

Woolly seablite (*Suaeda taxifolia*)

There are 17 City of Rancho Palos Verdes projects/activities and 5 private projects/activities proposed to be covered by the ITP. The City of Rancho Palos Verdes projects/activities include landslide abatement, drainage improvement, dewatering wells, road and canyon repairs, fuel modification, and maintenance; private projects/activities include development, remedial grading, and fuel modification. Public use is also identified as a conditionally allowable use. Potential impacts to covered species include disruption of normal behavior by covered projects/activities and injury or death due to construction activities. The City of RPV NCCP/HCP provides a comprehensive approach to the conservation and management of these species and their habitat within the plan area.

The plan area includes the entire boundary of the City of Rancho Palos Verdes. The plan area is constant for all of the alternatives analyzed in the draft EA. The City of RPV NCCP/HCP quantifies the expected loss of habitat and the proposed mitigation, including management and monitoring of the preserve.

Alternatives

We considered five alternatives in the draft EA: (1) No Action Alternative; (2) Alternative A, Peninsula NCCP Working Group Alternative; (3) Alternative B, Landowner Alternative; (4) Alternative C, The City of Rancho Palos Verdes' Alternative; and (5) Alternative D, The Proposed Action.

Under the No Action Alternative, the City of RPV NCCP/HCP would not move forward for approval and an ITP would not be issued. All projects/activities proposed in the City of RPV NCCP/HCP would continue to be reviewed in accordance with existing State land use and environmental regulations. Alternative A was developed by the working group, which consisted of stakeholders within the City of Rancho Palos Verdes, and included the largest preserve area, totaling about 1,559.1 acres. Alternative B was developed by the major landowners in 1999 and proposed the smallest preserve area of all of the alternatives. Alternative C was developed by the City of Rancho Palos Verdes and was a compromise of Alternative A and B. The preserve size under Alternative C is slightly larger than that under the Proposed Action (Alternative D), but the total amount of coastal sage scrub habitat under Alternative C is slightly lower than that in the Proposed Action (Alternative D).

The Proposed Action (Alternative D) is the same as Alternative C, with the following exceptions: (1) A 27.0-acre parcel in the Upper Filiorum property has been removed from the preserve and is now identified as a covered project, including the associated dedication of 30 acres of functional and connected habitat; (2) 40.0 acres of a former archery range property have been removed from the preserve due to landslide and legal constraints; and (3) 61.5 acres of Malaga Canyon have been purchased by the City of Rancho Palos Verdes and have been incorporated into the preserve. The preserve in Alternative D totals 1,402.4 acres.

Request for Comments

Consistent with section 10(c) of the ESA, we invite your submission of written comments, data, or arguments with respect to the City of Rancho Palos Verdes' permit application, the City of RPV NCCP/HCP, and proposed permitting decision.

Public Availability of Comments

Written comments we receive become part of the public record associated with this action. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may request in your comment that we withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public disclosure in their entirety.

Next Steps

Issuance of an incidental take permit is a Federal proposed action subject to compliance with NEPA. We will evaluate the application, associated documents, and any public comments we receive to determine whether the application meets the requirements of section 10(a) of the ESA. If we determine that those requirements are met, we will issue a permit to the applicant for the incidental take of the covered species. We will make our final permit decision no sooner than 30 days after the public comment period closes.

Authority

We provide this notice under section 10(c) of the ESA (16 U.S.C. 1531 *et seq.*)

and its implementing regulations (50 CFR 17.22 and 17.32) and NEPA (42 U.S.C. 4321 *et seq.*) and its implementing regulations (40 CFR 1506.6).

Scott Sobiech,

Acting Field Supervisor, Carlsbad Fish and Wildlife Office, Carlsbad, California.

and Approval; Loan Guarantee,
Insurance and Interest Subsidy
Program**

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, Bureau of Indian Affairs (BIA) are proposing to renew an information collection with revisions.

DATES: Interested persons are invited to submit comments on or before May 6, 2019.

ADDRESSES: Send written comments on this information collection request (ICR) to the Office of Management and Budget's Desk Officer for the Department of the Interior by email at OIRA_Submission@omb.eop.gov; or via facsimile to (202) 395-5806. Please provide a copy of your comments to James R. West, Office of Indian Energy and Economic Development, U.S. Department of the Interior, 1849 C Street NW, MIB 4138, Washington, DC 20240; email: Jamesr.west@bia.gov. Please reference OMB Control Number 1076-0020 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact James R. West by telephone at (202) 595-4766. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised,

and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on September 7, 2018 (83 FR 45461). No comments were received.

We are again soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the BIA; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the BIA enhance the quality, utility, and clarity of the information to be collected; and (5) how might the BIA minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: Submission of this information allows the Office of Indian Energy and Economic Development (IEED) to implement the Loan Guarantee, Insurance, and Interest Subsidy Program, 25 U.S.C. 1451 *et seq.*, the purpose of which is to encourage private lending to individual Indians and Indian organizations by providing lenders with loan guarantees or loan insurance to reduce their potential risk. The information collection allows IEED to determine the eligibility and credit-worthiness of respondents and loans and otherwise ensure compliance with Program requirements. This information collection includes the use of several forms. A response is required to obtain and/or retain a benefit.
