SUPPLEMENTARY INFORMATION:

I. Background on the Missouri Plan

The Abandoned Mine Land Reclamation Program was established by Title IV of the Act (30 U.S.C. 1201 et seq.), in response to concerns over extensive environmental damage caused by past coal mining activities. The program is funded by a reclamation fee collected on each ton of coal that is produced. The money collected is used to finance the reclamation of abandoned coal mines and for other authorized activities. Section 405 of the Act allows States and Indian tribes to assume exclusive responsibility for reclamation activity within the State or on Indian lands if they develop and submit to the Secretary of the Interior for approval, a program (often referred to as a Plan) for the reclamation of abandoned coal mines. On the basis of these criteria, the Secretary of the Interior approved the Missouri Plan effective January 29, 1982. You can find background information on the Missouri Plan, including the Secretary’s findings, the disposition of comments, and the conditions of approval of the Missouri Plan in the January 29, 1982, Federal Register (47 FR 4253). You can also find later actions concerning the Missouri Plan and amendments to the Plan at 30 CFR 925.20 and 925.25.

II. Description of the Proposed Amendment

By letter dated March 6, 2019 (Administrative Record No. MO–685), Missouri sent us an amendment to its Plan under SMCRA (30 U.S.C. 1201 et seq.) at its own initiative. Below is a summary of the changes proposed by Missouri. The full text of the Plan amendment is available for you to read at the locations listed above under ADDRESSES.

Missouri proposes to amend the following sections of its Abandoned Mine Land Reclamation Fund and Abandoned Mine Reclamation and Restoration regulations to conform to the requirements of Missouri Executive Order 17–03 and to align with the 2006 amendments to SMCRA and the subsequent November 14, 2018, changes to the Federal regulations:

10 CSR 40–9.010—Abandoned Mine Reclamation Fund
10 CSR 40–9.020—General Requirements
10 CSR 40–9.030—Rights of Entry
10 CSR 40–9.040—Acquisition of Land and Water for Reclamation
10 CSR 40–9.050—Management and Disposition of Land and Water
10 CSR 40–9.060—Reclamation on Private Lands

III. Public Comment Procedures

We are seeking your comments on whether the amendment satisfies the applicable plan approval criteria of 30 CFR 884.14 and 884.15. If we approve the amendment, it will become part of the State Plan.

Electronic or Written Comments

If you submit written comments, they should be specific, confined to issues pertinent to the proposed Plan, and explain the reason for any recommended change(s). We cannot ensure that comments received after the close of the comment period (see DATES) or sent to an address other than those listed (see ADDRESSES) will be included in the docket for this rulemaking and considered.
