

detailed information on the information collection, contact Ms. Kimberly Hardy, APHIS' Information Collection Coordinator, at (301) 851-2483.

**SUPPLEMENTARY INFORMATION:**

*Title:* National Animal Health Monitoring System; Swine 2020 Study.  
*OMB Control Number:* 0579-0315.

*Type of Request:* Reinstatement of an information collection.

*Abstract:* Under the Animal Health Protection Act (7 U.S.C. 8301 *et seq.*), the Secretary of Agriculture is authorized to protect the health of the livestock, poultry, and aquaculture populations in the United States by preventing the introduction and interstate spread of serious diseases and pests of livestock and for eradicating such diseases from the United States when feasible. This authority has been delegated to the Animal and Plant Health Inspection Service (APHIS).

In connection with this mission, APHIS operates the National Animal Health Monitoring System (NAHMS), which collects, on a national basis, statistically valid and scientifically sound data on the prevalence and economic importance of livestock, poultry, and aquaculture disease risk factors.

NAHMS' studies have evolved into a collaborative industry and government initiative to help determine the most effective means of preventing and controlling diseases of livestock. APHIS is the only agency responsible for collecting data on livestock health. Participation in any NAHMS study is voluntary, and all data are confidential.

APHIS plans to conduct the Swine 2020 Study as part of an ongoing series of NAHMS studies on the U.S. livestock population. This study will support the following objectives: (1) Describe current U.S. large-scale swine production practices for gestation, farrowing, nursery, grower/finisher, and wean-to-finish phases, specifically as they relate to housing, productivity, biosecurity, and morbidity and mortality prevention; (2) Describe current U.S. small-scale production practices including general management practices, housing practices, productivity, disease prevention, and mortality; (3) Determine the producer-reported prevalence of select respiratory, neurologic, gastrointestinal, systemic, and foodborne pathogens found in weaned market pigs; (4) Describe large-scale swine production antimicrobial-use patterns in pigs from post-weaning to market age; (5) Evaluate the presence of select pathogens and characterize isolated organisms from biological specimens (feces, oral fluids)

in large-scale swine production; (6) Describe trends in small-scale swine health and disease management practices; (7) Describe trends in small-scale swine production system movements, marketing, and slaughter channels; and (8) Describe potential overlaps between small-scale swine production system movements with those of larger total confinement/commercial operations.

The two components of the study will be in-person questionnaire based surveys for large swine operations and computer-assisted telephone interviews for small swine operations. The large swine operation component will consist of two phases. In Phase I, the National Agricultural Statistics Service (NASS) will contact producers by telephone and personal interviews to collect operational level data and subordinate swine production site (locations where the animals are raised) contact information. NASS data collectors will follow up with producers at each swine production site by telephone and personal interviews to collect site level data and respondent consent to be contacted for Phase II of the study. In Phase II, APHIS data collectors will contact consenting respondents to administer questionnaires and perform biologic sampling. The small swine operation component of the study will consist of NASS sending producers questionnaires and following up via computer-assisted telephone interviews with those who do not respond.

The information collected through the Swine 2020 Study will be analyzed and used to predict or detect national and regional trends in disease emergence and movement such as the prevalence of clinical signs of coronavirus (*i.e.*, porcine epidemic diarrhea), Seneca Valley Virus, respiratory, and enteric disease in pigs; provide factual information on housing, marketing and movement for smaller swine operations; update national and regional production measures (such as average farrowing rate) for producer, veterinary, and industry reference; provide factual information on antimicrobial resistance among isolates obtained from feces; and provide assistance to researchers and the industry in evaluating the utility and accuracy of newer pathogen collection methods such as ropes to test saliva.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our

information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

*Estimate of burden:* The public burden for this collection of information is estimated to average 0.61 hours per response.

*Respondents:* Swine producers (large and small operations).

*Estimated annual number of respondents:* 10,205.

*Estimated annual number of responses per respondent:* 2.

*Estimated annual number of responses:* 18,407.

*Estimated total annual burden on respondents:* 11,168 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 22nd day of April 2019.

**Kevin Shea,**

*Administrator, Animal and Plant Health Inspection Service.*

**BILLING CODE 3410-34-P**

## DEPARTMENT OF AGRICULTURE

### Forest Service

#### Information Collection: Application for Transportation, Utility Systems, Telecommunications and Facilities on Federal Lands and Property

**AGENCY:** Forest Service, USDA.

**ACTION:** Notice; request for comment.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, the Forest Service is seeking comments from all interested individuals and organizations on the new information

collection related to the Application for Transportation, Utility Systems, Telecommunications and Facilities on Federal Lands and Property.

**DATES:** Comments must be received in writing on or before June 24, 2019 to be assured of consideration. Comments received after that date will be considered to the extent practicable.

**ADDRESSES:** Comments concerning this notice should be addressed to Director, Lands and Realty Management, USDA Forest Service, 1400 Independence Ave. SW, Mailstop Code: 1124, Washington, DC 20250-1124. Comments also may be submitted via facsimile to 703-605-5117 or by email to: [reply\\_lands\\_staff@fs.fed.us](mailto:reply_lands_staff@fs.fed.us).

The public may inspect comments received at the Office of the Director, Lands, 1st Floor South East, Sidney R. Yates Federal Building, 201 14th Street SW, Washington, DC, during normal business hours. Visitors are encouraged to call ahead to 202-205-3563 to facilitate entry to the building.

**FOR FURTHER INFORMATION CONTACT:** Mark Chandler, Realty Specialist, Lands and Realty Management, at 202-205-1117. Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339 between 8 a.m. and 8 p.m. Eastern Standard Time, Monday through Friday.

**SUPPLEMENTARY INFORMATION:**

*Title:* Application for Transportation, Utility Systems, Telecommunications and Facilities on Federal Lands and Property.

*OMB Number:* 0596-NEW.

*Expiration Date of Approval:* N/A.

*Type of Request:* Revision of SF-299, *Application for Transportation, Utility Systems, Telecommunications and Facilities on Federal Lands and Property*, into a common form.

*Abstract:* Section 6409 of the Middle Class Tax Relief and Job Creation Act of 2012 (Public Law 112-96) contains provisions directing the Administrator of the General Services Administration to develop a common form for applications for easements and rights-of-way for all executive agencies that shall be used by applicants with respect to the buildings or other property of each such agency. On June 14, 2012, the President signed Executive Order 13616, “*Accelerating Broadband Infrastructure Deployment*”. Section 4 of Executive Order 13616 directed the General Services Administration (GSA) to develop and use one or more templates for uniform contract, application, and permit terms to facilitate nongovernment entities’ use of Federal property for the deployment of

broadband facilities. GSA created a Common Form Applications (GSA 3729). On January 8, 2018, the President signed Executive Order 13821, “*Streamlining and Expediting Requests to Locate Broadband Facilities in Rural America*,” which directed GSA to (1) evaluate the effectiveness of the GSA Common Form Application and (2) determine whether any revisions to the GSA Common Form Application were appropriate. GSA completed their evaluation of the use of the Common Form Application and determined that all other land management agencies were utilizing the SF-299 and not the Common Form Application. To ensure a coordinated and consistent approach across all agencies’ GSA determined that with minor modifications, the SF-299 would serve as the standard application form for all agencies. The information collection requirements are necessary for the Forest Service to issue and administer special use authorizations that allow the public to use and occupy of National Forest System (NFS) lands under these authorities. The information collected is used by Forest Service officials (unless otherwise noted) to ensure that uses of NFS lands are authorized, in the public interest, and compatible with the Agency’s mission; and/or record authorization of use granted by appropriate Forest Service officials.

In addition, the Department of the Interior (DOI) statutes for the Bureau of Land Management (BLM), Fish and Wildlife Service (FWS), National Park Service (NPS), and Bureau of Reclamation (BOR) along with the statutes for the U.S. Army Corp of Engineers (USACE), and the General Services Administration (GSA) authorize their collection of information who will utilize form SF-299 “*Application for Transportation, Utility Systems, Telecommunications and Facilities on Federal Lands and Property*.”

Several statutes authorize the Forest Service to issue and administer authorizations for use and occupancy of NFS lands and collect information from the public for those purposes. The laws authorizing the collection of this information include the Organic Administration Act of 1897 (16 U.S.C. 551); Title V of the Federal Land Policy and Management Act of 1976 (FLPMA, 43 U.S.C. 1761-1771); Act of March 4, 1915 (16 U.S.C. 497); Alaska Term Permit Act of March 30, 1948 (16 U.S.C. 497a); Act of September 3, 1954 (68 Stat. 1146; 43 U.S.C. 931c, 931d); National Forest Ski Area Permit Act (16 U.S.C. 497b); section 28 of the Mineral Leasing Act (30 U.S.C. 185); National Forest

Roads and Trails Act (FRTA, 16 U.S.C. 532-538); section 7 of the Granger-Thye Act (16 U.S.C. 580d); Act of May 26, 2000 (16 U.S.C. 4601-6d); Federal Lands Recreation Enhancement Act (16 U.S.C. 6801-6814); Archeological Resource Protection Act of October 31, 1979 (16 U.S.C. 470aa-470mm); and the Rural Electrification Act of 1936, as amended.

Forest Service regulations implementing these authorities, found at 36 CFR part 251, subpart B, contain information collection requirements, including submission of applications, execution of forms, and imposition of terms and conditions that entail information collection requirements, such as the requirement to submit annual financial information, to prepare and update an operating plan; to prepare and update a maintenance plan, and to submit compliance reports and information updates.

The information helps the Forest Service identify the environmental and social impacts of special uses for purposes of compliance with the National Environmental Policy Act and program administration.

Information collection occurs via application forms, as well as terms and conditions in special use authorizations and operating plans. Information is required from proponents and applicants to evaluate proposals and applications to use or occupy NFS lands.

Special use authorizations encompass a variety of activities ranging from individual private uses to large-scale commercial facilities and public services. Examples of authorized special uses include public and private road rights-of-way, apiaries, domestic water supply conveyance systems, telephone and electric service rights-of-way, oil and gas pipeline rights-of-way, communications facilities, hydroelectric power-generating facilities, ski areas, resorts, marinas, municipal sewage treatment plants, and public parks and playgrounds.

SF-299, *Application for Transportation, Utility Systems, Telecommunications and Facilities on Federal Lands and Property*, is used to evaluate the applicant’s technical and financial capability, nature of the proposed operations, and anticipated environmental impacts and proposed mitigation of those impacts. This form is used for most non-recreational NFS lands use requests. This form will also be used by the Department of the Interior’s BLM, FWS, NPS, BOR, the USACE and GSA, to grant, issue, or renew rights-of-way (ROW) to use a specific piece of public land for a certain project.

## Compliance Reports and Information Updates

### Forest Service

*Estimated Annual Burden:* 8 burden hours per response.

*Type of Respondents:* Individuals, Businesses, Non-profit Organizations, and Non-Federal Governmental entities.

*Estimated Annual Number of Respondents:* 2,463 respondents.

### Comment Is Invited

*Comment is invited on:* (1) Whether this collection of information is necessary for the stated purposes and the proper performance of the functions of the agency, including whether the information will have practical or scientific utility; (2) the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the submission request toward Office of Management and Budget approval.

Dated: April 11, 2019.

**Allen Rowley,**

*Acting Associate Deputy Chief, National Forest System.*

## COMMISSION ON CIVIL RIGHTS

### Notice of Public Meetings of the Minnesota Advisory Committee

**AGENCY:** U.S. Commission on Civil Rights.

**ACTION:** Announcement of meeting.

**SUMMARY:** Notice is hereby given, pursuant to the provisions of the rules and regulations of the U.S. Commission on Civil Rights (Commission) and the Federal Advisory Committee Act (FACA) that the Minnesota Advisory Committee (Committee) to the Commission will meet via conference call to discuss civil rights concerns in the State.

**DATES:** The meetings will be held on

- Wednesday May 15, 2019, at 2:30 p.m. CDT.

- Wednesday June 26, 2019, at 12 p.m. CDT.

*Public Call Information:* Dial: 1-877-260-1479; Conference ID: 5706237.

**FOR FURTHER INFORMATION CONTACT:** Carolyn Allen at [callen@usccr.gov](mailto:callen@usccr.gov) or (312) 353-8311.

**SUPPLEMENTARY INFORMATION:** This meetings are available to the public through the above toll-free call-in number. Any interested member of the public may call this number and listen to the meetings. Callers can expect to incur charges for calls they initiate over wireless lines, according to their wireless plan. The Commission will not refund any incurred charges. Callers will incur no charge for calls they initiate over land-line connections to the toll-free telephone number. Persons with hearing impairments may also follow the proceedings by first calling the Federal Relay Service at 1-800-877-8339 and providing the Service with the conference call number and conference ID number.

Members of the public are entitled to make comments during the open period at the end of the meeting. Members of the public may also submit written comments; the comments must be received in the Regional Programs Unit within 30 days following the meeting. Written comments may be mailed to the U.S. Commission on Civil Rights, Regional Programs Unit, 230 S. Dearborn, Suite 2120, Chicago, IL 60604. They may be faxed to the Commission at (312) 353-8324, or emailed Carolyn Allen at [callen@usccr.gov](mailto:callen@usccr.gov). Persons who desire additional information may contact the Regional Programs Unit at (312) 353-8311.

Records and documents discussed during the meeting will be available for public viewing prior to and after the meeting on the Federal Advisory Committee database ([facadatabase.gov](http://facadatabase.gov)), under the Minnesota Advisory Committee link. Records generated from this meeting may also be inspected and reproduced at the Regional Programs Unit, as they become available, both before and after the meeting. Persons interested in the work of this Committee are directed to the Commission's website, <http://www.usccr.gov>, or may contact the Regional Programs Unit at the above email or street address.

### Agenda

- I. Welcome
- II. Approval of Minutes
- III. Discussion: Racial Trauma and Civil Rights in Minnesota

IV. Public Comment

V. Next Steps

VI. Adjournment

Dated: April 22, 2019.

**David Mussatt,**

*Supervisory Chief, Regional Programs Unit.*

## DEPARTMENT OF COMMERCE

### Office of the Secretary, Office of Security; Submission for OMB Review; Comment Request; Foreign National Request Form

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

*Agency:* Office of the Secretary, Office of Security (OSY), Commerce.

*Title:* Foreign National Request Form.

*OMB Control Number:* 0690-0033.

*Form Number(s):* 207-12-1.

*Type of Request:* Regular (extension of a currently approved information collection).

*Number of Respondents:* 12,000.

*Average Hours per Response:* 15 minutes.

*Burden Hours:* 3,000.

*Estimated Total Annual Cost to Public:* \$0.

*Needs and Uses:* The Office of Security is requesting clearance of this collection to gather information to mitigate variances in foreign access management program implementation and registration information requirements needed to reach risk-based determinations of physical and logical access by foreign national visitors and guests to Commerce facilities and resources. The information collected will be used for risk-based assessments of short-term access or as partial completion towards long term guest research agreements and supporting security and background investigations for potential personal identity credential issuance in compliance with U.S. laws and regulations governing physical and logical access to federal facilities and information resources. Due to the increasing diversity of foreign national participation in departmental programs, considerable efforts have been made to baseline requirements as a means to define uniform program standards as well as to expand current guidance beyond foreign visitor control to manage emerging risks associated with physical and logical access to the Department's facilities and resources.
