4. Rj Shon Products (SZ) Ltd.

All requests for administrative review were timely withdrawn with regard to 217 companies (listed in Appendix II to this notice), leaving 26 companies subject to the administrative review.3 On December 3, 2018, we selected Cosco (J.M.) Aluminum Co., Ltd. (Cosco) as the sole producer or exporter eligible for individual examination as a mandatory respondent in this administrative review. For a complete description of the events that followed the initiation of this administrative review, see the Preliminary Decision Memorandum.5 The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s AD and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at https://access.trade.gov, and to all parties in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the internet at https://enforcement.trade.gov/frn/. The signed Preliminary Decision Memorandum are identical in content. A list of topics included in the Preliminary Decision Memorandum is included as Appendix I to this notice.

Commerce exercised its discretion to toll all deadlines affected by the partial federal government closure from December 22, 2018, through the resumption of operations on January 29, 2019. If the new deadline falls on a non-business day, in accordance with Commerce’s practice, the deadline will become the next business day. On March 11, 2019, we extended the deadline for the preliminary results by 30 days.7 The revised deadline for the preliminary results of this review is now April 11, 2019.

Scope of the Order

The merchandise covered by the Order is aluminum extrusions which are shapes and forms, produced by an extrusion process, made from aluminum alloys having metallic elements corresponding to the alloy series designations published by the Aluminum Association commencing with the numbers 1, 3, and 6 (or proprietary equivalents or other certifying body equivalents).8

In addition, fin evaporator coils may be classifiable under HTSUS numbers: 8418.99.80.50 and 8418.99.80.60. While HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this Order is dispositive.

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act). For a full description of the methodology underlying our preliminary results of review, see the Preliminary Decision Memorandum.

Recission of Administrative Review, in Part

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the party or parties that requested a review withdraws the request within 90 days of the publication date of the notice of initiation of the requested review. As noted above, all requests for administrative review were timely withdrawn for certain companies. Therefore, in accordance with 19 CFR 351.213(d)(1), we are rescinding this administrative review with respect to 217 of the 243 companies named in the Initiation Notice. See Appendix II for a list of these companies.

Separate Rates

In the Initiation Notice, we informed parties of the opportunity to request a separate rate. In proceedings involving non-market economy (NME) countries, Commerce begins with a rebuttable presumption that all companies within the NME country are subject to government control and, thus, should be assigned a single weighted-average dumping margin. It is Commerce’s policy to assign all exporters of merchandise subject to an administrative review involving an NME country this single rate unless an exporter can demonstrate that it is sufficiently independent so as to be entitled to a separate rate. Companies that wanted to qualify for separate rate status in this administrative review were required to timely file, as appropriate, a separate rate application (SRA) or a separate rate certification (SRC) to demonstrate their eligibility for a separate rate. SRAs and SRCs were due to Commerce within 30 calendar days of the publication of the Initiation Notice.

Of the 26 companies for which an administrative review was requested, and not withdrawn, Cosco submitted SRAs. Cosco did not respond to Commerce’s antidumping questionnaire; consequently, we preliminarily find that Cosco is ineligible for separate rate status. Additionally we preliminarily find that Houzet’s SRA was deficient and that the company has not established its eligibility for a separate rate; for a more detailed explanation of the deficiency, see the Preliminary Decision Memorandum.

Of the remaining 24 companies for which a review remains in place, none submitted an SRA, SRC, or certification of no shipments. We, therefore, preliminarily determine that the following companies have not demonstrated eligibility for a separate rate in this administrative review: (1) Activa International Inc.; (2) Belton (Asia) Development Ltd.; (3) Belton (Asia) Development Limited; (4) Changzhou Changzhen Evaporator Co., Ltd.; (5) Changzhou Changzhen Evaporator Co., Ltd.; (6) Changzhou Tenglong Auto Parts Co., Ltd.; (7) Changzhou Tenglong Auto Accessories Manufacturing Co. Ltd; (8) Changzhou Tenglong Auto Parts Co Ltd; (9) China Square; (10) China Square Industrial Co.; (11) China Square Industrial Ltd; (12) Cosco; (13) Cosco (JM) Aluminum Development Co. Ltd; (14) Dynamic Technologies China; (15) ETLA Technology (Wuxi) Co. Ltd; (16) Foshan Shanshui Fenglu Aluminum Co., Ltd.; (17) Global Hi-Tek Precision Co. Ltd; (18) Houzetk; (19) Jiangho Curtain Wall Hong Kong Ltd.; (20) Kromet International Inc.; (21) Kromet Intl Inc; (22) Kromet International; (23) Kunshan Giant Light Metal Technology Co., Ltd.; (24) Precision Metal Works Ltd.; (25) Sihui Shi Guo Yao Aluminum Co., Ltd.; and (26) Summit Heat Sinks Metal Co., Ltd.

China-Wide Entity

We preliminarily find that the 26 companies listed above are part of the China-wide entity in this administrative review because 24 of the companies failed to submit a valid SRA, SRC, or certification of no shipments. Houzetk did not submit a valid SRA, and Cosco failed to respond to Commerce’s antidumping questionnaire after being selected as a mandatory respondent.

Commerce’s policy regarding conditional review of the China-wide entity applies to this administrative review. Under this policy, the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the entity. Because no party requested a review of the China-wide entity in the instant review, the entity is not under review, and the entity’s current rate, i.e., 86.01 percent, is not subject to change.

14 See Initiation Notice, 83 FR at 32272 (“For exporters and producers who submit a separate-rate status application or certification and subsequently are selected as mandatory respondents, these exporters and producers will no longer be eligible for separate rate status unless they respond to all parts of the questionnaire as mandatory respondents.”).
Adjustments for Countervailable Subsidies

Because no company established eligibility for an adjustment under section 777A(f) of the Act for countervailable domestic subsidies, for these preliminary results, Commerce did not make an adjustment pursuant to section 777A(f) of the Act for countervailable domestic subsidies for separate-rate recipients. Furthermore, because the China-wide entity is not under review, we made no adjustment for countervailable export subsidies for the China-wide entity pursuant to section 772(c)(1)(C) of the Act.

Disclosure and Public Comment

Normally, Commerce discloses to interested parties the calculations performed in connection with the preliminary results within five days of the public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). However, because Commerce did not calculate weighted-average dumping margins for any companies in this review, nor for the China-wide entity, there is nothing further to disclose.

Interested parties may submit case briefs no later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed no later than five days after the case briefs are filed. Parties who submit case or rebuttal briefs in this review are requested to submit with each argument (a) a statement of the issue, (b) a brief summary of the argument, and (c) a table of authorities.

Any interested party may request a hearing within 30 days of publication of this notice. Hearing requests should contain the following information: (1) The party’s name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. Oral presentations at the hearing will be limited to issues raised in the case and rebuttal briefs. If a request for a hearing is made, parties will be notified of the time and date for the hearing to be held at the U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

All submissions, with limited exceptions, must be filed electronically using ACCESS. An electronically filed document must be received successfully in its entirety by Commerce’s electronic records system, ACCESS, by 5 p.m. Eastern Time (ET) on the due date. Documents excepted from the electronic submission requirements must be filed manually (i.e., in paper form) with the APO/Dockets Unit in Room 18022 and stamped with the date and time of receipt by 5 p.m. ET on the due date.

Unless otherwise extended, Commerce intends to issue the final results of this administrative review, which will include the results of our analysis of all issues raised in any briefs received, within 120 days of publication of these preliminary results in the Federal Register, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results of this review, Commerce will determine, and CBP shall assess, AD duties on all appropriate entries covered by this review. Commerce intends to issue assessment instructions to CBP 15 days after publication of the final results of this review.

We intend to instruct CBP to liquidate entries containing subject merchandise exported by the China-wide entity at the China-wide rate. Additionally, if Commerce determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter’s case number will be liquidated at the China-wide rate.

For the companies for which this review is rescinded, AD duties shall be assessed at rates equal to the cash deposit rate.

Cash Deposit Requirements

The following cash deposit requirements for estimated AD duties, when imposed, will apply to all shipments of subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act:

1. If the companies preliminarily determined to be eligible for a separate rate receive a separate rate in the final results of this administrative review, their cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review, as adjusted for domestic and export subsidies (except, if that rate is de minimis, then the cash deposit rate will be zero); (2) for any previously investigated or reviewed Chinese and non-Chinese exporters that are not under review in this segment of the proceeding but that received a separate rate in the most recently completed segment of this proceeding, the cash deposit rate will continue to be the exporter-specific rate published for the most recently completed segment of this proceeding; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be that for the China-wide entity; (4) for the China-wide entity, the cash deposit rate will be 86.01 percent; and (5) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter.

These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of AD duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of AD duties occurred and the subsequent assessment of double AD duties.

Notification to Interested Parties

We are issuing and publishing notice of these preliminary results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).

Gary Taverman,
Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

DEPARTMENT OF COMMERCE

International Trade Administration

[A–570–958]

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is rescinding the administrative review of the antidumping duty order on certain coated paper suitable for high-quality print graphics using sheet-fed presses (coated paper) from the People’s Republic of China (China) for the period November 1, 2017, through October 31, 2018.

DATES: Applicable April 16, 2019.

SUPPLEMENTARY INFORMATION:

Background

On November 1, 2018, Commerce published a notice of opportunity to request an administrative review of the antidumping duty order on coated paper from China.\(^1\) On November 30, 2018, Commerce received timely requests to conduct an administrative review of the antidumping duty order on coated paper from China from Verso Corporation, Sappi North America, Inc., and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL–CIO, CLC (collectively, the petitioners).\(^2\) Based on this request, on February 6, 2019, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), Commerce published in the Federal Register a notice of initiation of an administrative review covering the period November 1, 2017, through October 31, 2018 covering 15 producers/exporters.\(^3\) In the Initiation Notice, we noted that the deadline for parties to withdraw requests for administrative review was 90 days from the publication of the instant notice, i.e., May 7, 2019. On March 29, 2019, the petitioners timely submitted a request to withdraw its request for administrative review with respect to all companies identified in the Initiation Notice.\(^4\)

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if the party or parties who requested the review withdraw(s) the request within 90 days.

\(^1\) See Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation: Opportunity to Request Administrative Review, 83 FR 54912 (November 1, 2018).
