BILLING CODE 6712-01-P

FEDERAL COMMUNICATIONS COMMISSION

Federal Advisory Committee Act; Technological Advisory Council

AGENCY: Federal Communications Commission.

ACTION: Notice of renewal of the Technological Advisory Council's charter.

SUMMARY: The Federal Communications Commission (Commission) hereby announces that the charter of the Technological Advisory Council (hereinafter Committee) has been renewed pursuant to the Federal Advisory Committee Act (FACA).

FOR FURTHER INFORMATION CONTACT: Michael Ha, Deputy Chief, Policy and Rules Division 202-418-2099; michael.ha@fcc.gov.

SUPPLEMENTARY INFORMATION: On April 16, 2019, the General Services Administration approved renewal of the charter of the Committee pursuant to provisions of the FACA. The Commission intends to renew the charter on or before May 17, 2019 and provide the Committee with authorization to operate for two years from the effective date.

Rapid advances in technology have resulted in innovations in how telecommunications services are provided to, and are accessed by, users of those services. Many of these advances are increasing the rate of convergence among categories of services that have traditionally been viewed as distinct, such as cable television services, telephony, data services, and internet services.

Regulations must be examined in light of these technology advances, and the Commission must remain abreast of new developments in technology so that it can effectively fulfill its responsibilities under the Communications Act.

The Committee provides recommendations to the Commission on the issues and questions presented to it by the FCC. The Committee will focus on key issues affecting the deployment of new broadband technologies and services seeking to spur opportunities for innovation, greater efficiencies, and

job creation. The Committee will address questions referred to it through the Designated Federal Officer by the FCC Chairman, the Chief of the FCC Office of Engineering and Technology, or the FCC Chief Technology Officer. The questions referred to the TAC will be directed to technological and technical issues in the field of communications.

The Committee is organized under, and operates in accordance with, the provisions of the FACA. The Committee will be solely advisory in nature. Consistent with FACA and its requirements, each meeting of the Committee will be open to the public unless otherwise noticed. Records will be maintained of each meeting and made available for public inspection. All activities of the Committee will be conducted in an open, transparent, and accessible manner. The Committee shall terminate on May 17, 2021, or earlier upon the completion of its work as determined by the Chairman, unless its charter is renewed prior to the termination date.

The Committee will meet approximately three to five times per year in Washington, DC. The meetings of the TAC will be described in a Public Notice issued and published in the **Federal Register** at least fifteen (15) days prior to the first meeting date. In addition, as needed, working groups or subcommittees (ad hoc or steering) will be established to facilitate the Committee's work between meetings of the full Committee. All meetings, including those of working groups and subcommittees, will be fully accessible to individuals with disabilities.

Federal Communications Commission.

Marlene Dortch,

Secretary.

BILLING CODE 6712-01-P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-1215]

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or

Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before July 2, 2019. If you anticipate that you will be submitting comments but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email PRA@fcc.gov and to Cathy.Williams@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418-2918.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-1215.
Title: Use of Spectrum Bands Above 24 GHz for Mobile Radio Services.
Form Number: N/A.
