Operating reserve. In order to maintain an operating reserve not less than 3 and not more than 6 months, FGIS reviewed the value of the operating reserve at the end of FY2018 to ensure that an operating reserve of 4 ½ months is maintained.

The program operating reserve at the end of fiscal year 2018 was $21,561,945 with a monthly operating expense of $3,276,796. The target of 4.5 months of operating reserve is $14,745,582. Therefore, the operating reserve is greater than 4.5 times the monthly operating expenses by $6,816,363. For each $1,000,000, rounded down, above the target level, all Schedule A fees must be reduced by 2 percent. The operating reserve is $6.8 million above the target level resulting in a calculated 12 percent reduction. As required by 800.71(b)(2)(ii), the reduction is limited to 5 percent. Therefore, for 2019, FGIS is reducing all the 2018 Schedule A fees for service in Schedule A in paragraph (a)(1) by the maximum 5 percent. All Schedule A fees for service are rounded to the nearest $0.10, except for fees based on tonnage or hundredweight. The resulting fees from the annual review went into effect on January 1, 2019 and this notice formalizes this change. The fee Schedule A has been published on the agency’s public website.

GIPSA/AMS Merger

GIPSA formerly fell within the mission area overseen by the Under Secretary for Marketing and Regulatory Programs (MRP), along with AMS. The Under Secretary for MRP’s authority over GIPSA is further demonstrated by the published delegations of authority in Part 2 of Title 7 of the CFR. In 7 CFR 2.22(a)(3), the Secretary of Agriculture delegated to the Under Secretary for MRP authorities “related to grain inspection, packers and stockyards.” In 7 CFR 2.81, the Under Secretary for MRP further delegated these authorities to the Administrator of GIPSA. In a November 14, 2017 Secretary’s Memorandum, the Secretary directed that the authorities at 7 CFR 2.81 be delegated to the Administrator of AMS, and that the delegations to the Administrator of GIPSA be revoked. But these changes did not affect the existing delegations to the Under Secretary of MRP related to grain inspection, packers and stockyards at 7 CFR 2.22(a)(3).

Foreign Agricultural Service
Title: Agricultural Trade Promotion Program
OMB Control Number: 0551–0049.
Summary of Collection: The authority for the Agricultural Trade Promotion Program (ATP) is contained in the authority derived from the Commodity Credit Corporation (CCC) Charter Act, 15 U.S.C. 714c(f)—Specific Powers of Corporation. Program regulations were necessary to establish this new CCC program. The ATP is a cost-share program that is designed to reimburse nonprofit U.S. agricultural trade organizations, nonprofit state/regional trade groups, U.S. agricultural cooperatives, and state agencies that conduct approved foreign market development activities and have suffered damages because of tariffs imposed on U.S. agricultural products in 2018/2019. Financial assistance for the ATP is made available on a competitive basis. The program is administered by the Foreign Agricultural Service (FAS).

Need and Use of the Information: The information collected is used by FAS marketing specialists and program managers for the allocation of funds, program management, planning, and evaluation. The integrity of the program hinges on information received from or maintained by the industry.

AGENCY: Food and Nutrition Service (FNS), USDA.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice invites the general public and other public agencies to comment on this proposed information collection. This collection is a revision of a currently approved collection. In 2016, an Interim Final Rule titled “Supplemental Nutrition Assistance Program: Requirement for National Directory of New Hires Employment Verification and Annual Program Activity Reporting,” was published in the Federal Register. This rule codified section 4013 of the Agricultural Act of 2014, requiring State agencies to access employment data through the National Directory of New Hires (NDNH) at the time of certification, including recertification, to determine eligibility status and correct benefit amount for SNAP applicants. The rule also amended regulations to increase the frequency of the requirement for State agency submission of the Program Activity Statement from an annual requirement based on the State fiscal year to a quarterly requirement. The burden hours for the increase in submission frequency for the Program Activity Statement, form FNS–366B, have been merged into the Food Programs Reporting System (FPRS) information collection, OMB# 0584–0594 (expiration 9/30/2019). Therefore, this notice seeks to renew the burden hours associated with the National Directory of New Hires portion of this information collection only and removes burden hours and references for the Program Activity Statement, form FNS–366B.

DATES: Written comments must be received on or before May 28, 2019.

ADDRESSES: Comments may be sent to: Jane Duffield, Food and Nutrition Service, U.S. Department of Agriculture, 3101 Park Center Drive, Room 818 Alexandria, VA 22302. Comments may also be submitted via email to SNAPSA@FNS.USDA.GOV. Comments will also be accepted through the Federal eRulemaking Portal. Go to http://www.regulations.gov, and follow the online instructions for submitting comments electronically.

The Notice of Adverse Action or Notice of Denial is issued by State agencies to participating households whose benefits will be reduced or terminated as the result of a change in household circumstances. Should the State agency independently verify unreported or underreported income discovered through NDNH, and that income results in a reduction of benefits or change in eligibility, the State agency must take action by issuing the household a Notice of Adverse Action or Notice of Denial and adjusting benefits accordingly.

Burden Estimates: The previous burden for this collection was 252,432 reporting hours (209,899 reporting burden hours for State agencies + 41,533 reporting burden hours for households). The requested burden is 249,253, which represents a decrease of 3,180 hours for the removal of the Program Activity Statement (FNS–366B) (which is accounted for under OMB#0584–0594; expiration date: 9/30/2019) burden hours from this collection. There are no recordkeeping requirements associated with this collection.
