

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenter's will be placed on the Commission's environmental mailing list and will be notified of any meetings associated with the Commission's environmental review process. Environmental commenter's will not be required to serve copies of filed documents on all other parties. However, the non-party commentary, will not receive copies of all documents filed by other parties or issued by the Commission and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests, and interventions via the internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's website (www.ferc.gov) under the e-Filing link. Persons unable to file electronically should submit original and 3 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

Dated: April 26, 2019.

**Nathaniel J. Davis, Sr.,
Deputy Secretary.**

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket Nos. CP19-198-000]

Mississippi Hub, LLC; Notice of Application

Take notice that on April 22, 2019, Mississippi Hub, LLC (MS Hub), 10375 Richmond Ave., Suite 1900, Houston, TX 77042, filed in Docket No. CP19-198-000, an application pursuant to section 7(c) of the Natural Gas Act and Part 157 of the Commission's regulations to continue to own, operate and maintain an existing 4,735 horsepower gas-driven compressor unit at MS Hub's existing storage terminal in Simpson County, Mississippi. The applicant states that ArcLight Energy Partners Fund VI, L.P. (ArcLight) acquired all of the ownership interests in MS Hub from Sempra Energy after which a post-acquisition regulatory audit was conducted. The applicant states that the Certificate authorization for Gas Compressor 4, which the applicant claims was placed in service

in 2012 and continues to operate, may have been inadvertently vacated by the prior owner, all as more fully set forth in the application, which is on file with the Commission and open to public inspection. The filing may also be viewed on the web at <http://www.ferc.gov> using the eLibrary link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208-3676 or TTY, (202) 502-8659.

Any questions regarding this application should be directed to Todd Cash, Enstor Gas, LLC, 10375 Richmond Ave., Suite 1900, Houston, TX 77042, (281) 374-3085, todd.cash@enstorinc.com or Lisa M. Tonery, Orrick, Herrington & Sutcliffe LLP, 51 West 52nd Street, New York, N.Y. 10019, (212) 506-3710, ltonery@orrick.com.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and

by all other parties. A party must submit 3 copies of filings made with the Commission and must provide a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list and will be notified of any meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission and will not have the right to seek court review of the Commission's final order.

As of the February 27, 2018 date of the Commission's order in Docket No. CP16-4-001, the Commission will apply its revised practice concerning out-of-time motions to intervene in any new Natural Gas Act section 3 or section 7 proceeding.¹ Persons desiring to become a party to a certificate proceeding are to intervene in a timely manner. If seeking to intervene out-of-time, the movant is required to "show good cause why the time limitation should be waived, and should provide justification by reference to factors set forth in Rule 214(d)(1) of the Commission's Rules and Regulations.²

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the eFiling link at <http://www.ferc.gov>. Persons unable to file electronically

¹ Tennessee Gas Pipeline Company, L.L.C., 162 FERC 61,167 at 50 (2018).

² 18 CFR 385.214(d)(1).

should submit an original and 3 copies of the protest or intervention to the Federal Energy regulatory Commission, 888 First Street NE, Washington, DC 20426.

Comment Date: May 17, 2019.

Dated: April 26, 2019.

Nathaniel J. Davis, Sr.,
Deputy Secretary.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9993-06-Region 5]

Clean Air Act Operating Permit Program; Petition for Objection to State Operating Permit for Cargill, Inc.

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final order on petition to object to Clean Air Act title V operating permit.

SUMMARY: The Environmental Protection Agency (EPA) Administrator signed an Order dated March 20, 2019, denying a petition dated July 11, 2014 from Michelle Ford (Petitioner). The Petitioner requested that EPA object to a Clean Air Act (CAA) title V operating permit issued by the Illinois Environmental Protection Agency (IEPA) to Cargill, Inc. (Cargill) for its Bloomington, Illinois, soybean processing facility.

ADDRESSES: EPA requests that you contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section to view copies of the final Order, the Petition, and other supporting information. You may review copies of the final Order, the Petition, and other supporting information at the EPA Region 5 Office, 77 W Jackson Blvd., Chicago, Illinois 60604. You may view the hard copies Monday through Friday, from 9 a.m. to 4 p.m., excluding Federal holidays. If you wish to examine these documents, you should make an appointment at least 24 hours before the visiting day. Additionally, the final Order and Petition are available electronically at: <https://www.epa.gov/title-v-operating-permits/title-v-petition-database>.

FOR FURTHER INFORMATION CONTACT:

David Ogulei, Environmental Engineer, Air Permits Section, Air Programs Branch (AR-18J), Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 353-0987, ogulei.david@epa.gov.

SUPPLEMENTARY INFORMATION: The CAA affords EPA a 45-day period to review, and object, as appropriate, to title V operating permits proposed by State permitting authorities. Section 505(b)(2) of the CAA authorizes any person to petition the EPA Administrator within 60 days after the expiration of the EPA review period to object to a title V operating permit if EPA has not done so on its own initiative. Petitions must be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided by the State, unless the petitioner demonstrates that it was impracticable to raise issues during the comment period, or the grounds for the issues arose after this period.

On July 11, 2014, the Petitioner submitted a petition requesting that EPA object, pursuant to section 505(b)(2) of the CAA and 40 CFR 70.8(d), to the title V permit that IEPA issued on April 21, 2014 to Cargill for its Bloomington, Illinois, soybean processing facility. The Petitioner alleged that (1) the permit contains vague and undefined terms, including “properly operated,” “reasonable steps,” “reasonable times,” “any records,” “other parameters,” “standard test methods,” and an unclear date for when EPA notice started, among others; (2) the inspection provisions of the permit are inadequate because Cargill is forewarned of any inspections, may delay inspections, and has ample opportunity to correct any issues that would be found during inspection; (3) the permit improperly authorizes Cargill to operate “outdated” pre-1973 equipment and does not mandate upgrades to equipment to ensure compliance with permit limits; (4) the monitoring and control requirements of the permit are insufficient to address the facility’s alleged historical violations of particulate matter emission limits; (5) the permit’s recordkeeping requirements are inadequate because they do not require daily recordkeeping of the amount of grain processed; and (6) area residents’ health, property and quality of life, including the ability to open windows or enjoy their property outdoors, have been severely impacted by Cargill’s continued operation.

On March 20, 2019, the Administrator issued an order denying the petition. The order explains the basis for EPA’s decision.

Sections 307(b) and 505(b)(2) of the CAA provide that a petitioner may request judicial review of those portions of an order that deny issues in a petition. Any petition for review of the Administrator’s March 20, 2019 Order shall be filed in the United States Court

of Appeals for the appropriate circuit no later than July 1, 2019.

Dated: April 18, 2019.

Cathy Stepp,

Regional Administrator, Region 5.

BILLING CODE 6560-50-P

FARM CREDIT ADMINISTRATION

Sunshine Act Meeting; Farm Credit Administration Board

AGENCY: Farm Credit Administration.

ACTION: Notice, regular meeting.

SUMMARY: Notice is hereby given, pursuant to the Government in the Sunshine Act, of the regular meeting of the Farm Credit Administration Board (Board).

DATES: The regular meeting of the Board will be held at the offices of the Farm Credit Administration in McLean, Virginia, on May 9, 2019, from 9:00 a.m. until such time as the Board concludes its business.

ADDRESSES: Farm Credit Administration, 1501 Farm Credit Drive, McLean, Virginia 22102-5090. Submit attendance requests via email to VisitorRequest@FCA.gov. See

SUPPLEMENTARY INFORMATION for further information about attendance requests.

FOR FURTHER INFORMATION CONTACT: Dale Aultman, Secretary to the Farm Credit Administration Board, (703) 883-4009, TTY (703) 883-4056.

SUPPLEMENTARY INFORMATION: This meeting of the Board will be open to the public (limited space available), and parts will be closed to the public. Please send an email to VisitorRequest@FCA.gov at least 24 hours before the meeting. In your email include: Name, postal address, entity you are representing (if applicable), and telephone number. You will receive an email confirmation from us. Please be prepared to show a photo identification when you arrive. If you need assistance for accessibility reasons, or if you have any questions, contact Dale Aultman, Secretary to the Farm Credit Administration Board, at (703) 883-4009. The matters to be considered at the meeting are:

Open Session

A. Approval of Minutes

- April 9, 2019.

B. New Business

- Statement on Regulatory Burden.
