**SUPPLEMENTARY INFORMATION:**

*Intended Recipient of Award:*  
University of Nebraska Medical Center/  
Board of Regents of the University of  
Nebraska.

*Amount of Non-Competitive Award:*  
\$700,000.

*Period of Supplemental Funding:* 05/  
01/2019–04/30/2020.

*CFDA Number:* 93.110.

*Authority:* Social Security Act, Title  
V, § 501(a)(2) (42 U.S.C. 701(a)(2)).

*Justification:* The purpose of the  
Partnership for Urban MCH Leadership  
Community Cooperative Agreement  
program is to support urban MCH  
leaders as they work to improve public  
health programs and the delivery of  
MCH services, and to assure optimal  
alignment with the Title V MCH  
Services Block Grant program. This  
program focuses on the following three  
goals:

1. Assisting urban MCH leaders in  
achieving collective impact to respond  
to the MCH challenges faced by urban  
communities by performing an  
environmental scan, planning and  
convening a series of three learning  
collaborative for urban MCH leaders,  
and developing and disseminating a  
collective impact toolkit and  
compendium;

2. Strengthening local and State MCH  
analytic capacity through epidemiology  
training opportunities; and

3. Serving as an effective voice in  
communicating urban MCH issues and  
in developing strong partnerships and  
collaborations with State Title V  
programs and other national partners to  
advance urban MCH priorities.

impact work has had on urban  
outcomes, as well as any impact at the  
State Title V National Performance  
Measure level. The recipient also will  
have the opportunity for more extensive  
data analysis to assess effective  
strategies that impact urban outcomes,  
and to identify lessons learned for  
potential future collective impact  
initiatives. With an extra year, the  
recipient will be able to assess

penetration of collective impact into  
broader communities, and plan for  
providing technical assistance regarding  
replication of these learning  
collaborative in new urban areas.

This cooperative agreement also  
supports epidemiology training (Goal 2)  
and enables the award recipient to serve  
as a voice for advancing urban MCH  
priorities (Goal 3), which are ongoing  
needs. This supplement will maintain  
HRSA’s investment in strengthening  
local and State MCH analytic capacity  
through epidemiology training  
opportunities, as provided by Goal 2, to  
assure optimal capacity to respond to  
MCH emerging and priority issues at the  
state and local level, such as opioids  
and neonatal abstinence syndrome. In  
addition, assuring that a national  
partner is continuing to communicate  
urban MCH issues, as addressed by Goal  
3, is a foundational need of the state-  
urban MCH partnership, and is essential  
for optimizing Title V MCH Block Grant  
outcomes.
