**PURPOSE(S) OF THE SYSTEM:**

The purpose of this system is for Rural Development (RD) to maintain information that is used for current or prospective producers or landowners, applicants, borrowers, grantees, tenants, and other participants in RD programs designed to help improve the economy and quality of life in rural America. These financial systems support such essential public facilities and service as water and sewer systems, housing, health clinics, emergency service facilities, and electric and telephone services. Additionally, RD systems and feeder applications promote economic development by supporting loans to businesses through banks, credit unions, and community-managed lending pools. The suite of RD systems covered by this system of records is developed and maintained by the Chief Information Officer Washington DC.

**CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:**

Current or prospective producers or landowners, applicants, borrowers, grantees, tenants, and their respective household members, including members of associations and other participants in RD programs.

**CATEGORIES OF RECORDS IN THE SYSTEM:**

Records include individual's social security or employer identification

number, bank routing and account numbers; and their respective household members' characteristics, such as gross and net income, sources of income, capital, assets and liabilities, net worth, age, race, number of dependents, marital status, reference material, farm or ranch operating plans, and property appraisal. The system also tracks credit reports and personal references from credit agencies, lenders, businesses, and individuals. In addition, a running record of observation concerning the operations of the person being financed is included. A record of deposits to and withdrawals from an individual's supervised bank account is also contained in those files where appropriate. In some local offices, this record is maintained in a separate folder containing only information relating to activity within supervised bank accounts. Some items of information are extracted from the individual's file and placed in a card file for quick reference.

#### RECORD SOURCE CATEGORIES:

Information in this system comes primarily from credit reports. Personal references come primarily from current or prospective producers or landowners, applicants, borrowers, grantees, tenant, credit agencies, and creditors.

#### ROUTINE USES OF RECORDS MAINTAINED IN THE GROUP OF APPLICATIONS, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

In addition to those disclosures generally permitted under 5 U.S.C. 552a(b) of the Privacy Act, all or a portion of the records information contained in this system may be disclosed outside USDA as a routine use pursuant to 5 U.S.C. a(b)(3) as follows:

1. When a record on its face, or in conjunction with other records, indicates a violation or potential violation of law, whether civil, criminal or regulatory in nature, and whether arising by general statute or particular program statute, or by regulation, rule, or order issued pursuant thereto, disclosure may be made to the appropriate agency, whether Federal, foreign, state, local, or tribal, or other public authority responsible for enforcing, investigating or prosecuting such violation or charged with enforcing or implementing the statute, or rule, regulation, or order issued pursuant thereto, if the information disclosed is relevant to any enforcement, regulatory, investigative or prospective responsibility of the receiving entity.

2. To a Member of Congress or to a Congressional staff member in response to an inquiry of the Congressional office made at the written request of the

5. Disclosure of names, home addresses, social security numbers, and financial information to a collection or servicing contractor, financial institution, or a local, state, or Federal agency, when RD determines such referral is appropriate for servicing or collecting the borrower's account or as provided for in contracts with servicing or collection agencies.

To a court or adjudicative body in a proceeding when: (a) The agency or any component thereof; or (b) any employee of the agency in his or her official capacity; or (c) any employee of the agency in his or her individual capacity where the agency has agreed to represent the employee; or (d) the United States Government, is a party to litigation or has an interest in such litigation, and by careful review, the agency determines that the records are both relevant and necessary to the litigation and the use of such records is therefore deemed by the agency to be for a purpose that is compatible with the purpose for which the agency collected the records.

7. Disclosure of names, home addresses, and financial information for selected borrowers to financial consultants, advisors, lending institutions, packagers, agents, and private or commercial credit sources, when RD determines such referral is appropriate to encourage the borrower to refinance his RD indebtedness as required by Title V of the Housing Act of 1949, as amended (42 U.S.C. 1471), or to assist the borrower in the sale of the property.

8. Disclosure of legally enforceable debts to the Department of the Treasury, Internal Revenue Service (IRS), to be offset against any tax refund that may become due the debtor for the tax year

in which the referral is made, in accordance with the IRS regulations at 26 CFR 301.6402-6T, Offset of Past Due Legally Enforceable Debt Against Overpayment, and under the authority contained in 31 U.S.C. 3720A.

12. Disclosure to private attorneys under contract with either RD or with the Department of Justice for the purpose of foreclosure and possession actions and collection of past due accounts in connection with RD.

13. To the Department of Justice when: (a) The agency or any component thereof; or (b) any employee of the agency in his or her official capacity where the Department of Justice has agreed to represent the employee; or (c) the United States Government, is a party to litigation or has an interest in such litigation, and by careful review, the agency determines that the records are both relevant and necessary to the litigation and the use of such records by the Department of Justice is therefore deemed by the agency to be for a purpose that is compatible with the purpose for which the agency collected the records.

14. Disclosure of names, home addresses, social security numbers, and financial information to the Department of Housing and Urban Development for the purpose of evaluating a loan applicant's creditworthiness, information that will allow for the pre-screening of applicants through the Credit Alert Verification Reporting

System (CAIVRS) computer matching program. An applicant shall be pre-screened for any debts owed or loans guaranteed by the Federal government to ascertain if the applicant is delinquent in paying a debt owed to or insured by the Federal government. Authorized employees of, and approved private lenders acting on behalf of, the Federal agencies participating in the CAIVRS computer matching program will be able to search the CAIVRS database.

*Explanatory Text:* Credit Alert Verification Reporting System (CAIVRS) is a Federal government database of delinquent Federal debtors that when reviewed, allows Federal agencies to reduce the risk to Federal loan and loan guarantee programs. CAIVRS alerts participating Federal lending agencies when an applicant for credit benefits has a Federal lien, judgment, or a Federal loan that is currently in default or foreclosure or has had a claim paid by a reporting agency. CAIVRS allows authorized employees of participating Federal agencies to access a database of delinquent Federal borrowers for the purpose of pre-screening direct loan applicants for credit worthiness and also permits approved private lenders acting on behalf of the Federal agency to access the delinquent borrower database for the purpose of pre-screening the credit worthiness of applicants for federally guaranteed loans. CAIVRS authority derives from the Computer Matching and Privacy Protection Act of 1988 (Pub. L. 100–503) as amended, Office of Management and Budget (OMB) Circulars A–129 (Managing Federal Credit Programs) and A–70 (Policies and Guidelines for Federal Credit Programs), the Budget and Accounting Acts of 1921 and 1950, as amended, the Debt Collection Act of 1982, as amended, the Deficit Reduction Act of 1984, as amended, and the Debt Collection Improvement Act of 1996, as amended.

16. Disclosure of names, home addresses, and financial information to

financial consultants, advisors, or underwriters, when RD determines such referral is appropriate for developing packaging and marketing strategies involving the sale of RD loan assets.

17. Disclosure of names, home and work addresses, home telephone numbers, social security numbers, and financial information to escrow agents (which also could include attorneys and title companies) selected by the applicant or borrower for the purpose of closing the loan.

18. Disclosure to Health and Human Services (HHS) parent locator system for finding parents who do not pay child support: The name and current address of record of an individual may be disclosed from this system of records to the parent locator service of the Department of HHS or authorized persons defined by Public Law 93–647, 42 U.S.C. 653.

Recipients shall be required to comply with the requirements of the Privacy Act of 1974, as amended, pursuant to 5 U.S.C. 552a(m).

20. Disclosure to customer service agents for training and evaluation purposes. Information is collected during calls made by the client to the CSC Customer Service Section to discuss questions or concerns pertaining to their mortgage account(s) with RD. The information discussed during the call to the CSC help desk is captured and used for training and evaluation purposes to ensure proper procedures are being followed and accurate information is provided when assisting the client.

21. To appropriate agencies, entities, and persons when (1) RD suspects or has confirmed that there has been a breach of the system of records; (2) RD has determined that as a result of the suspected or confirmed breach there is a risk of harm to individuals, RD (including its information systems, programs, and operations), the Federal Government, or national security; and (3) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with RD efforts to respond to the suspected or confirmed breach or to prevent, minimize, or remedy such harm” suspected or confirmed compromise and prevent, minimize, or remedy such harm.

22. To another Federal agency or Federal entity, when RD determines that

information from this system of records is reasonably necessary to assist the recipient agency or entity in (1) responding to a suspected or confirmed breach or (2) preventing, minimizing, or remedying the risk of harm to individuals, the recipient agency or entity (including its information systems, programs, and operations), the Federal Government, or national security, resulting from a suspected or confirmed breach.

23. To comply with Federal Funding Accountability and Transparency Act (FFATA) and similar statutory requirements for public disclosure in situations where records reflect loans, grants, or other payments to members of the public: USDA will disclose information about individuals from this system of records in accordance with the Federal Funding Accountability and Transparency Act of 2006 (Pub. Authorized employees of, and approved private lenders acting on behalf of, the Federal agencies participating in the Do Not Pay computer matching program will be able to search the Do Not Pay database. The disclosure may include applicant’s name, home address, Social Security Number, income/financial data, date of birth, personal telephone number, and personal email address.

*Explanatory Text:* To help eliminate waste, fraud, and abuse in Federal programs, Federal agencies are to focus on preventing payment errors before they occur. The purpose of the

Department of the Treasury's Do Not Pay program is to reduce improper payments by intensifying efforts to eliminate payment error, waste, fraud, and abuse in the major programs administered by the Federal Government, while continuing to ensure that Federal programs serve and provide access to their intended beneficiaries. Federal agencies shall thoroughly review the Do Not Pay computer matching database, to the extent permitted by law to determine applicant eligibility before the release of any Federal funds. By checking the Do Not Pay database before making payments, Federal agencies can identify ineligible recipients and prevent certain improper payments from being made. The Do Not Pay program authority derives from the Improper Payments Elimination and Recovery Improvement Act of 2012 (Pub. L. 112-248).

#### **DISCLOSURE TO CONSUMER REPORTING AGENCIES:**

Disclosures pursuant to 5 U.S.C. 552a (b) (12): Disclosures may be made from this system to consumer reporting agencies as defined in the Fair Credit Reporting Act (15 U.S.C. 1681a (f)) or the Federal Claims Collection Act (31 U.S.C. 3701(a) (3)).

#### **POLICIES AND PRACTICES FOR STORAGE OF RECORDS:**

Records are maintained in file folders at the local, area, state, and national offices. All records are converted to electronic format and stored on a USDA managed certified and accredited storage repository. Once agency employees convert the paper documents to digital records, verify that the digital record is readable and successfully ported to the imaging repository the manual documents are destroyed in compliance with RD regulation (shredding). Other program imaging repositories are utilized to allow multi-point access to electronic records, but the manual documents are retained securely in the local office until such time as the account is considered closed per Rural Development Regulation 2033-A. At that time, the documents/case files are destroyed in a manner as outlined in RD regulation. If the office cannot accommodate proper, manual file retention standards (inadequate space to secure and house documents/files that require retention), inactive

documents/case files (*i.e.*, charge-offs, pay-offs, denials, withdrawn) can be retired to the Federal Records Center. Any records shipped to the Center for retention must be clearly inventoried and marked with a destroy-by date. The destroy date is determined by the record type after it is closed (*e.g.*, loss to the government retention is 7 years after case is closed). The retention schedule can be found at RD 2033-A and the Operational Records Manual. For further information contact the RD Records Officer. If closed/inactive files are retained at the local office until such time as they are eligible for destruction, they are stored in a secured location.

#### **POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:**

Records are indexed by name, identification number, and type of loan or grant. Data may be retrieved from the paper records or the electronic storage. All RD state and field offices as well as the financial office and the Customer Service Center (CSC) have the telecommunications capability available to access this subset of data.

#### **POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:**

Records are retained for Financial Systems under National Archives and Records Administration General Schedule 7.

Records are maintained subject to the Federal Records Disposal Act of 1943 (44 U.S.C. 33), and as amended in accordance with RD disposal schedules. The local, area, state, and national offices dispose of records by shredding, burning, or other suitable disposal methods after established retention periods have been fulfilled. (Destruction methods may never compromise the confidentiality of information contained in the records.) Applications, including credit reports and personal references, which are rejected, withdrawn, or otherwise terminated are kept in the local, area, or state offices for two full fiscal years and one month after the end of the fiscal year in which the application was rejected, withdrawn, canceled, or expired. If final action was taken on the application, including an appeal, investigation, or litigation, the application is kept for one full fiscal year after the end of the fiscal year in which final action was taken.

The records, including credit reports, of borrowers who have paid or otherwise satisfied their obligation are retained in the local, area, or state office for one full fiscal year after the fiscal year in which the loan was paid in full. Correspondence records at the National Office which concern borrowers and

applicants are retained for three full fiscal years after the last year in which there was correspondence.

#### **ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS**

Paper records are kept in locked offices at the Local, Area, State, and National Offices. For electronic records and an online retrieval system at the Finance Office access is restricted to authorize Rural Development personnel. A system of operator and terminal passwords and code numbers is used to restrict access to the online system. Passwords and code numbers are changed as necessary.

The records are protected by the confidentiality requirements of the USDA Office of the Chief Information Officer (OCIO) Cyber Security Manuals and the provisions of the Privacy Act. Only authorized USDA employees will have access to the records in this system on a need to know basis. Role based access controls are used and the systems are accessible via the USDA Intranet. Only authorized USDA personnel will have access to these records. The systems covered by this notice have been categorized as having a Moderate security categorization impact as identified in Federal Information Processing Standard (FIPS) 199, Standards for Security Categorization of Federal Information and Information Systems. The security controls implemented within the systems will correspond with those published in the National Institute of Standards and Technology (NIST) Special Publication 800-53, Recommended Security Controls for Federal Information Technology Systems for a Moderate impact system.

Users are only granted system access upon successful completion of information security training and each user is supplied with a unique and strong user-id and password. The user roles are restrictive and based on the principle of least privilege allowing for adequate performance of job functions and access to information is based on a need to know.

Due to the financial nature of the systems covered by this notice, the systems also adhere to the security controls identified in the Federal Information Security Control Audit Manual (FISCAM). The mandatory requirements of FIPS 199 and FIPS 200, Minimum Security Requirements for Federal Information and Information Systems, support the Federal Information Security Management Act (FISMA) and the FISCAM supports the mandated Office of Management and

Budget (OMB) Circular A-123, Management of Internal Controls.

Moreover, specific USDA security requirements are adhered to through the USDA Cyber Security Manuals including but not limited to: *DM3545-000, Personnel Security*, and *DM3510-001, Physical Security Standards for Information Technology Restricted Space*.
