested persons are invited to submit comments on or before April 29, 2019.

ADDRESSES: Send written comments on this information collection request (ICR) to the Office of Management and Budget's Desk Officer for the Department of the Interior by email at OIRA_Submission@omb.eop.gov; or via facsimile to (202) 395–5806. Please provide a copy of your comments to U.S. Geological Survey, Information Collections Officer, 12201 Sunrise Valley Drive MS 159, Reston, VA 20192; or by email to gs-info_collections@usgs.gov. Please reference OMB Control Number 1028–0116 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Colleen Handel, Alaska Science Center by email at cmhandel@usgs.gov, or by telephone at 907–786–7181. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on December 6, 2018 (83 FR 62881). No comments were received.
