SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Bureau of Justice Statistics, including whether the information will have practical utility;

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Reinstatement, with change, of a previously approved collection for which approval has expired.

(2) *The Title of the Form/Collection:* Census of State and Federal Adult Correctional Facilities.

(3) *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* The form number for this collection for confinement facilities is CJ-43A and for community-based facilities CJ-43B. The applicable component within the Department of Justice is the Bureau of Justice Statistics (Corrections Unit), in the Office of Justice Programs.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* *Primary:* State departments of corrections (DOCs) and the Federal Bureau of Prisons (BOP). *Others:* Various local authorities and private entities for which primary respondents cannot provide facility-level data.

The affected public consists of approximately 451 respondents, including 51 central state DOC and BOP reporters and an estimated 400 reporters for locally- or privately-operated facilities primarily housing prisoners for state or BOP authorities. BJS will

attempt to identify central reporters for private facilities operated by the same company. If successful, the overall number of respondents will be reduced.

The Census of State and Federal Adult Correctional Facilities (CCF) is part of the larger Bureau of Justice Statistics' (BJS) portfolio of establishment surveys that inform the nation on the characteristics of adult correctional facilities and persons sentenced to state and federal prisons. The CCF collects data at the facility level. Data obtained are intended to describe the characteristics of confinement and community-based adult correctional facilities that are (1) operated by state and BOP authorities or (2) operated by local authorities or private entities under contract to state or BOP authorities. The data collected inform issues related to the operations of facilities and the conditions of confinement, including facility capacity and crowding, safety and security within prisons, staff workload, overall facility function, programming, work assignments, and special housing. All data are submitted on a voluntary basis. Deviating from the one form administered in 2005, the 2019 CCF will consist of two forms— one for confinement facilities and one for community-based facilities. Consistent with the most recent iteration of the CCF in 2005, BJS plans to collect the following data on each confinement facility eligible for the census with the reference date of June 30, 2019:

- Type of authority operating facility
- Whether the facility is authorized to house males, females, or both males and females
- Physical-security level of the facility
- Functions of the facility
- Whether or not the facility has a designated geriatric or hospice unit
- Percentage of prisoners permitted to leave the facility unaccompanied
- Rated or design capacity of the facility
- Whether or not the facility operated under a state or federal court order or consent decree that limited the number of prisoners it could house
- Whether or not the facility operated under a state or federal court order or consent decree for specific conditions of confinement
- Year that state or federal court order or consent decree took effect
- Number of prisoners on the reference date
- Number of male and female prisoners under the age of 18 on the reference date
- Number of prisoners by racial category on the reference date
