scheduling a public meeting of its Ecosystem-Based Fishery Management (EBFM) Committee to consider actions affecting New England fisheries in the exclusive economic zone (EEZ). Recommendations from this group will be brought to the full Council for formal consideration and action, if appropriate.

**DATES:** This meeting will be held on Monday, April 15, 2019 at 9:30 a.m.

ADDRESSES: *Meeting address:* The meeting will be held at the Radisson Airport Hotel, 2081 Post Road, Warwick, RI 02886; telephone: (401) 739–3000.

*Council address:* New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

# **FOR FURTHER INFORMATION CONTACT:** Thomas A. Nies, Executive Director,

New England Fishery Management Council; telephone: (978) 465–0492.

# SUPPLEMENTARY INFORMATION:

## Agenda

The committee will receive and discuss documents on potential strategies for overfished stock management, deriving catch advice for stock complexes from assessment and other data, and spatial management considerations. These documents will be incorporated into the draft example Fishery Ecosystem Plan (eFEP) for Georges Bank. The committee may also discuss other related business, including further tasking for the Plan Development Team to complete a draft eFEP. Other business will be discussed as necessary.

Although non-emergency issues not contained on this agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

#### **Special Accommodations**

This meeting is physically accessible to people with disabilities. This meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies, Executive Director, at (978) 465–0492, at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 et seq.

Dated: March 25, 2019. **Tracey L. Thompson,**  *Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.* [FR Doc. 2019–06034 Filed 3–28–19; 8:45 am] **BILLING CODE 3510–22–P**

## Fisheries of the South Atlantic; Southeast Data, Assessment, and Review (SEDAR); Public Meeting

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of SEDAR 58 Post-Data Workshop Webinar.

**SUMMARY:** The SEDAR 58 assessment of the Atlantic stock of Cobia will consist of a series of workshops and webinars: Data Workshop; Assessment Webinars; and a Review Workshop. See

#### SUPPLEMENTARY INFORMATION.

**DATES:** The SEDAR 58 Post-Data Workshop Webinar has been scheduled for Tuesday, April 16, 2019, from 1 p.m. to 5 p.m.

**ADDRESSES:** *Meeting address:* The meetings will be held via webinar. The webinar is open to members of the public. Those interested in participating should contact Kathleen Howington at SEDAR (see FOR FURTHER INFORMATION CONTACT) to request an invitation providing webinar access information. Please request webinar invitations at least 24 hours in advance of each webinar.

SEDAR address: South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N. Charleston, SC 29405; www.sedarweb.org.

#### FOR FURTHER INFORMATION CONTACT:

Kathleen Howington, SEDAR Coordinator, 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405; phone (843) 571–4366; email: *Kathleen.Howington@safmc.net.* 

**SUPPLEMENTARY INFORMATION:** The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions, have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a three-

step process including: (1) Data Workshop; (2) Assessment Process utilizing webinars; and (3) Review Workshop. The product of the Data Workshop is a data report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment Process is a stock assessment report which describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, Highly Migratory Species Management Division, and Southeast Fisheries Science Center. Participants include: data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and nongovernmental organizations (NGOs); international experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion at the Post-Data Workshop webinar are as follows:

Participants will finalize data recommendations from the Data Workshop and provide early modeling advice.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

## **Special Accommodations**

This meeting is accessible to people with disabilities. Requests for auxiliary aids should be directed to the SAFMC office (see **ADDRESSES**) at least 5 business days prior to the meeting.

**Note:** The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 et seq.

# Mid-Atlantic Fishery Management Council (MAFMC); Public Meeting

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; public meeting.

SUMMARY: The Atlantic Mackerel, Squid, and Butterfish Advisory Panel of the Mid-Atlantic Fishery Management Council (Council) will hold a meeting. DATES: The meeting will be held on Friday, April 12, 2019, beginning at 9 a.m. and conclude by 3 p.m. For agenda details, see SUPPLEMENTARY INFORMATION.

**ADDRESSES:** The meeting will be held via webinar with a telephone-only audio connection: *http://* 

*mafmc.adobeconnect.com/msb-ap-2019/.* Telephone instructions are provided upon connecting, or the public can call direct: 800–832–0736, Rm: \*7833942#.

*Council address:* Mid-Atlantic Fishery Management Council, 800 N. State Street, Suite 201, Dover, DE 19901; telephone: (302) 674–2331 or on their website at *www.mafmc.org.* 

FOR FURTHER INFORMATION CONTACT: Christopher M. Moore, Ph.D., Executive Director, Mid-Atlantic Fishery Management Council, telephone: (302) 526–5255.

**SUPPLEMENTARY INFORMATION:** The purposes of the meeting include: (1) To create a *Fishery Performance Report* by the Council's Atlantic Mackerel, Squid, and Butterfish (MSB) Advisory Panel. This report facilitates structured input from the Advisory Panel members for

the MSB specifications process for the Council and its Scientific and Statistical Committee (SSC); and (2) Gather Advisory Panel feedback on the development of the Council's 2020–24 strategic plan, after reviewing the results of a recent strategic planning stakeholder survey. An agenda and background documents will be posted at the Council's website (*www.mafmc.org*) prior to the meeting.

# **Special Accommodations**

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aid should be directed to M. Jan Saunders, (302) 526–5251, at least 5 days prior to any meeting date.

Dated: March 25, 2019.

## Magnuson-Stevens Act Provisions; General Provisions for Domestic Fisheries; Application for Exempted Fishing Permit

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; request for comments.

**SUMMARY:** The Assistant Regional Administrator for Sustainable Fisheries, Greater Atlantic Region, NMFS, has made a preliminary determination that an Exempted Fishing Permit application submitted by the Northeast Fisheries Science Center contains all of the required information and warrants further consideration. This Exempted Fishing Permit would exempt participating vessels from minimum fish size restrictions and fish possession limits. Regulations under the Magnuson-Stevens Fishery Conservation and Management Act require publication of this notice to provide interested parties the opportunity to comment on Exempted Fishing Permit applications.

**DATES:** Comments must be received on or before April 15, 2019.

**ADDRESSES:** You may submit written comments by either of the following methods:

• Email: nmfs.gar.efp@noaa.gov. Include in the subject line "Comments on NEFSC Study Fleet EFP."

• *Mail:* Michael Pentony, Regional Administrator, NMFS, Greater Atlantic Regional Fisheries Office, 55 Great Republic Drive, Gloucester, MA 01930. Mark the outside of the envelope "Comments on NEFSC Study Fleet EFP."

FOR FURTHER INFORMATION CONTACT:

Spencer Talmage, Fishery Management Specialist, 978–281–9232, Spencer.Talmage@noaa.gov.

**SUPPLEMENTARY INFORMATION:** The Northeast Fisheries Science Center submitted a complete application for an Exempted Fishing Permit (EFP) on February 26, 2019, for the 2019 Study Fleet Program. The EFP would exempt 18 commercial fishing vessels from the minimum size and possession limits for species of interest, as well as allow temporary retention of species that would be discarded.

The Center established the Study Fleet Program in 2002 to more fully characterize commercial fishing operations and provide sampling opportunities to augment NMFS's data collection programs. Partnership with the commercial fishing industry allows the Center to provide samples for stock assessment and fish biology research when traditional sampling sources might otherwise be unavailable. Table 1 includes all of the regulations specified at 50 CFR part 648 that participating vessels would be exempt from for at-sea sampling or when retaining and landing fish for research purposes. The exemptions listed in Table 1 are necessary for contracted vessels to acquire the biological samples needed to meet Center research objectives.

TABLE 1—SPECIFIC REGULATIONS COVERED BY THE PROPOSED EXEMPTED FISHING PERMIT
