SUPPLEMENTARY INFORMATION: On June 15, 1984, OMB delegated to the Board authority under the PRA to approve and assign OMB control numbers to collection of information requests and

requirements conducted or sponsored by the Board. In exercising this delegated authority, the Board is directed to take every reasonable step to solicit comment. In determining whether to approve a collection of information, the Board will consider all comments received from the public and other agencies.

Request for Comment on Information Collection Proposal

The Board invites public comment on the following information collection, which is being reviewed under authority delegated by the OMB under the PRA. Comments are invited on the following:

a. Whether the proposed collection of information is necessary for the proper performance of the Board's functions, including whether the information has practical utility;

b. The accuracy of the Board's estimate of the burden of the proposed information collection, including the validity of the methodology and assumptions used;

c. Ways to enhance the quality, utility, and clarity of the information to be collected;

d. Ways to minimize the burden of information collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

e. Estimates of capital or startup costs and costs of operation, maintenance, and purchase of services to provide information.

At the end of the comment period, the comments and recommendations received will be analyzed to determine the extent to which the Board should modify the proposal.

Proposal Under OMB Delegated Authority To Extend for Three Years, Without Revision, the Following Information Collection

Report title: Written Security Program for State Member Banks.

Agency form number: FR 4004.

OMB control number: 7100-0112.

Frequency: On occasion.

Respondents: State member banks.

Estimated number of respondents: 26.

Estimated average hours per response: 1 hour.

Estimated annual burden hours: 26.

General description of report: This information collection arises from a recordkeeping requirement contained in section 208.61 of the Board's Regulation H, which requires each state member bank to develop and maintain a written security program for the bank's main office and branches within 180 days of becoming a member of the Federal

Reserve System. There is no formal reporting form for this collection of information (the FR 4004 designation is for internal purposes only), and the information is not submitted to the Federal Reserve System.

Legal authorization and confidentiality: The FR 4004 recordkeeping requirement is authorized by section 3 of the Bank Protection Act of 1968, which requires federal banking agencies to issue rules establishing minimum standards for banks with respect to the installation, maintenance, and operation of security devices and procedures to discourage robberies, burglaries, and larcenies and to assist in the identification and apprehension of persons who commit such acts.¹

The FR 4004 is mandatory. Because there is no reporting requirement associated with this recordkeeping requirement, the issue of confidentiality does not normally arise. If a bank's written security program were retained during the course of an examination, it would be exempt from disclosure under exemption 8 of the Freedom of Information Act ("FOIA"), which protects bank examination material.² In addition, the records may also be exempt from disclosure under exemption 4 of the FOIA, which protects from disclosure "trade secrets and commercial or financial information obtained from a person and privileged or confidential."³

Board of Governors of the Federal Reserve System, April 16, 2019.

Yao-Chin Chao,

Assistant Secretary of the Board.

BILLING CODE 6210-01-P

FEDERAL TRADE COMMISSION

Privacy Act of 1974; System of Records

AGENCY: Federal Trade Commission (FTC).

ACTION: Notice of modified systems of records.

SUMMARY: The FTC is making technical revisions to several of the notices that it has published under the Privacy Act of 1974 to describe its systems of records. This action is intended to make these notices clearer, more accurate, and up-to-date.

DATES: This notice shall become final and effective on April 19, 2019.

¹ 12 U.S.C. 1882(a).

² 5 U.S.C. 552(b)(8).

³ 12 U.S.C. 552(b)(4).

FOR FURTHER INFORMATION CONTACT: G. Richard Gold and Alex Tang, Attorneys, Office of the General Counsel, FTC, 600 Pennsylvania Avenue NW, Washington, DC 20580, (202) 326–2424.

SUPPLEMENTARY INFORMATION: To inform the public, the FTC publishes in the *Federal Register* and posts on its website a “system of records notice” (SORN) for each system of records that the FTC currently maintains within the meaning of the Privacy Act of 1974, as amended, 5 U.S.C. 552a (“Privacy Act” or “Act”). See <https://www.ftc.gov/about-ftc/foia/foia-reading-rooms/privacy-act-systems>. The Privacy Act protects records about individuals in systems of records collected and maintained by Federal agencies. (A system is not a “system of records” under the Act unless the agency maintains and retrieves records in the system by the relevant individual’s name or other personally assigned identifier.) Each Federal agency, including the FTC, must publish a SORN that describes the records maintained in each of its Privacy Act systems, including the categories of individuals that the records in the system are about, where and how the agency maintains these records, and how individuals can find out whether an agency system contains any records about them or request access to such records, if any. The FTC, for example, maintains 40 systems of records under the Act. Some of these systems contain records about the FTC’s own employees, such as personnel and payroll files, while other FTC systems contain records about members of the public, such as public comments, consumer complaints, or phone numbers submitted to the FTC’s Do Not Call Registry.

The FTC’s SORNs discussed in this notice apply only to the FTC’s own Privacy Act record systems. They do not cover Privacy Act records that other Federal agencies may collect and maintain in their own systems. Likewise, the FTC’s SORNs and the Privacy Act of 1974 do not cover records that private businesses or other non-FTC entities may collect about individuals, which may be covered by other privacy laws.

On June 12, 2008, the FTC republished and updated all of its SORNs, describing all of the agency’s systems of records covered by the Privacy Act in a single document for ease of use and reference. See 73 FR 33592. To ensure the SORNs remain accurate, FTC staff reviews each SORN on a periodic basis. As a result of this systematic review, the FTC made

revisions to several of its SORNs on April 17, 2009 (74 FR 17863), August 27, 2010 (75 FR 52749), February 23, 2015 (80 FR 9460), November 2, 2017 (82 FR 50871), and November 6, 2018 (83 FR 55541).

Based on a periodic review of its SORNs, the FTC is publishing these additional technical revisions, to ensure that the FTC’s SORNs remain clear, accurate, and up-to-date:

- First, the FTC is amending several SORNs to clarify or update information about the applicable records disposition schedules published or approved by the National Archives and Records Administration (NARA), which determine how long agency records in each system should be retained and destroyed.
- Second, the FTC is amending several SORNs applicable to FTC personnel-related records to conform more closely to the related Government-wide SORNs for Federal personnel records published by the Office of Personnel Management (OPM), and to make other technical changes (*e.g.*, updating the official title of the system manager, explaining how individuals may now access certain records online.)
- Third, after consultation with staff at the Office of Management & Budget (OMB), which provides guidance to Federal agencies on complying with the Privacy Act, the FTC is amending the above SORNs to include specific references to the **Federal Register** notices where the FTC previously published three SORN Appendices applicable to all FTC SORNs. Specifically, these Appendices, which are posted on the FTC’s website: List the authorized disclosures and routine uses applicable to all FTC systems of records (Appendix I); how an individual can make a Privacy Act request to determine if the FTC has any records about him or her and, if so, how the individual may request access to or amendment of those records in the FTC’s systems (Appendix II); and the location of FTC buildings and offices where the FTC maintains its records subject to the Act (Appendix III).

- Fourth, the FTC is republishing the full text of each of the above SORNs, incorporating the technical amendments, for the convenience of the reader and in accordance with OMB Circular A–108 (2016), which reorganized the format and content for SORNs published by Federal agencies.

The FTC is not substantively adding or amending any routine uses of its Privacy Act system records. Accordingly, the FTC is not required to provide prior public comment or notice to OMB or Congress for these technical

amendments, which are final upon publication. See U.S.C. 552a(e)(11) and 552a(r); OMB Circular A–108, *supra*.

A SORN-by-SORN summary, including a more detailed description of each SORN and how it is being amended, appears below, followed by the full text of the SORNs, as amended.

FTC-II-6 (Discrimination Complaint System—FTC). This SORN covers investigatory files and related documentation generated in EEO pre-complaint counseling and investigations at the FTC. These records also are covered by a Government-wide SORN published by the Equal Employment Opportunity Commission (EEOC), EEOC/GOVT-1 (Equal Employment Opportunity in the Federal Government Complaint and Appeal Records). See 81 FR 81116 (2016). The Commission has updated the “retention and disposal” section to include a reference to the applicable General Records Schedule that was recently approved by NARA for government-wide use.

FTC-II-12 (e-Train Learning Management System—FTC.). This SORN covers the system used by the FTC’s HCMO to track and log requests of FTC employees to attend training courses. The FTC is revising this SORN to update the “retention and disposal” section to cite the applicable General Records Schedule that was recently approved by the NARA for government-wide use. The Commission is also updating the official title of the FTC system manager. The “category of records” section of the SORN is also being amended to recognize that this system no longer maintains information about an employee’s sex or race.

III. Federal Trade Commission Financial Systems of Records

FTC-III-1 (Personnel Payroll System—FTC). This SORN, which covers payroll processing records for FTC employees, is being revised to update the “retention and disposal” section to cite the applicable General Records Schedule that was recently approved by the NARA for government-wide use. The Commission is also updating the security classification of the records, the official title of the FTC system manager, the authorities for maintaining the system, and the location of the system.

FTC Systems of Records Notices

In light of the updated SORN template set forth in the newly revised OMB Circular A-108 (2016), the FTC is reprinting the entire text of each amended SORN for the public’s benefit, to read as follows:

II. Federal Trade Commission Personnel Systems of Records**SYSTEM NAME AND NUMBER:**

General Personnel Records—FTC (FTC–II–1).

SECURITY CLASSIFICATION:

Unclassified.

SYSTEM LOCATION:

Federal Trade Commission, 600 Pennsylvania Avenue NW, Washington,

DC 20580. For other locations where records may be maintained or accessed, see Appendix III (Locations of FTC Buildings and Regional Offices), available on the FTC's website at <https://www.ftc.gov/about-ftc/foia/foia-reading-rooms/privacy-act-systems> and at 80 FR 9460, 9465 (Feb. 23, 2015).

SYSTEM MANAGER(S):

Chief Human Capital Officer, Human Capital Management Office, Federal Trade Commission, 600 Pennsylvania Avenue NW, Washington, DC 20580, email: SORNs@ftc.gov.

See OPM/GOVT–1 for information about the system manager and address for that system.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

5 U.S.C. 301, 1302, 2951, 3301, 3372, 4118, 8347; Executive Orders 9397, 9830, and 12107; and 5 CFR 293.

PURPOSE(S) OF THE SYSTEM:

The Official Personnel Folder (OPF), its approved electronic equivalent (the electronic OPF or eOPF), and other general personnel records are the official repository of the records, reports of personnel actions, and the documents required in connection with those actions effected during an employee's Federal service. The personnel action reports and other documents, some of which are filed as long term records in the OPF, give legal force and effect to personnel transactions and establish employee rights and benefits under pertinent laws and regulations governing Federal employment.

The OPF, which exists in various approved media, is maintained for the period of the employee's service in the Commission and is then transferred to the National Personnel Records Center for storage or, as appropriate, to the next employing Federal agency. Other records are either retained at the agency for various lengths of time in accordance with National Archives and Records Administration records schedules or destroyed when they have served their purpose or when the employee leaves the agency. They provide the basic source of factual data about a person's Federal employment while in the service and after his or her separation. Records in this system have various uses including: Screening qualifications of employees; determining status, eligibility, and employee's rights and benefits under pertinent laws and regulations governing Federal employment; computing length of service; and for other information needed in providing personnel services. These records and their automated or microformed

equivalents may also be used to locate individuals for personnel research.

Temporary documents on the left side of the OPF may lead (or have led) to a formal action, but do not constitute a record of it, nor make a substantial contribution to the employee's long term record.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Current Federal Trade Commission employees.

CATEGORIES OF RECORDS IN THE SYSTEM:

Each category of records may include identifying information such as name(s), date of birth, home residence, mailing address, Social Security number, and home telephone number. This system includes, but is not limited to, the contents of the Official Personnel Folder (OPF) maintained by the FTC's Human Capital Management Office (HCMO) and described in the United States Office of Personnel Management (OPM) Guide to Personnel Recordkeeping and in OPM's Government-wide system of records notice for this system, OPM/GOVT–1. (Nonduplicative personnel records maintained by FTC employee managers in other FTC offices are covered by FTC–II–2, Unofficial Personnel Records—FTC.) Records in this system (FTC–II–1) include copies of current employees' applications for employment, documentation supporting appointments and awards, benefits records (health insurance, life insurance, retirement information, and Thrift Savings Plan information), investigative process documents, personnel actions, other personnel documents, changes in filing requirements, and training documents.

Other records include:

a. Records reflecting work experience, educational level achieved, specialized education or training obtained outside of Federal service.

b. Records reflecting Federal service and documenting work experience and specialized education or training received while employed. Such records contain information about past and present positions held; grades; salaries; and duty station locations; commendations, awards, or other data reflecting special recognition of an employee's performance; and notices of all personnel actions, such as appointments, transfers, reassignments, details, promotions, demotions, reductions in force, resignations, separations, suspensions, approval of disability retirement applications, retirement and removals.

c. Records relating to participation in the Federal Employees' Group Life

Insurance Program and Federal Employees Health Benefits Program.

d. Records relating to an Intergovernmental Personnel Act assignment or Federal-private exchange program.

e. Records relating to participation in an agency Federal Executive or SES Candidate Development Program.

f. Records relating to Government-sponsored training or participation in the agency's Upward Mobility Program or other personnel programs designed to broaden an employee's work experiences and for purposes of advancement (*e.g.*, an administrative intern program).

g. Records connected with the Senior Executive Service (SES), for use in making studies and analyses of the SES, preparing reports, and in making decisions affecting incumbents of these positions, *e.g.*, relating to sabbatical leave programs, training, reassignments, and details, that are perhaps unique to the SES and which may or may not be filed in the employee's OPF. POLICIES AND PRACTICES FOR STORAGE OF RECORDS:

Records may be maintained on standard legal-size and letter-size paper, and in electronic storage media such as personnel system databases and .pdf forms.

POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:

Records are indexed by employee name and social security number.

POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

The OPF is maintained for the period of the employee's service in the agency and is then, if in a paper format, transferred to the National Personnel Records Center for storage or, as appropriate, to the next employing Federal agency. If the OPF is maintained in an electronic format, the transfer and storage is in accordance with the OPM-approved electronic system according to the most current version of OPM's Guide to Personnel Recordkeeping. Destruction of the OPF is in accordance with General Records Schedule GRS-2.2, Items 40-41.

When the individual transfers to any Federal agency or to another appointing office, the OPF is sent to that agency or office. All personnel-related medical records are covered by a separate OPM Privacy Act system of records notice, OPM/GOVT-10.

Other records. These records are retained for varying periods of time as set out by GRS-2.2.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Individuals (*i.e.*, FTC employees) and/or their survivors who file claims seeking benefits under the Federal Employees' Compensation Act (FECA) for injuries sustained by the individual while in the performance of duty. The FECA applies to all civilian Federal employees, including various classes of persons whom provide or have provided personal service to the government of the United States.

The system may also contain consumer credit reports on individuals indebted to the United States, information relating to the debtor's assets, liabilities, income and expenses, personal financial statements, correspondence to and from the debtor, information relating to the location of the debtor, and other records and reports relating to the implementation of the Federal Claims Collection Act (as amended), including investigative reports or administrative review matters. Individual records listed here are included in a claim file only insofar as they may be pertinent or applicable to the employee or beneficiary.

This system includes only claims-related records maintained by the FTC. Claims are transmitted the United States Department of Labor (DOL) for processing and adjudication. Data maintained by DOL by the Government-wide system of records notice published by DOL for its system of records, see DOL/GOVT-1 (Office of Workers' Compensation Programs, Federal Employees' Compensation Act File) or any successor DOL system notice that may be published for that system.

RECORD SOURCE CATEGORIES:

Employee claiming work-related injury; beneficiaries; witnesses; FTC supervisors, managers, and responsible FTC HCMO staff; DOL; suppliers of health care products and services and their agents and representatives, including physicians, hospitals, and clinics; consumer credit reports, etc.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

Records in this system may be:

(1) Disclosed in response to queries from Department of Labor, Office of Workers Compensation Programs, supervisors and employees about compensation claims; and

POLICIES AND PRACTICES FOR STORAGE OF RECORDS:

Maintained in file folders or temporary electronic files.

POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:

Indexed by individual's name.

POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

Records are retained and disposed of under the National Archives and Records Administration's General Records Schedule 2.4, items 100-101.

See DOL/GOVT-1 for the retention and disposal schedules that apply to claims files maintained by that agency. In general, all case files and automated data in that system pertaining to a claim are destroyed 15 years after the case file has become inactive. Case files that have been scanned to create electronic copies are destroyed after the copies are verified. Automated data are retained in their most current form only, however, and as information is updated, outdated information is deleted.

PURPOSE(S) OF THE SYSTEM:

To maintain EEO-related data about the FTC workforce; to protect and limit access to such workforce data by collecting and maintaining such data separately from certain other human resources records about employees; to provide the FTC's EEO Office with data necessary to create general statistical analyses and reports.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

FTC employees.

RECORD SOURCE CATEGORIES:

Self-identification by employee (e.g., on information collection forms completed by the employee); visual identification of employees or other personal information or knowledge used by FTC Human Resources or other staff for coding EEO-related data into the system; employee identification data from other human resources record systems (e.g., FTC–II–I, General Personnel Records–FTC).

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

Data from system records are disclosed only in aggregate, non-individually identifiable form in analyses and reports generated for use within the FTC and for reporting to Congress, the Office of Management and Budget, the Equal Employment Opportunity Commission, and the Office of Personnel Management, as required by law. POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

Records are retained and destroyed in accordance with schedules and

guidance issued or approved by the National Archives and Records Administration. See, e.g., General Records Schedule 2.3, item 35 (EEO-related employment statistics), which authorizes disposal after five years.

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:

Access is restricted to FTC personnel or contractors whose job duties require such access. Initial receipt and handling of information collection forms, as well as entry of data into computerized databases, is limited to authorized FTC individuals. Information collection forms are forwarded to and stored in lockable cabinets and offices within the FTC's EEO Office. Completed forms and system data are stored and maintained separately from other human resources records to prevent access or use by unauthorized individuals. Access to electronic records is controlled by "user ID" and password combination, and may be obtained only by written authorization of the FTC's EEO Director.
