

in 44 U.S.C. 3502(3) and 5 CFR 1320.3 and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the CFTC is publishing notice of the proposed collection of information listed below.

Title: Regulation 16.02 Daily Trade and Supporting Data Reports (OMB Control No. 3038–0061). This is a request for extension of a currently approved information collection.

Abstract: Commission Rule 16.02 requires Reporting Markets to report transaction-level trade data and related order information for each executed transaction. The Commission uses the transaction-level trade data and related order information to discharge its regulatory responsibilities, including the responsibilities to prevent market manipulations and commodity price distortions and ensure the financial integrity of its jurisdictional markets.

With respect to the collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
- The accuracy of the Commission's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.*, permitting electronic submission of responses.

You should submit only information that you wish to make available publicly. If you wish the Commission to consider information that you believe is exempt from disclosure under the Freedom of Information Act, a petition for confidential treatment of the exempt information may be submitted according

to the procedures established in § 145.9 of the Commission's regulations.¹

The Commission reserves the right, but shall have no obligation, to review, pre-screen, filter, redact, refuse or remove any or all of your submission from <http://www.cftc.gov> that it may deem to be inappropriate for publication, such as obscene language. All submissions that have been redacted or removed that contain comments on the merits of the ICR will be retained in the public comment file and will be considered as required under the Administrative Procedure Act and other applicable laws, and may be accessible under the Freedom of Information Act.

Burden Statement: The Commission is revising its burden estimate for this collection. The Commission estimates that up to 15 Reporting Markets could provide daily trade and supporting data reports to the Commission in the future. The CFTC believes that Reporting Markets incur an average burden of two hours to compile and submit each report made pursuant to Commission Rule 16.02. Reporting Markets submit an average of 250 reports annually. The estimated total annual time-burden for all Reporting Markets is 7,500 hours. The respondent burden for this collection is estimated to be as follows:

Estimated Number of Respondents: 15.

Estimated Average Burden Hours Per Respondent: 500 hours.

Estimated Total Annual Burden Hours: 7,500 hours.

Frequency of Collection: Daily.

There are no capital costs or operating and maintenance costs associated with this collection.

SUPPLEMENTARY INFORMATION:

Titles: Confirmation, Portfolio Reconciliation, Portfolio Compression, and Swap Trading Relationship Documentation Requirements for Swap Dealers and Major Swap Participants (OMB control number 3038-0088). This is a request for revision of this currently approved information collection.

Abstract: Pursuant to the authority granted to it by Section 731 of Title VII of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act, Pub L. No. 111-203, 124 Stat. 1376 (2010)), the Commission promulgated regulation 23.504, among others. This regulation obligates swap dealers (“SDs”) and major swap participants (“MSPs”) to develop and retain written swap trading relationship documentation, which is essential to ensuring that SDs and MSPs document their swaps. The ICRs for this regulation are included under OMB control number 3038-0088.

The United Kingdom (“UK”) has provided formal notice of its intention to withdraw from the European Union (“EU”). This withdrawal may happen as soon as April 12, 2019 and may transpire without a negotiated agreement between the UK and EU (No-deal Brexit). To the extent this event occurs, affected SDs and MSPs may be involved in transfers of certain uncleared swaps, including uncleared swaps that were entered into before the relevant compliance dates under the CFTC Margin Rule² or the Prudential

Margin Rule and that, therefore, may not be subject to such rules, in whole or in part.

The Commission is adopting an interim final rule (“Final Rule”) amending the CFTC Margin Rule such that the date used for purposes of determining whether an uncleared swap was entered into prior to an applicable compliance date will not change under the CFTC Margin Rule if the swap is transferred, and thereby amended, in accordance with the terms of the Final Rule in respect of any such transfer. In doing so, the Final Rule, subject to its requirements, allows an uncleared swap to retain its legacy status when transferred in connection with a No-deal Brexit. As a condition to the relief in the Final Rule, in certain cases, the Commission requires that the transferor of a legacy swap make certain representations to the SD or MSP that is a party to the swap in the swap trading relationship documentation relating to such transfer. The Commission proposes to revise the burden of OMB control number 3038-0088 to reflect this requirement.

Burden Statement: As a condition to the relief in the Final Rule, in certain cases, the Commission requires that the transferor of a legacy swap make certain representations to the SD or MSP that is a party to the swap in the swap trading relationship documentation relating to such transfer. The Commission is revising the burden of this OMB number to reflect the inclusion of this requirement in the Final Rule. Specifically, the Commission estimates that this requirement will increase the burden under OMB control number 3038-0088 as follows:

Respondents/Affected Entities: SDs and MSPs and their counterparties.

Estimated Number of Respondents: 52.

Estimated Total Annual Burden on Respondents: 1,404 hours.

Frequency of Collection: Periodically.

There are no capital costs or operating and maintenance costs associated with this collection.
