agreement is offered to the general public, the issuer will also be required to post the account agreement in a prominent and readily accessible location on its website. If a prepaid account agreement is not posted on the issuer’s website, the issuer must provide a consumer with a copy of the consumer’s prepaid account agreement no later than five business days after the issuer receives the consumer’s request for the agreement. The consumer must be able to request the agreement by phone.

Legal authorization and confidentiality: Section 904 of the EFTA (12 U.S.C. 1693b) authorizes the Board to issue regulations to carry out the purposes of the EFTA, which establishes the basic rights, liabilities, and responsibilities of consumers who use EFT and remittance transfer services and of financial institutions or other persons that offer these services. The Board’s Regulation E, 12 CFR part 1005, implements the EFTA. An institution’s recordkeeping and disclosure obligations under Regulation E are mandatory. Because the Board does not collect any information pursuant to the Board’s Regulation E, no issue of confidentiality normally arises. In the event the Board were to obtain information regarding consumer EFT transactions during the course of an examination, such information may be kept confidential under section (b)(8) of the Freedom of Information Act, which protects information contained in or related to an examination of a financial institution (5 U.S.C. 522(b)(8)).

Consultation outside the agency: The Board consulted with Bureau staff regarding the estimated burden of this information collection.

Michele Taylor Fennell,
Assistant Secretary of the Board.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Medicare & Medicaid Services

[Document Identifier CMS–10415]

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, HHS.

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS’ intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (PRA), federal agencies are required to publish notice in the Federal Register concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, and to allow a second opportunity for public comment on the notice. Interested persons are invited to send comments regarding the burden estimate or any other aspect of this collection of information, including the necessity and utility of the proposed information collection for the proper performance of the agency’s functions, the accuracy of the estimated burden, ways to enhance the quality, utility, and clarity of the information to be collected, and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments on the collection(s) of information must be received by the OMB desk officer by May 30, 2019.

ADDRESSES: When commenting on the proposed information collections, please reference the document identifier or OMB control number. To be assured consideration, comments and recommendations must be received by the OMB desk officer via one of the following transmissions: OMB, Office of Information and Regulatory Affairs, Attention: CMS Desk Officer, Fax Number: (202) 395–5806 OR, Email: OIRA_submission@omb.eop.gov.

To obtain copies of a supporting statement and any related forms for the proposed collection(s) summarized in this notice, you may make your request using one of following:

2. Call the Reports Clearance Office at (410) 786–1326.

FOR FURTHER INFORMATION CONTACT: William Parham at (410) 786–4669.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term “collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public
submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. **Type of Information Collection Request:** Extension of a currently approved collection; **Title of Information Collection:** Generic Clearance for the Collection Customer Satisfaction Surveys; **Use:** This collection of information is necessary to enable the Agency to garner customer and stakeholder feedback in an efficient, timely manner, in accordance with our commitment to improving service delivery. The information collected from our customers and stakeholders will help ensure that users have an effective, efficient, and satisfying experience with the Agency’s programs. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actional communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

Collecting voluntary customer feedback is the least burdensome, most effective way for the Agency to determine whether or not its public websites are useful to and used by its customers. Generic clearance is needed to ensure that the Agency can continuously improve its websites through regular surveys developed from these pre-defined questions. Surveying the Agency websites on a regular, ongoing basis will help ensure that users have an effective, efficient, and satisfying experience on any of the websites, maximizing the impact of the information and resulting in optimum benefit for the public. The surveys will ensure that this communication channel meets customer and partner priorities, builds the Agency’s brands, and contributes to the Agency’s health and human services impact goals. Form Number: CMS–10415 (OMB control number: 0938–1185); Frequency: Occasionally: **Affected Public:** Individuals and Households, Business or other for-profits and Not-for-profit institutions, State, Local or Tribal Governments; **Number of Respondents:** 2,000,000; **Total Annual Responses:** 2,000,000; **Total Annual Hours:** 75,000.

**Statutory Authority:** This program is authorized under Section 317 of the Public Health Service Act (42 U.S.C. 247(b–4)); Consolidated and Further Continuing Appropriations Act, 2016, Public Law 114–113 (Dec. 18, 2015), CFDA Number: 93.325 Discretionary Projects.

**SUPPLEMENTARY INFORMATION:** The purpose of the supplemental funding is to support the expansion the National Paralysis Resource Center to improve the health and quality of life of individuals living with paralysis and their families by raising awareness of and facilitating access to a broad range of services relevant to individuals with paralysis. With the additional funding, the PRC will work to expand the National Resource and Information Center; increase the health and quality of life of Americans with disabilities living with paralysis; increase support and resources to people with paralysis, their families and caregivers; expand collaboration with federal agencies and other national organizations that have a vested interest in the paralysis community; and strengthen performance measures.

**Dated:** April 24, 2019.

**Mary Lazare,**
Principal Deputy Administrator,
Office of the National Coordinator for Health Information Technology (National Coordinator). The HITAC, among other things, identifies priorities for standards adoption and makes recommendations to the National Coordinator for Health Information Technology (National Coordinator). The HITAC will hold public meetings throughout 2019. See list of public meetings below.
