

Registration Checklist. If you have not recently applied for Federal funds, we recommend that you initiate your search, registration, and application process with *Grants.gov*. Visiting the *Grants.gov* site will inform you of how to apply for grant opportunities, as well as assist you in linking to the other required registrations, *i.e.*, Dun & Bradstreet to obtain a DUNS Number, and System for Award Management (SAM).

Summary of steps (these steps are available in *Grants.gov* during registration):

*Step 1: Obtain DUNS Number*

Same day. If requested by phone (1-866-705-5711), DUNS is provided immediately. If your organization does not have one, you will need to go to the Dun & Bradstreet website at <http://fedgov.dnb.com/webform> to obtain the number.

*Step 2: Register With SAM*

Three to five business days or up to two weeks. If you already have a Taxpayer Identification Number (TIN), your SAM registration will take three to five business days to process. If you are applying for an Employer Identification Number (EIN) please allow up to two weeks. Ensure that your organization is registered with the System for Award Management (SAM) at <https://www.sam.gov>. If your organization is not, an authorized official of your organization must register.

*Step 3: Establish an Account in Grants.gov—Username & Password*

Same day. Complete your Authorized Organization Representative (AOR) profile on *Grants.gov* and create your username and password. You will need to use your organization's DUNS Number to complete this step. See <https://apply07.grants.gov/apply/OrcRegister>.

*Step 4: Grants.gov—AOR Authorization*

\* Same day. The E-Business Point of Contact (E-Biz POC) at your organization must login to *Grants.gov* to confirm you as an Authorized Organization Representative (AOR). Please note that there can be more than one AOR for your organization. In some cases, the E-Biz POC is also the AOR for an organization. \* Time to complete depends on responsiveness of your E-Biz POC.

\* *Please Note:* *Grants.gov* gives you the option of registering as an "individual" or as an "Organization." If you register in *Grants.gov* as an "Individual," your "Organization" will not be allowed to use the *Grants.gov* username and password. To apply for grants as an Organization, you must register as an Organization and use that specific username and password issued during the "Organization" registration process.

**ACTION:** Notice and request for comments.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, this notice announces that the Information Collection Requests (ICRs) discussed below will be forwarded to the Office of Management and Budget (OMB) for renewal and extension. These ICRs describe the nature of the information collections and their expected burdens. A **Federal Register** notice with a 60-day comment period soliciting comments on these ICRs was published in the **Federal Register** on February 25, 2019 under Docket No. PHMSA-2018-0114 (Notice No. 2018-24). PHMSA received two comments in response to the February 25, 2019 notice. One comment from Bruce Grimm was supportive of PHMSA continuing to collect information related to subsidiary hazards under OMB control number 2137-0613. The other comment was outside the scope of this notice.

**DATES:** Interested persons are invited to submit comments on, or before June 10, 2019.

**SUPPLEMENTARY INFORMATION:** Section 1320.8 (d), Title 5, Code of Federal Regulations requires Federal agencies to provide interested members of the public and affected agencies an opportunity to comment on information collection and recordkeeping requests. This notice identifies information collection requests that PHMSA will be submitting to OMB for renewal and extension. These information collections are contained in 49 CFR parts 110, 172, and 173 of the Hazardous Materials Regulations (HMR; 49 CFR parts 171-180). PHMSA has revised burden estimates, where appropriate, to reflect current reporting levels or adjustments based on changes in proposed or final rules published since the information collections were last approved. The following information is provided for each information collection: (1) Title of the information collection, including former title if a change is being made; (2) OMB Control Number; (3) abstract of the information collection activity; (4) description of affected persons; (5) estimate of total annual reporting and recordkeeping burden; and (6) frequency of collection. PHMSA will request a three-year term of approval for each information collection activity and, when approved by OMB, publish notice of the approvals in the **Federal Register**.

PHMSA requests comments on the following information collections:

*Affected Public:* Shippers and carriers of radioactive materials in commerce.  
*Annual Reporting and Recordkeeping Burden:*  
*Number of Respondents:* 320.  
*Total Annual Responses:* 2,915.  
*Total Annual Burden Hours:* 15,347.  
*Frequency of Collection:* On occasion.  
*Title:* Hazardous Materials Public Sector Training and Planning Grants.

*OMB Control Number:* 2137–0586.  
*Summary:* 49 CFR part 110 sets forth the procedures for reimbursable grants for planning and training in support of the emergency preparedness efforts of States, Indian tribes, and local communities to manage hazardous materials emergencies, particularly those involving transportation. Sections

in this part address information collection and recordkeeping with regard to applying for grants, monitoring expenditures, and reporting and requesting modifications. The following information collection and burden is associated with this OMB Control Number:

Information collection	Respondents	Total annual responses	Hours per response	Total annual burden hours
Hazardous Materials Grants Applications .....	62	62	83.23	5,160

*Affected Public:* State and local governments, Indian tribes.  
*Annual Reporting and Recordkeeping Burden:*  
*Annual Respondents:* 62.  
*Annual Responses:* 62.  
*Annual Burden Hours:* 5,160.  
*Frequency of Collection:* On occasion.  
*Title:* Subsidiary Hazard Class and Number/Type of Packagings.  
*OMB Control Number:* 2137–0613.  
*Summary:* The HMR require that shipping papers and emergency response information accompany each shipment of hazardous materials in commerce. In addition to the basic shipping description information, we also require the subsidiary hazard class or subsidiary division number(s) to be entered in parentheses following the primary hazard class or division number on shipping papers. This requirement was originally required only by transportation by vessel. However, the

lack of such a requirement posed problems for motor carriers with regard to complying with segregation, separation, and placarding requirements, as well as posing a safety hazard. For example, in the event the motor vehicle becomes involved in an accident, when the hazardous materials being transported include a subsidiary hazard such as “dangerous when wet” or a subsidiary hazard requiring more stringent requirements than the primary hazard, there is no indication of the subsidiary hazards on the shipping papers and no indication of the subsidiary risks on placards. Under circumstances such as motor vehicles being loaded at a dock, labels are not enough to alert hazardous materials employees loading the vehicles, nor are they enough to alert emergency responders of the subsidiary risks contained on the vehicles. Therefore, we require the subsidiary hazard class or

subsidiary division number(s) to be entered on the shipping paper, for purposes of enhancing safety and international harmonization.  
 Shipping papers serve as a principal means of identifying hazardous materials during transportation emergencies. Firefighters, police, and other emergency response personnel are trained to obtain the DOT shipping papers and emergency response information when responding to hazardous materials transportation emergencies. The availability of accurate information concerning hazardous materials being transported significantly improves response efforts in these types of emergencies. The additional information would aid emergency responders by more clearly identifying the hazard.  
 The following information collection and burden is associated with this OMB Control Number:

Information collection	Respondents	Total annual responses	Seconds per response	Total annual burden hours
Subsidiary Hazard Class on Shipping Papers .....	260,000	43,810,000	2	24,339

*Affected Public:* Shippers and carriers of hazardous materials in commerce.  
*Annual Reporting and Recordkeeping Burden:*

*Number of Respondents:* 260,000.  
*Total Annual Responses:* 43,810,000.  
*Total Annual Burden Hours:* 24,339.  
*Frequency of Collection:* On occasion.

Issued in Washington, DC, on May 6, 2019.

*Associate Administrator of Hazard Materials Safety, Pipeline and Hazardous Materials Safety Administration.*

*Title:* Bank Secrecy Act/Money Laundering Risk Assessment.

*OMB Control No:* 1557-0231.

*Type of Review:* Regular.

*Affected Public:* Business or other for-profit.

*Description:* The MLR System enhances the ability of examiners and bank management to identify and evaluate Bank Secrecy Act/Money Laundering and Office of Foreign Asset Control (OFAC) sanctions risks associated with banks’ products, services, customers, and locations. As new products and services are introduced, existing products and services change, and banks expand through mergers and acquisitions, banks’ evaluation of money laundering and terrorist financing risks should evolve as well. Consequently, the MLR risk assessment is an important tool for the OCC’s Bank Secrecy Act/Anti-Money Laundering and OFAC supervision activities because it allows the agency to better identify those institutions, and areas within institutions, that pose heightened risk and allocate examination resources accordingly. This risk assessment is critical in protecting U.S. financial institutions of all sizes from potential abuse from money laundering and terrorist financing. An appropriate risk assessment allows applicable control to be effectively implemented for the lines of business, products, or entities that

<sup>1</sup> Following the close of the 60-day comment period for this notice, the OCC will publish a notice for 30 days of comment for this collection.
