

the Assistant to the President for Science and Technology, will seek to achieve consensus among departments and agencies, or filing that, by referral to the President. All efforts will be taken to resolve the dispute within 3 weeks of its submission to the Assistant to the President for National Security Affairs and the Assistant to the President for Science and Technology.

C. Interagency Dispute Resolution Concerning Other Commercial Remote Sensing Matters

Nothing in this MOU precludes any Party to this MOU from addressing through other appropriate channels, consistent with the Act and applicable directives, any matter regarding commercial remote sensing unrelated to (1) adjudicating remote sensing licensing actions, or (2) the interruption of normal commercial operations. Such matters may be raised using standard coordination processes, including by referral to the Assistant to the President for National Security Affairs, who, in coordination with the Assistant to the President for Science and Technology, will seek to achieve consensus among the departments and agencies, or filing that, by referral to the President, when appropriate.

D. Consultation During Review of Interruption of Normal Commercial Operations

(1) This section establishes the process to limit the licensee's data collection and/or distribution where necessary to meet international obligations or foreign policy interests, as determined by the Secretary of State, or during periods of increased concern for national security, as determined by the Secretary of Defense in consultation with the Director of National Intelligence and the Chairman of the Joint Chiefs of Staff. DOC will provide DOS, DOD, ODNI, and JCS copies of licensee correspondence and documents that describe how the licensee will comply with such interruptions of its commercial operations.

(2) Conditions should be imposed for the smallest area and for the shortest period necessary to protect the international obligations and foreign policies or national security concerns at issue. Alternatives to prohibitions on collection and/or distribution shall be considered as "modified operations," such as delaying or restricting the transmission or distribution of data, restricting disseminated data quality, restricting the field of view of the system, obfuscation, encryption of the data, or other means to control the use of the data, provided the licensee has provisions to implement such measures.

(3) Except where urgency precludes it, DOS, DOD, DOC, ODNI and JCS will consult to attempt to come to an agreement concerning appropriate conditions to be imposed on the licensee in accordance with determinations made by DOS or DOD. Consultations shall be managed so that, in the event an agreement cannot be reached at the staff level, sufficient time will remain to allow the Secretary of Commerce to consult personally with the Secretary of State, the Secretary of Defense, the Director of National

Intelligence, or the Chairman of the Joint Chiefs of Staff as appropriate, prior to the issuance of a determination by the Secretary of State, or the Secretary of Defense, in accordance with (4) below. That function shall not be delegated below the Secretary or acting Secretary.

(4) After such consultations, or when the Secretary of State or the Secretary of Defense, specifically determines that urgency precludes consultation with the Secretary of Commerce, the Secretary of State shall determine the conditions necessary to meet international obligations and foreign policy concerns, and the Secretary of Defense shall determine the conditions necessary to meet national security concerns. This function shall not be delegated below the Secretary or acting Secretary.

(5) The Secretary of State or the Secretary of Defense will provide to the Secretary of Commerce a determination regarding the conditions required to be imposed on the licensees. The determination will describe the international obligations, specific foreign policy, or national security interest at risk. Upon receipt of the determination, DOC shall immediately notify the licensees of the imposition of limiting conditions on commercial operations. Copies of the determination and any implementing DOC action will be provided promptly to the Assistant to the President for National Security Affairs and the Assistant to the President for Science and Technology.

(6) If the Secretary of Commerce believes the conditions determined by another Secretary are inappropriate, he or she will, simultaneous with notification to, and imposition of such conditions on, the licensee, so notify the Secretary of State or the Secretary of Defense, the Assistant to the President for National Security Affairs, and the Assistant to the President for Science and Technology. The Assistant to the President for National Security Affairs, in coordination with the Assistant to the President for Science and Technology, may initiate as soon as possible a Principals-level consultative process to achieve a consensus or, failing that, refer the matter the President for decision. All efforts will be taken to resolve the disagreement within 7 working days of its submission to the Assistant to the President for National Security Affairs and the Assistant to the President for Science and Technology.

E. Coordination Before Release of Information Provided or Generated by Other United States Government Departments or Agencies

Before releasing any information provided or generated by another department or agency to a licensee or potential licensee, to the public, or to an administrative law judge, the agency proposing the release must consult with the agency that provided or generated the information. The purpose of such consultations will be to review the propriety of any proposed release of information that may be privileged or restricted because it is classified, pre-decisional, deliberative, proprietary, or protected for other reasons. No information shall be released without the approval of the

department or agency that provided or generated it unless required by law.

F. No Legal Rights

No legal rights or remedies, or legally enforceable causes of action, are created or intended to be created by this MOU.
