

Unlike land use planning decisions, implementation decisions included in this Proposed Land Use Plan Amendment and Final Supplemental EIS are not subject to protest under the BLM planning regulations, but are subject to an administrative review process through appeals to the Office of Hearings and Appeals, Interior Board of Land Appeals pursuant to 43 CFR part 4 subpart E. Implementation decisions generally constitute the BLM's final approval allowing on-the-ground actions to proceed. Where implementation decisions are made as part of the land use planning process, they are still subject to the appeals process or other administrative review as prescribed by specific resource program regulations once the BLM resolves the protests to land use planning decisions and issues a Record of Decision.

Before including your address, phone number, email address, or other personal identifying information in your protest, please be aware that your entire protest—including your personal identifying information—may be made publically available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

#### Notice of Availability of the Proposed San Pedro Riparian National Conservation Area Resource Management Plan and Final Environmental Impact Statement, Arizona

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of availability.

**SUMMARY:** In accordance with the National Environmental Policy Act of 1969, as amended, and the Federal Land Policy and Management Act of 1976, as amended, the Bureau of Land Management (BLM) Tucson Field Office has prepared a Proposed Resource

Management Plan (RMP) and Final Environmental Impact Statement (EIS) for the San Pedro Riparian National Conservation Area and by this notice is announcing its availability.

**DATES:** BLM planning regulations state that any person who meets the conditions as described in the regulations may protest the BLM's Proposed RMP/Final EIS. A person who meets the conditions and files a protest must file the protest within 30 days of the date that the Environmental Protection Agency publishes its Notice of Availability in the **Federal Register**.

**ADDRESSES:** The Proposed RMP and Final EIS is available on the BLM ePlanning project website at <https://go.usa.gov/xQKFU>. Click the "Documents & Reports" link on the left side of the screen to find the electronic version of these materials. The FRS is available 24 hours a day, 7 days a week, to leave a message or question. You will receive a reply during normal business hours.

**SUPPLEMENTARY INFORMATION:** The Conservation Area was established by Public Law 100-696 on November 18, 1988. The planning area is located in Cochise County in southeastern

Arizona, and encompasses approximately 55,990 acres of public land administered by the BLM Tucson Field Office. The Proposed RMP/Final EIS was prepared to address long-term management of the Conservation Area, accounting for the requirements of the enabling legislation.

Issues identified as part of the planning process and addressed in the Proposed RMP/Final EIS include management of riparian, water, vegetation, soil resources, fire, threatened and endangered species, wildlife, cultural resources, paleontological resources, educational, scientific, livestock grazing, access, recreation, socio-economics, and lands and realty. It also considers lands with wilderness characteristics, wild and scenic rivers, and Areas of Critical Environmental Concern.

The Proposed RMP/Final EIS evaluates a range of alternatives including the No Action and the proposed plan. A detailed description of these alternatives can be found in Chapter 2 of the Final EIS. The BLM's proposed plan is Alternative C, except that it includes the livestock grazing allocation from Alternative A, which allows grazing on 7,030 acres. This grazing allocation represents current management on the Conservation Area. The BLM's proposed plan represents a balance between resource protection and public access, authorizes livestock grazing on existing allotments, and provides for a diverse mix of recreation opportunities. The proposed plan focuses on active resource management and allows for the broadest array of management tools for ecosystem restoration to meet goals and objectives.

Comments on the Draft RMP/Draft EIS received from cooperators, tribes, other agencies, the public, and internal BLM review were considered and incorporated as appropriate into the proposed plan. In response to public comments, additional information related to increased livestock grazing was analyzed in the Final EIS and showed additional impacts on wildlife habitat and cultural and water resources would occur in areas not currently grazed. As a result, the BLM chose the existing grazing allocation as part of the proposed plan.

Instructions for filing a protest with the Director of the BLM regarding the Proposed RMP and Final EIS may be found online at <https://www.blm.gov/programs/planning-and-nepa/public-participation/filing-a-plan-protest> and at 43 CFR 1610.5-2. All protests must be in writing and mailed to the appropriate address, as set forth previously in the **ADDRESSES** section or submitted

electronically through the BLM ePlanning project website as described earlier. Protests submitted electronically by any means other than the ePlanning project website protest section will be invalid unless a protest is also submitted in hard copy. Protests submitted by fax will also be invalid unless also submitted either through ePlanning project website protest section or in hard copy.

Before including your phone number, email address, or other personal identifying information in your protest, you should be aware that your entire protest—including your personal identifying information—may be made publicly available at any time. While you can ask us in your protest to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

## INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-1410 (Final)]

### Rubber Bands From Thailand

#### Determination

On the basis of the record<sup>1</sup> developed in the subject investigation, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that an industry in the United States is materially injured by reason of imports of rubber bands from Thailand, provided for in subheading 4016.99.35<sup>2</sup> of the Harmonized Tariff Schedule of the United States, that have been found by the U.S. Department of Commerce (“Commerce”) to be sold in the United States at less than fair value (“LTFV”).<sup>3</sup>

#### Background

The Commission, pursuant to section 735(b) of the Act (19 U.S.C. 1673d(b)), instituted this investigation effective January 30, 2018, following receipt of a petition filed with the Commission and

Commerce by Alliance Rubber Co., Hot Springs, Arkansas. Effective August 29, 2018, the Commission established a general schedule for the conduct of the final phase of its investigations on rubber bands following notification of a preliminary determination by Commerce that imports of rubber bands from China and Thailand were being sold at LTFV within the meaning of section 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission’s investigation and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on September 17, 2018 (83 FR 46969).<sup>4</sup> The hearing was held in Washington, DC, on November 13, 2018, and all persons who requested the opportunity were permitted to appear in person or by counsel. On February 11, 2019, the Commission issued final affirmative determinations in its antidumping and countervailing duty investigations of rubber bands from China.<sup>5</sup> Following notification of a final determination by Commerce that imports of rubber bands from Thailand were being sold at LTFV within the meaning of section 735(a) of the Act (19 U.S.C. 1673d(a)), notice of the supplemental scheduling of the final phase of the Commission’s antidumping duty investigation was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of March 29, 2019 (84 FR 12001).

The Commission made this determination pursuant to section 735(b) of the Act (19 U.S.C. 1673d(b)). It completed and filed its determination in this investigation on April 22, 2019.

The views of the Commission are contained in USITC Publication 4887 (April 2019), entitled *Rubber Bands from Thailand: Investigation No. 731-TA-1410 (Final)*.

By order of the Commission.

<sup>4</sup> Due to the lapse in appropriations and ensuing cessation of Commission operations, all import injury investigations conducted under authority of Title VII of the Tariff Act of 1930 accordingly were tolled pursuant to 19 U.S.C. 1671d(b)(2), 1673d(b)(2).

## INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-447 and 731-TA-1116 (Second Review)]

### Circular Welded Carbon-Quality Steel Pipe From China; Scheduling of Expedited Five-Year Reviews

**AGENCY:** United States International Trade Commission.

**ACTION:** Notice.

**SUMMARY:** The Commission hereby gives notice of the scheduling of expedited reviews pursuant to the Tariff Act of 1930 (“the Act”) to determine whether revocation of the antidumping and countervailing duty orders on circular welded carbon-quality steel pipe from China would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time.

**DATES:** March 11, 2019.

**FOR FURTHER INFORMATION CONTACT:** (Christopher Watson (202-205-2684), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission’s TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for these reviews may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>.

#### SUPPLEMENTARY INFORMATION:

**Background.**—On March 11, 2019, the Commission determined that the domestic interested party group response to its notice of institution (83 FR 54936, November 1, 2018) of the subject five-year reviews was adequate and that the respondent interested party group response was inadequate. The Commission did not find any other circumstances that would warrant conducting full reviews.<sup>1</sup> Accordingly,
