SUPPLEMENTARY INFORMATION: The Haines Amendment Supplemental Draft EIS analyzes which, if any, designations and associated management practices best fulfill the resource needs and multiple-use demands on approximately 326,000 acres of BLM-managed public lands within the Haines Planning Area. BLM has considered new information and developed supplemental alternatives to the previous Ring of Fire Draft Resource Management Plan Amendment. Decisions to be made include whether to retain or change special land area designations, whether to retain a monitor and control area for wildlife studies, and whether to establish a maximum number of annual helicopter landings on these BLM-managed public lands. The Ring of Fire Resource Management Plan was completed in 2006, but it did not address issues related to heli-skiing or its possible impacts to mountain goat habitat. Lynn Canal Conservation (LCC) filed a protest on the Final EIS for the Ring of Fire RMP because its recommendation for an Area of Critical Environmental Concern (ACEC) in the Haines Planning Area was not carried forward. LCC asserted a need for an ACEC due to the area's goat populations. The BLM's Record of Decision (ROD) for the Ring of Fire RMP issued in March 2008 acknowledged

LCC's protest, but deferred action on an ACEC designation to a later planning effort. The BLM initiated a plan amendment in 2009 to address the commitment in the ROD, but that planning effort was paused because data was needed on goat and bear habitat for analysis of a proposed ACEC. The BLM funded a multi-year study of goat and bear habitat in the Haines area by the Alaska Department of Fish and Game which was completed in 2017. A nomination was received from both LCC and Chilkat Tribal Village for ACECs. An ACEC—Research Natural Area (RNA) of 77,797 acres in the North Block of the planning area is being considered. If approved, the ACEC would preclude the issuing of special recreation permits for helicopters and UAS (Unmanned Aerial System) use within the area. An ACEC would also restrict placement or construction of structures within the designated area and include a Right-of-Way (ROW) avoidance area. Portions of the ACEC—RNA on Takshanuk Ridge would be a ROW exclusion area and no surface disturbing activities would occur on these lands. Off-Road Vehicles used in support of military, fire, emergency, or law enforcement purposes, as well as any vehicle whose use is expressly authorized by the authorized officer (43 CFR part 8340.0-7) is exempt from the ACEC—RNA limitations. This amendment would resolve conflicts among heli-skiing Special Recreation Permit holders and others by providing a consistent approach to recreation management while balancing the need for wildlife habitat. The BLM is using data from the recently completed study of goat and bear habitat in the Haines Area to address concerns about wildlife populations while allowing the expansion of helicopter-supported recreation. BLM Alaska will hold a public meeting on the Haines Amendment Supplemental Draft EIS in Haines at a date and location to be announced.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Katie Wilmes, National Park Service, Chief of Interpretation, President's Park, by mail at 1100 Ohio Drive SW, Rm 344, Washington, DC 20242; or by email at Katie_Wilmes@nps.gov; or by telephone at 202-208-1778.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are soliciting comments on the proposed Information Collection

Request (ICR) that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the NPS; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the NPS enhance the quality, utility, and clarity of the information to be collected; and (5) how might the NPS minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The National Park Service (NPS) Organic Act of 1916 (Organic Act) (54 U.S.C. 100101 *et seq.*) gives the NPS broad authority to regulate the use of the park areas under its jurisdiction. Consistent with the Organic Act, as well as the Constitution's Establishment

Clause which mandates government neutrality and allows the placement of holiday secular and religious displays, the National Christmas Tree Music Program's holiday musical entertainment may include both holiday secular and religious music. To ensure that any proposed music selection is consistent with the Establishment Clause, and presented in a prudent and objective manner as a traditional part of the culture and heritage of this annual holiday event, it must be approved in advance by the NPS.

The NPS National Christmas Tree Music Program at President's Park is intended to provide musical entertainment for park visitors during December on the Ellipse, where in celebration of the holiday season, visitors can observe the National Christmas Tree, visit assorted yuletide displays, and attend musical presentations. Each year, park officials accept applications from musical groups who wish to participate in the annual National Christmas Tree Program. The NPS utilizes Form 10-942, "National Christmas Tree Music Program Application" to accept applications from the public for participation in the program. Park officials utilize the following information from applicants in order to select, plan, schedule, and contact performers for the National Christmas Tree Program:

- Contact name, phone number, and email.

- Group name and location (city, state).
- Preferred performance dates and times.
- Music selections/song list.
- Equipment needs.
- Number of performers.
- Type of group (choir, etc.).
- Acknowledgement of the musical entertainment policy.
