

tenant families assisted under a Section 8 or Public Housing covered program.

(b) *Assistance available to other families in occupancy.* Temporary deferral of termination of assistance may be available to families receiving assistance under a Section 214 covered program on June 19, 1995, and who have no members with eligible immigration status, as set forth in paragraphs (b)(1) and (2) of this section.

(1) *For Housing covered programs.* Temporary deferral of termination of assistance is available to families assisted under a Housing covered program.

(2) *For Section 8 or Public Housing covered programs.* The responsible entity may make temporary deferral of termination of assistance to families assisted under a Section 8 or Public Housing covered program.

(c) *Section 8 covered programs: Discretion afforded to provide certain family preservation assistance—(1) Project owners.* With respect to assistance under a Section 8 Act covered program administered by a project owner, HUD has the discretion to determine under what circumstances families are to be provided one of the two statutory forms of assistance for preservation of the family (continued assistance or temporary deferral of assistance). HUD is exercising its discretion by specifying the standards in this section under which a project owner must provide one of these two types of assistance to a family.

(2) *PHAs.* The PHA, rather than HUD, has the discretion to determine the circumstances under which a family will be offered one of the two statutory forms of assistance (continued assistance or temporary deferral of termination of assistance). The PHA must establish its own policy and criteria to follow in making its decision. In establishing the criteria for granting continued assistance or temporary deferral of termination of assistance, the PHA must incorporate the statutory criteria, which are set forth in § 5.518(a) and (b).

■ 10. Amend § 5.518 as follows:

■ a. Revise the section heading and paragraphs (a), (b)(1), (b)(2) introductory text, and (b)(3); and

■ b. Remove paragraph (c) and redesignate paragraph (d) as new paragraph (c).

The revisions read as follows:

§ 5.518 Types of preservation assistance available to tenant families.

(a) *Continued assistance.* A tenant family may receive continued housing assistance if all the following conditions are met (a tenant family assisted under

a Housing covered program must be provided continued assistance if the family meets the following conditions):

(1) The family was receiving assistance under a Section 214 covered program on June 19, 1995;

(2) The family's head of household or spouse has eligible immigration status as described in § 5.506; and

(3) The family does not include any person who does not have eligible immigration status other than the head of household, any spouse of the head of household, any parents of the head of household, any parents of the spouse, or any children of the head of household or spouse.

(b) *Temporary deferral of termination of assistance—(1) Eligibility for this type of assistance.* If a tenant family does not qualify for continued assistance, the family may be eligible for temporary deferral of termination of assistance, if necessary, to permit the family additional time for the orderly transition of those family members with ineligible status, and any other family members involved, to other affordable housing. Other affordable housing is used in the context of transition of an ineligible family from a rent level that reflects HUD assistance to a rent level that is unassisted; the term refers to housing that is not substandard, that is of appropriate size for the family, and that can be rented for an amount not exceeding the amount that the family pays for rent, including utilities, plus 25 percent.

(2) *Housing covered programs: Conditions for granting temporary deferral of termination of assistance.* The responsible entity shall grant a temporary deferral of termination of assistance to a family if the family is assisted under a Housing covered program and one of the following conditions is met:

* * * * *

(3) *Time limit on deferral period.* If temporary deferral of termination of assistance is granted, the deferral period shall be for an initial period not to exceed six months. The initial period may be renewed for additional periods of six months, but the aggregate deferral period for deferrals shall not exceed a period of eighteen months. These time periods do not apply to a family that includes an individual admitted as a refugee under section 207 of the Immigration and Nationality Act or an individual granted asylum under section 208 of that Act.

* * * * *

■ 11. Revise § 5.520(a) to read as follows:

§ 5.520 Proration of assistance.

(a) *Applicability.* This section applies to a family whose head of household or spouse has eligible immigration status, pending final determinations for other family members.

* * * * *

■ 12. Revise § 5.522 to read as follows:

§ 5.522 Prohibition of assistance to noncitizen students.

The provisions of §§ 5.516 and 5.518 permitting continued assistance or temporary deferral of termination of assistance for certain families do not apply to any person who is determined to be a noncitizen student as in section 214(c)(2)(A) (42 U.S.C. 1436a(c)(2)(A)).

I. Background on the Kentucky Program

Section 503(a) of the Act permits a State to assume primacy for the regulation of surface coal mining and reclamation operations on non-Federal and non-Indian lands within its borders by demonstrating that its State program includes, among other things, State laws and regulations that govern surface coal mining and reclamation operations in accordance with the Act and consistent with the Federal regulations. See 30 U.S.C. 1253(a)(1) and (7). On the basis of these criteria, the Secretary of the Interior conditionally approved the Kentucky program effective May 18, 1982. You can find additional background information on the Kentucky program, including the Secretary's findings, the disposition of comments, and conditions of approval in the May 18, 1982, **Federal Register**, (47 FR 21434). You can also find later actions concerning Kentucky's program and program amendments at 30 CFR 917.11, 917.12, 917.13, 917.15, 917.16, and 917.17.

II. Description of the Proposed Amendment

By letter dated September 19, 2018, Kentucky sent OSMRE an amendment to its program under SMCRA (30 U.S.C. 1201 *et seq.*) that includes changes to statutory provisions of the Kentucky Revised Statutes (KRS) (Administrative Record No. KY-2003-01). The General Assembly of the Commonwealth of Kentucky enacted statutory changes through House bill 261 and the changes became effective on July 14, 2018. The statutory changes involve civil penalty escrow accounts, civil penalty fund distributions, self-bonding, and major permit revisions related to underground mining. These changes are codified at KRS Chapter 350, Surface Coal Mining, sections 350.0301, 350.064, 350.070, 350.519, and 350.990. The Kentucky Department for Natural Resources was not required to promulgate administrative regulations as a result of the bill. The revised statutory provisions of 30 KRS are described below.

A. KRS 350.0301, *Petition Challenging the Determination of the Cabinet—Conduct of Hearings—Administrative Regulations—Secretary may Designate Deputy Secretary to Sign*

Final Orders. Kentucky seeks to revise KRS 350.0301(5) by removing language requiring civil penalty funds to be placed in escrow prior to a formal hearing on the amount of the assessment of the civil penalties. A provision allowing a waiver of the escrow amount for individuals demonstrating an inability to pay the proposed civil penalty assessment into escrow is also being removed.

B. KRS 350.064, *Reclamation Bond to be filed by Applicant.* Kentucky seeks to revise KRS 350.064(2) by removing language that allows self-bonding in the State. A self-bond is backed only by the company's name and overall financial health, not by sureties or specific pledges of collateral. Currently, in order to qualify and receive state approval for self-bond, the applicant must successfully demonstrate a history of financial solvency and continuous operation and the existence of a suitable agent to receive service of process.

C. KRS 350.070, *Permit Revisions.* Kentucky seeks to revise 350.070(1) by removing language that requires operators to submit a major permit revision application, for an extension of underground mining areas if certain conditions are met (area extension is not considered an incidental boundary revision and does not include planned subsidence or other new proposed surface disturbances). Kentucky also seeks to remove section (6)(b) that defines the maximum acres for a revision to be considered an incidental boundary revision involving underground mining.

D. KRS 350.518, *Permittee to submit permit-specific bond under KRS 350.060(11)—Tonnage Fees—Assignment of Mine Type Classification—Inclusion of Future Permits of Existing Classification—Inclusion of Future Permits of Existing Voluntary Bond Pool Members—Permit-specific Penal Bond—Administrative Regulations—Suspension of Permit for Arrearage in Fees, Rights and Remedies.* Kentucky seeks to delete 350.518(11), which allows penalty funds in excess of \$800,000 to be equally divided between the AML supplemental fund and the Kentucky Reclamation Guaranty Fund, herein referred to as "the Fund."

E. KRS 350.990, *Penalties.* Kentucky seeks to revise 350.990(1) by removing the requirement to allocate 50% of the civil penalties deposited in excess of \$800,000 to the Fund for the purposes set forth in KRS 350.500 to 350.521, and 350.595 (which involve definitions, the Fund Commission, and other matters related to the Fund such as mandatory participation in the Fund, permit-

specific bond requirements, forfeiture of bonds for permits covered by the Fund, and Fund coverage for the AML Enhancement Program) and 50% to the AML supplemental fund established under KRS 350.139(1).

F. Deposit of Funds to State Treasury—Exceptions—Amount to be Transferred to Fiscal Courts—Remainder for Division of Mine Permits. Kentucky seeks to add new language that requires civil penalty funds collected over \$800,000 to be redistributed to any mining program authorized by KRS Chapters 350, *Surface Mining*, 351, *Department for Natural Resources*, and 352, *Mining Regulations*. Chapters 351 and 352 includes, among other things, mine safety provisions.

In addition to the changes noted above, minor changes such as renumbering and grammatical edits are also included.

The full text of the program amendment is available for you to read at the locations listed above under **ADDRESSES** or at www.regulations.gov.

III. Public Comment Procedures

Under the provisions of 30 CFR 732.17(h), we are seeking your comments on whether the amendment satisfies the applicable program approval criteria of 30 CFR 732.15. If we approve the amendment, it will become part of Kentucky's State program.

Electronic or Written Comments

If you submit written or electronic comments on the proposed rule during the 30-day comment period, they should be specific, confined to issues pertinent to the proposed regulations, and explain the reason for any recommended change(s). We appreciate any and all comments, but those most useful and likely to influence decisions on the final regulations will be those that either involve personal experience or include citations to and analyses of SMCRA, its legislative history, its implementing regulations, case law, other pertinent State or Federal laws or regulations, technical literature, or other relevant publications.

We cannot ensure that comments received after the close of the comment period (see **DATES**) or sent to an address other than those listed (see **ADDRESSES**) will be included in the docket for this rulemaking and considered.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment including your

personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Public Hearing

If you wish to speak at the public hearing, contact the person listed under **FOR FURTHER INFORMATION CONTACT** by 4:00 p.m., e.s.t. on May 28, 2019. If you are disabled and need reasonable accommodations to attend a public hearing, contact the person listed under **FOR FURTHER INFORMATION CONTACT**. We will arrange the location and time of the hearing with those persons requesting the hearing. If no one requests an opportunity to speak, we will not hold a hearing.

To assist the transcriber and ensure an accurate record, we request, if possible, that each person who speaks at the public hearing provide us with a written copy of his or her comments. The public hearing will continue on the specified date until everyone scheduled to speak has been given an opportunity to be heard. If you are in the audience and have not been scheduled to speak and wish to do so, you will be allowed to speak after those who have been scheduled. We will end the hearing after everyone scheduled to speak, and others present in the audience who wish to speak, have been heard.

Public Meeting

If only one person requests an opportunity to speak, we may hold a public meeting rather than a public hearing. If you wish to meet with us to discuss the amendment, please request a meeting by contacting the person listed under **FOR FURTHER INFORMATION CONTACT**. All such meetings are open to the public and, if possible, we will post notices of meetings at the locations listed under **ADDRESSES**. We will make a written summary of each meeting a part of the administrative record.

IV. Procedural Determinations

Executive Order 12866—Regulatory Planning and Review

Pursuant to Office of Management and Budget (OMB) Guidance dated October 12, 1993, the approval of State program amendments is exempted from OMB review under Executive Order 12866.

Other Laws and Executive Orders Affecting Rulemaking

When a State submits a program amendment to OSMRE for review, our regulations at 30 CFR 732.17(h) require us to publish a notice in the **Federal**

Register indicating receipt of the proposed amendment, its text or a summary of its terms, and an opportunity for public comment. We will conclude our review of the proposed amendment after the close of the public comment period and determine whether the amendment should be approved, approved in part, or not approved. At that time, we will also make the determinations and certifications required by the various laws and executive orders governing the rulemaking process and include them in the final rule.

Missouri Abandoned Mine Land Reclamation Plan

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Proposed rule; public comment period and opportunity for public hearing on proposed amendment.

SUMMARY: We, the Office of Surface Mining Reclamation and Enforcement (OSMRE), are announcing receipt of a proposed amendment to the Missouri Abandoned Mine Land Reclamation Fund and Abandoned Mine Reclamation and Restoration regulations (hereinafter, the Plan) under the Surface Mining Control and Reclamation Act of 1977 (SMCRA or the Act). As a result of Missouri's Red Tape Reduction Initiative (Executive Order 17-03), Missouri proposes amendments to its Plan in order to reduce the volume of these regulations without reducing the Plan's requirements. Missouri also proposes revisions to several sections of its Plan to align with the 2006 amendments to SMCRA and the
