

Total estimated burden: 1,880 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$380,000 (per year), which includes \$165,000 in annualized capital/startup and/or operation & maintenance costs.

Changes in the Estimates: There is no change in burden for this ICR compared to the previous ICR. This situation is due to two considerations: (1) The regulations have not changed over the past three years and are not anticipated to change over the next three years; and (2) the growth rate for the industry is very low, negative or non-existent, so there is no significant change in the overall burden.

Courtney Kerwin,

Director, Regulatory Support Division.

Proposal Under OMB Delegated Authority To Extend for Three Years, Without Revision, the Following Information Collection

Report title: Senior Credit Officer Opinion Survey on Dealer Financing Terms.

Agency form number: FR 2034.

OMB control number: 7100–0325.

Frequency: Quarterly.

Respondents: U.S. financial institutions and U.S. branches and agencies of foreign banks.

Estimated number of respondents: 25.

Estimated average hours per response: 5.

Estimated annual burden hours: 500.

General description of report: This survey collects qualitative and limited quantitative information from senior credit officers at responding financial institutions on (1) stringency of credit terms, (2) credit availability and demand across the entire range of securities financing and over-the-counter derivatives transactions, and (3) the evolution of market conditions and conventions applicable to such activities. Given the Board's interest in financial stability, the information this survey collects is critical to the monitoring of credit markets and capital market activity. Information from the survey is also considered by the Federal Open Market Committee (FOMC) as it sets monetary policy. Aggregate survey results are made available to the public on the Board's website.¹ In addition, selected aggregate survey results may be discussed in Governors' speeches and may be published in *Federal Reserve Bulletin* articles and in the semi-annual Monetary Policy Report to the Congress.

Legal authorization and confidentiality: The FR 2034 is authorized pursuant to sections 2A and 12A of the Federal Reserve Act ("FRA"). Section 2A of the FRA requires that the Board and the FOMC maintain long-run growth of the monetary and credit aggregates commensurate with the economy's long run potential to increase production, so as to promote effectively the goals of maximum employment, stable prices, and moderate long-term interest rates (12 U.S.C. 225a). Under section 12A of the FRA, the FOMC is required to implement regulations

relating to the open market operations conducted by Federal Reserve Banks. Those transactions must be governed with a view to accommodating commerce and business and with regard to their bearing upon the general credit situation of the country (12 U.S.C. 263). The Board and the FOMC use the information obtained from the FR 2034 to help fulfill these obligations. The FR 2034 is voluntary. Information collected on the FR 2034 is granted confidential treatment under exemption (b)(4) of the Freedom of Information Act, 5 U.S.C. 552(b)(4), which protects from disclosure "trade secrets and commercial or financial information obtained from a person and privileged or confidential."

Board of Governors of the Federal Reserve System, April 12, 2019.

Michele Taylor Fennell,

Assistant Secretary of the Board.
