

pilot period for the Plan that was recently approved on a permanent basis. The proposal would continue to ensure that the Exchange continues to maintain written policies and procedures reasonably designed to comply with the Plan without implicating any competitive issues.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act¹¹ and Rule 19b-4(f)(6) thereunder.¹² Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.

A proposed rule change filed under Rule 19b-4(f)(6)¹³ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁴ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because the Commission approved making the Plan pilot permanent on April 11, 2019, and therefore the Exchange's proposed changes to its rules reflecting that the Plan is now permanent should go into effect immediately. Therefore, the Commission hereby waives the 30-day operative delay and designates the

proposed rule change to be operative upon filing with the Commission.¹⁵

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹⁶ of the Act to determine whether the proposed rule change should be approved or disapproved.

Abstract of Proposed Collection

The National Security Language Initiative for Youth (NSLI-Y) is a scholarship program to enable American students aged 15–18 to study less commonly taught languages (Arabic, Chinese, Hindi, Indonesian, Korean, Persian, Russian, and Turkish) in summer or academic-year long programs in a variety of countries. In addition to increased language proficiency, participants gain understanding of their host country and its culture. This program is funded pursuant to the Mutual Educational and Cultural Exchanges Act of 1961 (22 U.S.C. 2451–2464).

In order to assess the efficacy and impact of NSLI-Y, the U.S. Department of State's Bureau of Educational and Cultural Affairs (ECA) intends to conduct an evaluation of the program, which will include collection of data from program alumni between 2008 and 2017, their parents, a small sample of U.S. high school teachers and administrators, and local program coordinators and resident directors. As the NSLI-Y program has been run for more than 10 years, ECA is conducting this evaluation to determine the extent to which the program is achieving its long-term goals. In order to do so, ECA has contracted Dexis Consulting Group to conduct surveys and focus groups with alumni and their parents and in-

depth interviews with local program coordinators/resident directors and the sample of U.S. high school teachers and administrators.

Methodology

As baseline information is limited to the participants' language proficiency tests, it is necessary to collection information directly from program alumni to assess the impact of the NSLI-Y experience beyond language proficiency. As one source of information is potentially biased and limited, additional perspectives will be sought from their parents, who in most cases will have observed any changes in their children after program participation. As some information is easily collected via survey, both of these groups will receive online surveys, but a small number will also be invited to participate in focus groups in 6 cities to be selected (based on where the greatest concentrations of alumni currently reside) to explore key issues in greater depth. Local program coordinators/resident directors will also have identified changes in students over the period of their participation, and therefore, we propose to conduct individual interviews with them. Finally, the Department wishes to understand better the challenges for students in applying for and accepting scholarships, particularly related to participants' ability to obtain high school credit for their academic experience overseas. As these individuals' perspectives and state and district regulations may differ and to minimize the burden on these respondents, individual interviews will be conducted.

Aleisha Woodward,

Deputy Assistant Secretary for Policy, Bureau of Educational and Cultural Affairs, Department of State.
