on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded through the internet at http://www.regulations.gov. Recently published rulemaking documents can also be accessed through the FAA’s web page at http://www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the ADDRESSES section for the address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined during normal business hours at the Federal Aviation Administration, Air Traffic Organization, Central Service Center, Operations Support Group, 10101 Hillwood Parkway, Fort Worth, TX 76177.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.11C, Airspace Designations and Reporting Points, dated August 13, 2018, and effective September 15, 2018, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

§ 71.1 [Amended]

1. The authority citation for 14 CFR part 71 continues to read as follows:

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11C, Airspace Designations and Reporting Points, dated August 13, 2018, and effective September 15, 2018, is amended as follows:

Paragraph 6005 Class E Airspace Areas Extending From 700 Feet or More Above the Surface of the Earth.

ACE IA E5 Forest City, IA [Amended]

Forest City Municipal Airport, IA

(Lat. 43°14′05″ N, long. 93°37′27″ W)

That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Forest City Municipal Airport, and within 4 miles each side of the 335° bearing from the airport extending from the 7-mile radius to 10.6 miles northwest of the airport.

Issued in Fort Worth, Texas, on May 8, 2019.

John Witucki,

Acting Manager, Operations Support Group, ATO Central Service Center.

Coast Guard

33 CFR Part 100

[Docket Number USCG–2019–0107]

RIN 1625–AA08

Special Local Regulation; Choptank River, Cambridge, MD

AGENCY: Coast Guard, DHS.

ACTION: Supplemental notice of proposed rulemaking; reopening of public comment period.

SUMMARY: The Coast Guard proposes to amend its notice of proposed rulemaking and reopen the public comment period for a special local regulation for certain waters of the Choptank River at Cambridge MD, during the Thunder on the Choptank on July 27, 2019, and July 28, 2019 published in the Federal Register on March 18, 2019. This proposed rulemaking would prohibit persons and vessels from being in the regulated area unless authorized by the Captain of the Port Maryland-National Capital Region or Coast Guard Patrol Commander. We invite your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before June 17, 2019.

ADDRESSES: You may submit comments identified by docket number USCG–2019–0107 using the Federal eRulemaking Portal at https://www.regulations.gov. See the “Public
Participation and Request for Comments—portion of the SUPPLEMENTARY INFORMATION section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or email Mr. Ron Houck, U.S. Coast Guard Sector Maryland-National Capital Region; telephone 410–576–2674, email Ronald.L.Houck@uscg.mil.

§ Section

II. Background, Purpose, and Legal Basis

The Coast Guard published a NPRM on March 18, 2019 (84 FR 9724), proposing to establish a special local regulation for the Thunder on the Choptank, on July 27, 2019, and July 28, 2019. The comment period closed April 17, 2019. The Coast Guard received two comments on the original request for comments.

Subsequent to the Coast Guard publishing the notice of proposed rulemaking, the Coast Guard noticed that the coordinates delineating the regulated area and designated spectator area in the NPRM were incorrect, and were based on those previously used for the Thunder on the Choptank held in 2017. The regulated area and designated spectator area coordinates for this year’s Thunder on the Choptank are intended to be based on those used for Thunder on the Choptank held last year. We are issuing this supplemental proposal to amend the proposed special local regulation to publicize the correct coordinates for the regulated area and designated spectator area, and reopen the comment period to account for this change. The Coast Guard will accept and review any comments received between the close of the comment period and the publication of this supplemental notice of proposed rulemaking.

The purpose of this rulemaking is to protect event participants, spectators, and transiting vessels on certain waters of the Choptank River before, during, and after the Thunder event. The Coast Guard proposes this rulemaking under authority in 46 U.S.C. 70041, which authorizes the Coast Guard to establish and define special local regulations.

III. Discussion of Proposed Rule

This proposed rule would create a temporary special local regulation on certain waters of the Choptank River for the Thunder on the Choptank. This special local regulation would publicize the correct coordinates for the regulated area and designated spectator area. During past power boat racing events in the area, large wakes created from transient vessels operating on the Choptank River west of the Senator Frederick C. Malkus, Jr. (US–50) Memorial Bridge have caused great concern for event planners. Such wakes are hazardous to participants as their presence in the race area would result in injury or death due to vessel capsize or collisions among participant vessels during the high-speed races. Allowing the proposed power boat racing event to proceed without expanding the size of proposed regulated area to include these navigable waters within the regulated area would adversely affect event participants. The COTP Maryland-National Capital Region has determined that potential hazards associated with the power boat races would be a safety concern for anyone intending to participate in this event or for vessels that operate within specified waters of the Choptank River at Cambridge, MD. Although incorrect designated spectator area coordinates were published in the NPRM, the changes proposed with this SNPRM are considered minor. There are no significant changes to the location and size of the designated spectator area.

The revised proposed regulated area would cover all navigable waters of the Choptank River and Hambrooks Bay breakwall. Thence bound by line that commences at latitude 38°35′28″ N, longitude 076°04′50″ W; thence northeast to latitude 38°35′30″ N, longitude 076°04′47″ W; thence southeast to latitude 38°35′23″ N, longitude 076°04′20″ W; thence west to latitude 38°35′19″ N, longitude 076°04′31″ W; thence north to and terminating at the point of origin.

The revised proposed designated spectator area would cover all navigable waters of the Choptank River, eastward and outside of Hambrooks Bay breakwater, thence bound by line that commences at latitude 38°35′28″ N, longitude 076°04′50″ W; thence north to latitude 38°35′30″ N, longitude 076°04′47″ W; thence east to latitude 38°35′23″ N, longitude 076°04′20″ W; thence northwest to and terminating at the point of origin.

The duration of the regulated area is intended to ensure the safety of event participants and vessels within the specified navigable waters before, during, and after the power boat races, scheduled from 10 a.m. until 6 p.m. on July 27, 2019, and July 28, 2019. All other regulatory provisions in the original proposed rulemaking remain the same. The regulatory text we are proposing appears at the end of this document.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This NPRM has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance, it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size, duration and time of year of the racing event, which would impact a small designated area of the Choptank River for 18 total enforcement hours. The Coast Guard would issue a Broadcast Notice to Mariners via VHF–FM marine channel 16 about the status of the special local regulation. Moreover, the rule would allow vessels to seek permission to enter the regulated area, and vessel traffic would be able to...
safely transit the regulated area once the PATCOM deems it safe to do so.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section IV.A above, this proposed rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see ADDRESSES) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of $100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves implementation of regulations within 33 CFR part 100 applicable to organized marine events on the navigable waters of the United States that could negatively impact the safety of waterway users and shore side activities in the event area lasting for 18 hours. Normally such actions are categorically excluded from further review under paragraph L6.1 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 01. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking, and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

We encourage you to submit comments through the Federal eRulemaking Portal at http://www.regulations.gov. If your material cannot be submitted using http://www.regulations.gov, contact the person listed in the FOR FURTHER INFORMATION CONTACT section of this document for alternate instructions.

We accept anonymous comments. All comments received will be posted without change to https://www.regulations.gov and will include any personal information you have provided. For more about privacy and the docket, visit https://www.regulations.gov/privacyNotice.

Documents mentioned in this NPRM as being available in the docket, and all public comments, will be in our online docket at https://www.regulations.gov and can be viewed by following that website’s instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted or a final rule is published.

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR part 100 as follows:

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

1. The authority citation for part 100 continues to read as follows:

Authority: 46 U.S.C. 70041; 33 CFR 1.05–1.
2. Add § 100.501T05–0107 to read as follows:

§ 100.501T05–0107 Special Local Regulation; Choptank River, Cambridge, MD.

(a) Definitions. As used in this section:

Captain of the Port (COTP) Maryland-National Capital Region means the Commander, U.S. Coast Guard Sector Maryland-National Capital Region or any Coast Guard commissioned, warrant or petty officer who has been authorized by the COTP to act on his behalf.

Coast Guard Patrol Commander (PATCOM) means a commissioned, warrant, or petty officer of the U.S. Coast Guard who has been designated by the Commander, Coast Guard Sector Maryland-National Capital Region.

Official Patrol means any vessel assigned or approved by Commander, Coast Guard Sector Maryland-National Capital Region with a commissioned, warrant, or petty officer on board and displaying a Coast Guard ensign.

Participants means all persons and vessels registered with the event sponsor as participating in the Thunder on the Choptank or otherwise designated by the event sponsor as having a function tied to the event.

Spectators means all persons and vessels not registered with the event sponsor as participants or assigned as official patrols.

(b) Locations. All coordinates reference Datum NAD 1983.

(1) Regulated area. All navigable waters within Choptank River and Hambrooks Bay bounded by a line connecting the following coordinates: Commencing at the shoreline at Long Wharf Park, Cambridge, MD, at position latitude 38°34′30″ N, longitude 076°06′16″ W; thence east to latitude 38°34′20″ N, longitude 076°06′34″ W; thence northeast across the Choptank River along the Senator Frederick C. Malkus, Jr. (US–50) Memorial Bridge, at mile 15.5, to latitude 38°35′30″ N, longitude 076°02′52″ W; thence west along the shoreline to latitude 38°35′38″ N, longitude 076°03′09″ W; thence north and west along the shoreline to latitude 38°36′42″ N, longitude 076°04′15″ W; thence southwest across the Choptank River to latitude 38°35′31″ N, longitude 076°04′57″ W; thence west along the Hambrooks Bay breakwall to latitude 38°35′33″ N, longitude 076°05′17″ W; thence south and east along the shoreline to and terminating at the point of origin. The following locations are within the regulated area:

(2) Race Area. Located within the waters of Hambrooks Bay and Choptank River, between Hambrooks Bar and Great Marsh Point, MD.

(3) Buffer Zone. All waters within Hambrooks Bay and Choptank River (with the exception of the Race Area designated by the marine event sponsor) bound to the north by the breakwall and continuing along a line drawn from the east end of breakwall located at latitude 38°35′27.6″ N, longitude 076°04′50.1″ W; thence southeast to latitude 38°35′17.7″ N, longitude 076°04′29″ W; thence south to latitude 38°35′01″ N, longitude 076°04′29″ W; thence weet to the shoreline at latitude 38°35′01″ N, longitude 076°04′41.3″ W.

(4) Spectator Area. All waters of the Choptank River, eastward and outside of Hambrooks Bay breakwall, thence bound by line that commences at latitude 38°35′28″ N, longitude 076°04′50″ W; thence northeast to latitude 38°35′30″ N, longitude 076°04′47″ W; thence southeast to latitude 38°35′23″ N, longitude 076°04′29″ W; thence southwest to latitude 38°35′19″ N, longitude 076°04′31″ W; thence northwest to and terminating at the point of origin.

(c) Special local regulations: (1) The COTP Maryland-National Capital Region or PATCOM may forbid and control the movement of all vessels and persons, including event participants, in the regulated area. When hailed or signaled by an official patrol, a vessel or person in the regulated area shall immediately comply with the directions given by the patrol. Failure to do so may result in the Coast Guard expelling the person or vessel from the area, issuing a citation for failure to comply, or both. The COTP Maryland-National Capital Region or PATCOM may terminate the event, or a participant’s operations at any time the COTP Maryland-National Capital Region or PATCOM believes it necessary to do so for the protection of life or property.

(2) Except for participants and vessels already at berth, a person or vessel within the regulated area at the start of enforcement of this section must immediately depart the regulated area.

(3) A spectator must contact the PATCOM to request permission to either enter or pass through the regulated area. The PATCOM, and official patrol vessels enforcing this regulated area, can be contacted on marine band radio VHF–FM channel 16 (156.8 MHz) and channel 22A (157.1 MHz). If permission is granted, the spectator may enter the designated Spectator Area or must pass directly through the regulated area as instructed by PATCOM. Vessels within the regulated area must operate at safe speed that minimizes wake. A spectator vessel must not loiter within the navigable channel while within the regulated area.

(4) A person or vessel that desires to transit, moor, or anchor within the regulated area must first obtain authorization from the COTP Maryland-National Capital Region or PATCOM. A person or vessel seeking such permission can contact the COTP Maryland-National Capital Region at telephone number 410–576–2693 or on Marine Band Radio, VHF–FM channel 16 (156.8 MHz) or the PATCOM on Marine Band Radio, VHF–FM channel 16 (156.8 MHz).

(5) The Coast Guard will publish a notice in the Fifth Coast Guard District Local Notice to Mariners and issue a marine information broadcast on VHF–FM marine band radio announcing specific event date and times.

(d) Enforcement officials. The Coast Guard may be assisted with marine event patrol and enforcement of the regulated area by other Federal, State, and local agencies.

(e) Enforcement periods. This section will be enforced from 9:30 a.m. to 6:30 p.m. on July 27, 2019, and, from 9:30 a.m. to 6:30 p.m. on July 28, 2019.

Dated: May 7, 2019.

Joseph B. Loring,
Captain, U.S. Coast Guard, Captain of the Port Maryland-National Capital Region.

[FR Doc. 2019–10140 Filed 5–15–19; 8:45 am]
BILLING CODE 9110–04–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

Air Plan Approval; Illinois; State Board and Infrastructure SIP Requirements

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve revisions to Illinois’s state implementation plan (SIP) addressing the state board requirements under section 128 of the Clean Air Act (CAA) and the related infrastructure element for several National Ambient Air Quality Standard (NAAQS) infrastructure submissions. The infrastructure requirements are designed to ensure that the structural components of each state’s air quality management program are adequate to meet the state’s responsibilities under the CAA.
