C. Purpose of the e-Manifest Advisory Board

The Hazardous Waste Electronic Manifest System Advisory Board is established in accordance with the provisions of the Hazardous Waste Electronic Manifest Establishment Act, 42 U.S.C. 6939g, and the Federal Advisory Committee Act (FACA), 5 U.S.C. App.2. The e-Manifest Advisory Board is in the public interest and supports the Environmental Protection Agency in performing its duties and responsibilities.

The e-Manifest Advisory Board will provide recommendations on matters related to the operational activities, functions, policies, and regulations of the EPA under the e-Manifest Act, including: The effectiveness of the e-

Manifest IT system and associated user fees and processes; matters and policies related to the e-Manifest program; regulations and guidance as required by the e-Manifest Act; actions to encourage the use of the electronic (paperless) system; changes to the user fees as described in e-Manifest Act Section 2(c)(3)(B)(i); and issues in the e-Manifest area, including those identified in the EPA's E-Enterprise strategy that intersect with the e-Manifest system, such as: Business-to-business communications; performance standards for mobile devices; and the EPA's Cross Media Electronic Reporting Rule (CROMERR) requirements.

The sole duty of the Advisory Board is to provide advice and recommendations to the EPA Administrator. As required by the e-Manifest Act, the e-Manifest Advisory Board is composed of nine (9) members. One (1) member is the EPA Administrator (or a designee), who serves as Chairperson of the Advisory Board. The rest of the committee is composed of:

- At least two (2) members who have expertise in information technology;
- At least three (3) members who have experience in using or represent users of the manifest system to track the transportation of hazardous waste under the e-Manifest Act;
- At least three (3) members who are state representatives responsible for processing manifests.

All members of the e-Manifest Advisory Board, except for the EPA Administrator, are appointed as Special Government Employees or representatives.

D. Public Meeting

EPA launched the e-Manifest system on June 30, 2018. e-Manifest enables those persons required to use a RCRA manifest under either federal or state law the option of using electronic manifests to track shipments of hazardous waste and to meet certain RCRA reporting and recordkeeping requirements.

EPA will convene its next public meeting of the e-Manifest System Advisory Board from June 18–20, 2019. The purpose of this meeting is to obtain advice from the Board on ways to increase the adoption of the e-Manifest system. The Agency has received feedback from the user community that clarifying the requirements and implementation of CROMERR is one way to encourage greater adoption of fully electronic manifests. The Agency will address this topic and propose technological solutions for consideration by the Board.

E. e-Manifest Advisory Board Documents and Meeting Minutes

The meeting background paper, related supporting materials, charge/questions to the Advisory Board, the Advisory Board membership roster (*i.e.*, members attending this meeting), and the meeting agenda will be available by approximately mid-May 2019. In addition, the Agency may provide additional background documents as the materials become available. You may obtain electronic copies of these documents, and certain other related documents that might be available at <http://www.regulations.gov> and the e-Manifest Advisory Board website at: <https://www.epa.gov/e-manifest/hazardous-waste-electronic-manifest-system-e-manifest-advisory-board>.

The e-Manifest Advisory Board will prepare meeting minutes summarizing its recommendations to the Agency approximately ninety (90) days after the meeting. The meeting minutes will be posted on the e-Manifest Advisory Board website or may be obtained from the docket at <http://www.regulations.gov>.
