The primary purpose of the meeting is to review recent information on take of species listed under the Endangered Species Act in the Pacific Coast groundfish fishery (other than salmonids). The workgroup will provide recommendations to the Council on any additional mitigation measures needed to meet the requirements of the Act, as implemented through the terms and conditions in the most recent biological opinions for the fishery.

Although non-emergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of

the intent to take final action to address the emergency.
