Media Bureau Lifts LPTV and TV Translator Application Filing Freezes Effective April 18, 2019

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: This document announces that, effective April 18, 2019, the Media Bureau is lifting the displacement and digital companion channel application filing freezes related to low power television and TV translator stations.

DATES: The filing freezes will be lifted effective April 18, 2019.

FOR FURTHER INFORMATION CONTACT: Shaun Maher, Video Division, Media Bureau, Federal Communications Commission, Shaun.Maher@fcc.gov, (202) 418–2324.

SUPPLEMENTARY INFORMATION: The Media Bureau announces that, effective April 18, 2019, it is lifting the displacement and digital companion channel application filing freezes related to low power television and TV translator stations (LPTV/translator stations). These freezes were imposed to preserve channels for the window for LPTV/translator stations displaced by the Incentive Auction to file displacement applications (Special Displacement Window or Window). The displacement freeze was temporarily lifted to accommodate the filing of displacement applications by licensed LPTV/translator stations which were displaced by Incentive Auction matters in the Special Displacement Window. With completion of the Special Displacement Window on June 1, 2018, and post-WINDOW settlement opportunity on January 10, 2019, the Media Bureau deems it appropriate to now lift these filing freezes. Interested parties may resume filing of the below-referenced applications on a first-come, first-serve basis on April 18, 2019.

Displacement Applications. The freeze on the filing of displacement applications, enacted in 2014, is lifted effective April 18, 2019.

Digital Companion Channels. The freeze on the filing of applications for digital companion channels, enacted in 2017, is lifted effective April 18, 2019.

The freeze on the filing of applications for new LPTV/translator digital stations and major changes remains in effect.

This action is taken by the Chief, Media Bureau pursuant to authority delegated by 47 CFR 0.283 of the Commission’s rules.

Agency for Toxic Substances and Disease Registry

[30Day--19–18AJA]

Agency Forms Undergoing Paperwork Reduction Act Review

In accordance with the Paperwork Reduction Act of 1995, the Agency for Toxic Substances and Disease Registry (ATSDR) has submitted the information collection request titled Assessment of Environmental Health and Land Reuse Certification Training to the Office of Management and Budget (OMB) for review and approval. ATSDR previously published a “Proposed Data Collection Submitted for Public Comment and Recommendations” notice on June 27, 2018 to obtain comments from the public and affected agencies. ATSDR did not receive comments related to the previous notice. This notice serves to allow an additional 30 days for public and affected agency comments.

ATSDR will accept all comments for this proposed information collection project. The Office of Management and Budget is particularly interested in comments that:

(a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
(b) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
(c) Enhance the quality, utility, and clarity of the information to be collected;
(d) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses; and
(e) Assess information collection costs.

To request additional information on the proposed project or to obtain a copy of the information collection plan and instruments, call (404) 639–7750 or send an email to omb@cdc.gov. Direct written comments and/or suggestions regarding the items contained in this notice to the Attention: CDC Desk Officer, Office of Management and Budget, 725 17th Street NW, Washington, DC 20503 or by fax to (202) 395–5806. Provide written comments within 30 days of notice publication.

Proposed Project

Assessment of Environmental Health and Land Reuse Certification Training—Now—Agency for Toxic Substances and Disease Registry (ATSDR) and the National Center for Environmental Health (NCEH/ATSDR), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The Agency for Toxic Substances and Disease Registry (ATSDR) is requesting a three-year Paperwork Reduction Act (PRA) Clearance for a new Information Collection Request (ICR) entitled “Assessment of Environmental Health and Land Reuse Certification Training.” The specific activities of the ICR request is to collect participant feedback on the environmental health land reuse certificate course content developed by ATSDR and its collaborator. This information collection is funded through a contract with the National Environmental Health Association (NEHA), number 200–2013–57475.

Due to the prevalence of potentially contaminated land reuse sites such as brownfields, ATSDR is partnering with NEHA to build capacity among health agency staff to characterize certification course participants (e.g. by job title) and to summarize their

functions of the agency, including whether the information will have practical utility;
(b) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
(c) Enhance the quality, utility, and clarity of the information to be collected;
(d) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses; and
(e) Assess information collection costs.
