

surrounding the respective island(s). For each FMP, the actions considered would incorporate existing management measures such as seasonal and area closures and revise other measures such as the species to be managed, stock/stock complex composition, management reference points, accountability measures, description of essential fish habitat for stocks new to Federal management, and updated framework procedures, as deemed necessary by the Council.

NMFS has reassessed the actions in each FMP relative to NEPA and its requirements and has preliminarily determined that the proposed actions would not significantly affect the quality of the human environment and that draft EISs were not required. As a result of this determination, NMFS, in collaboration with the Council, will develop a draft EA for each new FMP rather than proceeding with the development of draft EISs. The Council held public hearings to discuss the actions included in each FMP in Puerto Rico on April 1–3, 2019, in St. Thomas on April 3, 2019, and in St. Croix on April 4, 2019 (84 FR 9099, March 13, 2019), and will also take public comment on the document at the April 2019 Council meeting in San Juan, Puerto Rico. Exact dates, times, and locations of any future public hearings will be announced by the Council and will be posted to their website at: <https://www.caribbeanfmc.com/meeting-documents>.

NMFS will announce, through a document published in the **Federal Register**, all public comment periods on the final FMPs, their proposed implementing regulations, and the availability of the associated EAs. NMFS will consider all public comments received, whether they are on the final FMP, the proposed regulations, or the EA, prior to final agency action.

- *Mail:* Christopher Kirkpatrick, Secretary of the Commission, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street NW, Washington, DC 20581.

- *Hand Delivery/Courier:* Same as Mail above.

Please submit your comments using only one method. All comments must be submitted in English, or if not, accompanied by an English translation. Comments will be posted as received to <http://www.cftc.gov>.

FOR FURTHER INFORMATION CONTACT:

Jonathan Lave, Associate Director, Division of Market Oversight, Commodity Futures Trading Commission, (202) 418-5983; email: jlave@cftc.gov.

SUPPLEMENTARY INFORMATION: Under the PRA, Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. "Collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the CFTC is publishing

notice of the proposed collection of information listed below.

Title: Large Trader Reports (OMB Control No. 3038-0009). This is a request for extension of a currently approved information collection.

Abstract: The reporting rules covered by OMB control number 3038-0009 ("the Collection") are structured to ensure that the Commission receives adequate information to carry out its market and financial surveillance programs. The market surveillance programs analyze market information to detect and prevent market disruptions and enforce speculative position limits. The financial surveillance programs combine market information with financial data to assess the financial risks presented by large customer positions to Commission registrants and clearing organizations.

The reporting rules are implemented by the Commission partly pursuant to the authority of Sections 4a, 4c(b), 4g, and 4i of the Commodity Exchange Act. Section 4a of the Act permits the Commission to set, approve exchange-set, and enforce speculative position limits. Section 4c(b) of the Act gives the Commission plenary authority to regulate transactions that involve commodity options. Section 4g of the Act imposes reporting and recordkeeping obligations on registered entities and registrants (including futures commission merchants (FCMs), introducing brokers, floor brokers, or floor traders), and requires each registrant to file such reports as the Commission may require on proprietary and customer positions executed on any board of trade in the United States or elsewhere. Lastly, section 4i of the Act requires the filing of such reports as the Commission may require when positions made or obtained on designated contract markets or derivatives transaction execution facilities equal or exceed Commission-set levels.

With respect to the following collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;

- The accuracy of the Commission's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and

- Ways to minimize the burden of collection of information on those who

are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.*, permitting electronic submission of responses.

You should submit only information that you wish to make available publicly. If you wish the Commission to consider information that you believe is exempt from disclosure under the Freedom of Information Act, a petition for confidential treatment of the exempt information may be submitted according to the procedures established in § 145.9 of the Commission's regulations.¹

The Commission reserves the right, but shall have no obligation, to review, pre-screen, filter, redact, refuse or remove any or all of your submission from <http://www.cftc.gov> that it may deem to be inappropriate for publication, such as obscene language. All submissions that have been redacted or removed that contain comments on the merits of the ICR will be retained in the public comment file and will be considered as required under the Administrative Procedure Act and other applicable laws, and may be accessible under the Freedom of Information Act.

Burden Statement: The respondent burden for this collection is estimated to be 0.26 hour per response, on average. These estimates include the time to locate the information related to the exemptions and to file necessary exemption paperwork. There are approximately 74,418 responses annually, thus the estimated total annual burden on respondents is 19,676 hours.

Respondents/Affected Entities: Large Traders, Clearing Members, Contract Markets, and other entities affected by Commission regulations 16.00 and 17.00 as well as Parts 19 and 21.

Estimated number of respondents: 480.

Estimated total annual burden on respondents: 19,676 hours.

Frequency of collection: Periodically.

There are no capital costs or operating and maintenance costs associated with this collection.

(Authority: 44 U.S.C. 3501 *et seq.*)

Dated: April 3, 2019.

Robert Sidman,

Deputy Secretary of the Commission.

Title: Conflicts of Interest Policies and Procedures by Futures Commission Merchants and Introducing Brokers (OMB Control No. 3038-0078). This is a request for an extension of a currently approved information collection.

Abstract: On April 3, 2012, the Commission adopted Commission regulation 1.71 (Conflicts of interest policies and procedures by futures commission merchants and introducing brokers)² pursuant to section 4d(c)³ of the Commodity Exchange Act ("CEA"). Commission regulation 1.71 requires generally that, among other things, futures commission merchants ("FCM")⁴ and introducing brokers ("IB")⁵ develop conflicts of interest procedures and disclosures, adopt and implement written policies and procedures reasonably designed to ensure compliance with their conflicts of interest and disclosure obligations, and maintain specified records related to those requirements.⁶ The Commission believes that the information collection obligations imposed by Commission Regulation 1.71 are essential (i) to ensuring that FCMs and IBs develop and maintain the conflicts of interest systems, procedures and disclosures required by the CEA, and Commission regulations, and (ii) to the effective evaluation of these
