

Office for United States Attorneys, Department of Justice, Washington, DC 20530; (202) 252-1600.

SUPPLEMENTARY INFORMATION: 28 CFR part 0 provides for the organization of the Department of Justice. As part of that regulation, 28 CFR 0.22, subpart D-1, Executive Office for U.S. Attorneys, describes the general functions of EOUSA. The current regulation provides that EOUSA shall publish and maintain a U.S. Attorneys' Manual. Recently, however, the name of the U.S. Attorneys' Manual was changed to the Justice Manual. This final rule makes ministerial revisions to 28 CFR 0.22 to reflect that name change. It also makes minor revisions to reflect the current functions of EOUSA's Office of Legal Education. The proposed changes are ministerial in nature rather than substantive.

Regulatory Certifications

Administrative Procedure Act

This rule relates to a matter of agency management or personnel, is a rule of agency organization, procedure, or practice, and is not a substantive rule. As such, this rule is exempt from the usual requirements for prior notice and comment and a 30-day delay in effective date. See 5 U.S.C. 553(b) & (d).

Regulatory Flexibility Act

This rule will not have an impact on small entities because it pertains to agency personnel and administrative matters and, therefore, is not subject to the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.* A Regulatory Flexibility Act analysis is not required for this final rule because the Department was not required to publish a general notice of proposed rulemaking for this matter. See 5 U.S.C. 603(a).

Executive Orders 12866 and 13563—Regulatory Review

This rule has been drafted and reviewed in accordance with Executive Order 12866, "Regulatory Planning and Review," section 1(b), The Principles of Regulation, and Executive Order 13563, "Improving Regulation and Regulatory Review," section 1, General Principles of Regulation.

This action is "limited to agency organization, management, or personnel matters" and thus is not a "rule" for purposes of review by the Office of Management and Budget. See Executive Order 12866, "Regulatory Planning and Review," section 3(d)(3).

Executive Order 13771—Reducing Regulation and Controlling Regulatory Costs

This rule is not a regulatory action under Executive Order 13771 because this rule imposes no costs and is not a significant regulatory action under Executive Order 12866.

Executive Order 12988—Civil Justice Reform

This regulation meets the applicable standards set forth in sections 3(a) and 3(b)(2) of Executive Order 12988.

Executive Order 13132—Federalism

This rule will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with Executive Order 13132, the Department has determined that this rule does not have sufficient federalism implications to warrant the preparation of a federalism summary impact statement.

Unfunded Mandates Reform Act of 1995

This rule will not result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million or more (adjusted for inflation) in any one year, and it will not significantly or uniquely affect small governments. Therefore, no actions are necessary under the provisions of the Unfunded Mandates Reform Act of 1995, 2 U.S.C. 1501 *et seq.*

Congressional Review Act

This action is not a major rule as defined by the Congressional Review Act. See 5 U.S.C. 804. This action pertains to agency management, personnel, and organization and does not substantially affect the rights or obligations of non-agency parties and, accordingly, is not a "rule" as that term is defined by the Congressional Review Act. Therefore, the reporting requirement of 5 U.S.C. 801 does not apply.

 NPRM Notice of proposed rulemaking
 § Section
 U.S.C. United States Code

II. Background Information and Regulatory History

On January 19, 2019, Super Boat International Productions (SBIP) notified the Coast Guard that it would be conducting the Kenner Super Boat Grand Prix boat race from 10 a.m. to 5 p.m. on June 23, 2019. In response, on March 1, 2019, the Coast Guard published a notice of proposed rulemaking (NPRM) titled “Special Local Regulation; Lake Pontchartrain, New Orleans, LA” (89 FR 6989). There we stated why we issued the NPRM, and invited comments on our proposed regulatory action related to this special local regulation. During the comment period that ended April 1, 2019, we received no comments.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70041(a). The Captain of the Port New Orleans (COTP) has determined that potential hazards associated with the boat race will be a safety concern for anyone within the established race zone. The race zone would cover all navigable waters within the following coordinates on Lake Pontchartrain in New Orleans, LA: 30°03.056' N/090°15.489' W to 30°02.500' N/090°13.547' W to 30°02.717' N/090°13.460' W to 30°03.252' N/090°15.374' W. The purpose of this rule is to ensure safety

of vessels and the navigable waters in the safety zone before, during, and after the scheduled event.

IV. Discussion of Comments, Changes, and the Rule

As noted above, we received no comments on our NPRM published March 1, 2019. There are no changes in the regulatory text of this rule from the proposed rule in the NPRM.

This rule establishes a temporary special regulation in the specified area from 10 a.m. to 5 p.m. on June 23, 2019. The race zone would cover all navigable waters within the following coordinates on Lake Pontchartrain in New Orleans, LA: 30°03.056' N/090°15.489' W to 30°02.500' N/090°13.547' W to 30°02.717' N/090°13.460' W to 30°03.252' N/090°15.374' W. The duration of the area is intended to ensure the safety of vessels and these navigable waters before, during, and after the scheduled marine event. Only pre-designated vessel(s) or person(s) would be permitted within the safety zone. The sponsor would designate a spectator zone on the north side of the race zone, as defined by the aforementioned coordinates, for vessels. No additional vessel(s) or person(s) would be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative. A designated representative is a commissioned, warrant, or petty officer of the U.S. Coast Guard assigned to units under the operational control of USCG Sector New Orleans. Vessels requiring entry into this regulated area must request permission from the COTP or a designated representative. They may be contacted on VHF–FM Channel 16 or 67 or by telephone at (504) 365–2200. Persons and vessels permitted to enter this regulated area must transit at their slowest safe speed and comply with all lawful directions issued by the COTP or the designated representative. No spectator vessel would be allowed to anchor, block, loiter, or impede the through transit of participants or a designated patrol vessel in the regulated area during the effective dates and times, unless cleared for entry by the COTP or the designated representative. Any spectator vessel may anchor outside the regulated area. Spectator vessels might be moored to a waterfront facility within the regulated area in such a way that they would not interfere with the progress of the event. Such mooring would have to be complete at least 30 minutes prior to the establishment of the regulated area and remain moored through the duration of the event.

The COTP or a designated representative might forbid and control the movement of all vessels in the regulated area. When hailed or signaled by a designated patrol vessel, a vessel would come to an immediate stop and comply with the directions given. Failure to do so might result in expulsion from the area, citation for failure to comply, or both. The COTP or a designated representative might terminate the event or the operation of any vessel at any time it is deemed necessary for the protection of life or property. The COTP or a designated representative would terminate enforcement of the special local regulations at the conclusion of the event.

The COTP or a designated representative would inform the public of the effective period for the safety zone as well as any changes in the dates and times of enforcement through Local Notice to Mariners (LNMs), Broadcast Notices to Mariners (BNMs), and/or Marine Safety Information Bulletins (MSIBs) as appropriate.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size and duration of the temporary special local regulation. The regulated area would cover a small area of the navigable waters within the following coordinates on Lake Pontchartrain in New Orleans, LA: 30°03.056' N/090°15.489' W to 30°02.500' N/090°13.547' W to 30°02.717' N/090°13.460' W to 30°03.252' N/090°15.374' W. The duration of the regulated area would be seven hours on one day and would not

be expected to significantly affect the vessel traffic on Lake Pontchartrain. The COTP would allow entry into the area on a case-by-case basis. Moreover, the Coast Guard would issue a Local Notice to Mariners (LNM), Marine Safety Information Bulletins (MSIBs), and/or Broadcast Notice to Mariners (BNM) via VHF-FM marine channel 16 about the zone. This would allow waterway users to plan accordingly for transits during this restriction.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received 00 comments from the Small Business Administration on this rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a temporary specially regulated area lasting seven hours that would prohibit entry into the area within the following coordinates: 30°03.056′ N/090°15.489′

W to 30°02.500′ N/090°13.547′ W to 30°02.717′ N/090°13.460′ W to 30°03.252′ N/090°15.374′ W. This action is categorically excluded from further review under L61 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 01. A preliminary Record of Environmental Consideration supporting this determination is available in the docket where indicated under **ADDRESSES**.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.
