FOR FURTHER INFORMATION CONTACT: Gina Kouba, Office of Policy and Program Development, Food Safety and Inspection Service, USDA, 1400 Independence Avenue SW, Room 6065, South Building, Washington, DC 20250-3700; (202) 720-5627.

SUPPLEMENTARY INFORMATION:

Title: Import of Udenatured Inedible Product and Samples for Laboratory Examination, Research, Evaluative Testing, or Trade Show Exhibition.

OMB Control Number: 0583-0161.

Expiration Date: 09/30/2019.

Type of Request: Revision to an approved information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18, 2.53) as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*) and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, *et seq.*). These statutes mandate that FSIS protect the public by verifying that meat, poultry, and egg products are safe, wholesome,

unadulterated, and properly labeled and packaged.

FSIS is requesting a revision to the approved information collection regarding the importation of undenatured inedible products. FSIS uses the forms in this information collection to identify and keep track of product not subject to FSIS import reinspection requirements. The approval for this information collection will expire on September 30, 2019. FSIS is adding to this collection a form for samples of this product taken for laboratory examination, research, evaluative testing, or trade show exhibition, to ensure this product is not distributed in commerce. The Agency has increased the burden estimate by 23,263 hours due to updated information and the addition of this form.

Undenatured inedible meat and egg products may be imported into the United States if they meet the requirements of FSIS's regulations (9 CFR 325.11(e) and 590.45(d)). Additionally, foreign governments are to petition FSIS for approval to import undenatured inedible egg products into the United States (9 CFR 590.45(d)).

Firms complete FSIS Form 9540-4, "Permit Holder—Importation of Undenatured Inedible Product" for the undenatured inedible product that they are importing into the United States. FSIS uses the information on the Form 9540-4 to keep track of the movement of imported undenatured inedible meat and egg products.

Additionally, meat, poultry, and egg product samples destined for laboratory examination, research, evaluative testing, or trade show exhibition are not subject to FSIS import reinspection requirements. Firms will be required to complete FSIS Form 9540-5, "Notification of Intent to Import Meat, Poultry, Or Egg Products 'Samples for Laboratory Examination, Research, Evaluative Testing or Trade Show Exhibition'" to ensure that samples imported into the United States are not mixed with product that will be sold or distributed in commerce. (9 CFR 327.19, and 381.207, and 590.960).

FSIS has made the following estimates based upon an information collection assessment:

Respondents: Importers.

Estimate of Burden: FSIS estimates that it will take respondents an average of 115 hours annually to complete and submit these forms to FSIS.

Estimated Number of Respondents: 209.

Estimated Number of Annual Responses per Respondent: 360.

Estimated Total Annual Burden on Respondents: 23,930 hours.

Copies of this information collection assessment can be obtained from Gina Kouba, Office of Policy and Program Development, Food Safety and Inspection Service, USDA, 1400 Independence Avenue SW, Room 6065, South Building, Washington, DC 20250-3700; (202) 720-5627.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of FSIS's functions, including whether the information will have practical utility; (b) the accuracy of FSIS's estimate of the burden of the proposed collection of information, including the validity of the method and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology. Comments may be sent to both FSIS, at the addresses provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20253.

Responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.
