in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

Additionally, the Exchange believes the proposed rule change is consistent with Section 6(b)(4) of the Act,\(^9\) which requires that Exchange rules provide for the equitable allocation of reasonable dues, fees, and other charges among its Members, Participants, or Others.

In addition, the Exchange believes the proposed rule change will not cause an unnecessary burden on intermarket competition because the Qualifying Classes are products that only trade on Cboe Options market participants at other exchanges, such market participants are welcome to become Cboe Options market participants.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Modify the Supplemental Liquidity Provider Provide Tier 1 Credit for Securities Traded Pursuant to Unlisted Trading Privileges

April 10, 2019.

Pursuant to Section 19(b)(1)1 of the Securities Exchange Act of 1934 (the “Act”)2 and Rule 19b–4 thereunder,3 notice is hereby given that, on March 29, 2019, New York Stock Exchange LLC (“NYSE” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II, below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its Price List to modify the Supplemental Liquidity Provider (“SLP”) Provide Tier 1 credit for securities traded pursuant to United [sic] Trading Privileges (“UTP”). The Exchange proposes to implement these changes to its Price List effective April 1, 2019. The proposed rule change is available on the Exchange’s website at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Price List to modify the SLP Provide Tier 1 credit for UTP securities. The Exchange proposes to implement these changes to its Price List effective April 1, 2019.

Proposed Rule Change

Currently, the Exchange offers tiered rates for displayed and non-displayed orders by SLPs that add liquidity to the Exchange in UTP Securities priced at or above $1.00. Specifically, SLP Provide Tier 1 provides a $0.0032 per share credit per tape in an assigned UTP Security for SLPs adding displayed liquidity to the Exchange and a $0.0025 per share credit if the SLP meets the 10% average or more quoting requirement in an assigned UTP Security pursuant to Rule 107B.4 For SLPs meeting these requirements, the Exchange proposes to lower the applicable credit to $0.0031 per share credit per tape.

* * * * *

The proposed changes are not otherwise intended to address any other issues, and the Exchange is not aware of any problems that member organizations would have in complying with the proposed change.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,5 in general, and further the objectives of Sections 6(b)(4) and 6(b)(5) of the Act,6 in particular, because it provides for the equitable allocation of reasonable dues, fees, and other charges among its members, issuers and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers or dealers.

The Exchange believes the proposed lower Tier 1 credit for SLPs adding displayed liquidity to the Exchange is reasonable, equitable and not unfairly discriminatory because the proposed credit remains in line with the credits that member organizations currently credits SLPs for adding displayed and non-displayed liquidity in Tape A securities.7 The Exchange notes that SLPs qualifying for the Tier 1 Adding Credit in UTP securities in both Tapes B and C on the Pillar Trading Platform would also be eligible for a lower adding liquidity requirement of 0.75% for SLP Tier 1 in Tape A. The Exchange further notes that SLPs that currently meet Tier 1 in both Tape B and Tape C receive a credit of $0.00005 per share in addition to the Tape A SLP credit in Tape A assigned securities where the SLP meets the 10% quoting requirement pursuant to Rule 107B.

The Exchange believes that it is subject to significant competitive forces, as described below in the Exchange’s
