

SUMMARY: The Environmental Protection Agency has submitted an information collection request (ICR), NESHAP for Pulp and Paper Production (EPA ICR No. 1657.09, OMB Control No. 2060-0387) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed extension of the ICR, which is currently approved through April 30, 2019. Public comments were previously requested via the **Federal Register** on October 15, 2018 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before May 29, 2019.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA-HQ-OECA-2014-0054, to (1) EPA online using www.regulations.gov (our preferred method), by email to docket.oeca@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460, and (2) OMB via email to oira_submission@omb.eop.gov. Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT: Patrick Yellin, Monitoring, Assistance, and Media Programs Division, Office of Compliance, Mail Code 2227A, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: (202) 564-2970; fax number: (202) 564-0050; email address: yellin.patrick@epa.gov.

SUPPLEMENTARY INFORMATION: Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's

public docket, visit <http://www.epa.gov/dockets>.

Abstract: The National Emission Standards for Hazardous Air Pollutants (NESHAP) for Pulp and Paper Production apply to existing and new facilities that produce pulp, paper, or paperboard by employing kraft, soda, sulfite, semi-chemical, or mechanical pulping processes using wood, or any process using secondary or non-wood fiber and that emits 10 tons per year or more of any hazardous air pollutant (HAP) or 25 tons per year or more of any combination of HAPs. Affected sources are all the HAP emission points in the pulping and bleaching system for mechanical pulping processes using wood and any process using secondary or non-wood fiber. New facilities include those that commenced construction or reconstruction after the date of proposal. This information is being collected to assure compliance with 40 CFR part 63, subpart S.

In general, all NESHAP standards require initial notifications, performance tests, and periodic reports by the owners/operators of the affected facilities. They are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. These notifications, reports, and records are essential in determining compliance, and are required of all affected facilities subject to NESHAP.

Form Numbers: None.

Respondents/affected entities:

Owners and operators of pulp and paper mills that are major sources of HAP emissions.

Respondent's obligation to respond: Mandatory (40 CFR part 63, subpart S).

Estimated number of respondents: 114 (total).

Frequency of response: Initially, occasionally, and semiannually.

Total estimated burden: 44,438 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$5,191,626 (per year), includes \$841,000 annualized capital or operation & maintenance costs.

Changes in the Estimates: There is an adjustment decrease in the total estimated burden as currently identified in the OMB Inventory of Approved Burdens. This decrease is not due to any program changes. The currently approved burden estimates contain requirements from the previous regulation as well as duplicate burden activities. In preparing this ICR renewal, EPA has removed duplicate items and updated the ICR so that it only reflects

current requirements. This results in an apparent decrease in burden.

Courtney Kerwin,

Director, Regulatory Support Division.

Agency Information Collection Activities; Submission to OMB for Review and Approval; Comment Request; General Hazardous Waste Facility Standards

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), General Hazardous Waste Facility (EPA ICR Number 1571.12, OMB Control Number 2050-0120) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed extension of the ICR, which is currently approved through April 30, 2019. Public comments were previously requested via the **Federal Register** on November 23, 2018 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before June 28, 2019.

ADDRESSES: Submit your comments, referencing Docket ID No. EPA-HQ-OLEM-2018-0690, to (1) EPA, either online using www.regulations.gov (our preferred method), or by email to rcra-docket@epa.gov, or by mail to: RCRA Docket (2822T), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue NW, Washington, DC 20460; and (2) OMB via email to oira_submission@omb.eop.gov. Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other

information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT:

Peggy Vyas, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: 703-308-5477; fax number: 703-308-8433; email address: vyas.peggy@epa.gov.

SUPPLEMENTARY INFORMATION:

Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: Section 3004 of the Resource Conservation and Recovery Act (RCRA), as amended, requires the EPA to develop standards for hazardous waste treatment, storage, and disposal facilities (TSDFs) as may be necessary to protect human health and the environment. Subsections 3004(a)(1), (3), (4), (5), and (6) specify that these standards include, but not be limited to, the following requirements:

- Maintaining records of all hazardous wastes identified or listed under subtitle C that are treated, stored, or disposed of, and the manner in which such wastes were treated, stored, or disposed of;
- Operating methods, techniques, and practices for treatment, storage, or disposal of hazardous waste;
- Location, design, and construction of such hazardous waste treatment, disposal, or storage facilities;
- Contingency plans for effective action to minimize unanticipated damage from any treatment, storage, or disposal of any such hazardous waste; and
- Maintaining or operating such facilities and requiring such additional qualifications as to ownership, continuity of operation, training for personnel, and financial responsibility as may be necessary or desirable.

The regulations implementing these requirements are codified in 40 CFR parts 264 and 265. The collection of this information enables the EPA to properly determine whether owners/operators or hazardous waste treatment, storage, and disposal facilities meet the requirements of Section 3004(a) of RCRA.

Form Numbers: None.

Respondents/affected entities:

Business and other for-profit, as well as State, Local, and Tribal governments.

Respondent's obligation to respond: Mandatory (RCRA section 3004)

Estimated number of respondents: 1466 respondents.

Frequency of response: On occasion.

Total estimated burden: 583,237 hours per year. Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$38,918,717 (per year), which includes \$408,235 annualized capital or operation & maintenance costs.

Changes in the Estimates: There is decrease of 89,108 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This decrease is due to a decrease in the number of permitted facilities.

Courtney Kerwin,

Director, Regulatory Support Division.

Abstract: The Safe Drinking Water Act (SDWA) Amendments of 1996 (Pub. L. 104-182) authorized the creation of the Drinking Water State Revolving Fund (DWSRF; the Fund) program in each state and Puerto Rico, to assist public water systems in financing the costs of infrastructure needed to achieve or maintain compliance with the SDWA requirements and to protect public health. The SDWA, section 1452, authorizes the Administrator of the EPA to award capitalization grants to the states and Puerto Rico which, in turn, provide low-cost loans and other types of assistance to eligible drinking water systems. States can also reserve a portion of their grants to conduct various set-aside activities. The information collection activities will occur primarily at the program level through the (1) Capitalization Grant Application and Agreement/State Intended Use Plan; (2) Biennial Report; (3) Annual Audit; (4) Assistance Application Review; and (5) DWSRF National Information Management
