

E. Unfunded Mandates Reform Act

This rule does not impose an unfunded mandate on State, local, or tribal governments, or the private sector of more than \$100 million per year. The rule does not have a significant or unique effect on State, local, or tribal governments or the private sector. Therefore, a statement containing the information required by the Unfunded Mandates Reform Act (2 U.S.C. 1531 *et seq.*) is not required.

F. Takings (E.O. 12630)

This rule does not effect a taking of private property or otherwise have takings implications under E.O. 12630. Therefore, a takings implication assessment is not required.

G. Federalism (E.O. 13132)

Under the criteria in section 1 of E.O. 13132, this rule does not have sufficient federalism implications to warrant the preparation of a federalism summary impact statement. Therefore, a federalism summary impact statement is not required.

H. Civil Justice Reform (E.O. 12988)

This rule complies with the requirements of E.O. 12988. Specifically, this rule:

- (a) Meets the criteria of section 3(a) requiring that all regulations be reviewed to eliminate errors and ambiguity and be written to minimize litigation; and
- (b) Meets the criteria of section 3(b)(2) requiring that all regulations be written in clear language and contain clear legal standards.

I. Consultation With Indian Tribes (E.O. 13175 and Departmental Policy)

The Department of the Interior strives to strengthen its government-to-government relationship with Indian tribes through a commitment to consultation with Indian tribes and recognition of their right to self-governance and tribal sovereignty. We have evaluated this rule under the Department's consultation policy and under the criteria in E.O. 13175 and have determined that it has no substantial direct effects on federally recognized Indian tribes and that consultation under the Department's tribal consultation policy is not required.

J. Paperwork Reduction Act

This rule does not contain information collection requirements,

and a submission to OMB under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*) is not required. We may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a currently valid OMB control number.

K. National Environmental Policy Act

A detailed statement under the National Environmental Policy Act of 1969 (NEPA) is not required because, as a regulation of an administrative nature, the rule is covered by a categorical exclusion (*see* 43 CFR 46.210(i)). We have also determined that the rule does not involve any of the extraordinary circumstances listed in 43 CFR 46.215 that would require further analysis under NEPA.

L. Effects on the Energy Supply (E.O. 13211)

This rule is not a significant energy action under the definition in E.O. 13211. Therefore, a Statement of Energy Effects is not required.

SUPPLEMENTARY INFORMATION:**Corrections**

In rule FR Doc. 2019–08012, published in the **Federal Register** at 84 FR 17030, on April 23, 2019, make the following corrections:

Preamble Corrections

1. On page 17033, left column, paragraph 4. Revised Existing Clauses and Provisions, correct the GSAR clauses table to read as follows:

No.	Name	Description of change
552.212-71	Contract Terms and Conditions Applicable to GSA Acquisition Commercial Items.	Updated to remove unnecessary clauses and outdated FSS clauses.
552.238-73	Identification of Electronic Office Equipment Providing Accessibility for the Handicapped.	Prescription update to use only in FSS solicitations for electronic office equipment.
552.238-77	Submission and Distribution of Authorized Federal Supply Schedule (FSS) Price Lists.	Prescription updated to use in all FSS solicitations and contracts.
552.238-78	Identification of Products that have Environmental Attributes	Prescription updated to use only in FSS solicitations and contracts that contemplate items with environmental attributes.
552.238-79	Cancellation	Prescription updated to use in all FSS solicitations and contracts.
552.238-80	Industrial Funding Fee and Sales Reporting	Prescription updated to use in all FSS solicitations and contracts.
552.238-81	Price Reductions	Prescription updated to use in all FSS solicitations and contracts.
552.238-82	Modifications (Federal Supply Schedules)	Prescription updated to use in all FSS solicitations and contracts. (i) Use Alternate I for Federal Supply Schedules that only accept eMod.
552-238-83	Examination of Records by GSA (Federal Supply Schedules)	Relocated and retitled from 552.215-71, Examination of Records by GSA (Multiple Award Schedule) as this is an FSS-specific clause.
552.238-113	Scope of Contract (Eligible Ordering Activities)	Updated to reference the correct payment clause, FAR 52.232-36, Payment by Third Party.

2. On page 17034, left column, correct the first bulleted paragraph to read as follows:

- New Clauses and Provisions: Forty-three (43) new FSS-specific clauses and provisions were contemplated in the proposed rule for public comment. The proposed rule published incorrectly stated this number as thirty-five (35) and listed forty-five (45) clauses. However, 552.238-82 (Proposed Rule), now 552.238-86 (Final Rule), Delivery Schedule was incorrectly included in the “new” clause list rather than the “reinstated” clause list. In addition, 552.238-94 (Proposed Rule), now 552.238-83 (Final Rule), *Examination of Records by GSA (Federal Supply Schedules)* was incorrectly included in the “new” clause list rather than the “revised existing” clause list. So, the correct number was forty-three (43) “new” FSS-specific clauses in the proposed rule. After taking into consideration public comments received from the proposed rule, thirty (30) new FSS-specific clauses and provisions are incorporated into GSAR parts 538 and 552 in the final rule.

3. On page 17034, middle column, correct the first solidly bulleted paragraph to read as follows:

- Reinstated Clauses and Provisions: Seven (7) FSS-specific clauses and provisions were contemplated for reinstatement in the proposed rule for public comment. The proposed rule published incorrectly identified this number as six (6), because 552.238-82 (Proposed Rule), now 552.238-86 (Final Rule) Delivery Schedule was incorrectly included in the list of “new” FSS-

specific clauses rather than the “reinstated” clauses. After taking into consideration public comments received from the proposed rule, four (4) FSS-specific clauses and provisions are reinstated into GSAR parts 538 and 552 in the final rule.

4. On page 17034, middle column, correct the second solidly bulleted paragraph to read as follows:

- Revised Existing Clauses and Provisions: Nine (9) existing clauses and provisions were contemplated for revision in the proposed rule for public comment. The proposed rule published incorrectly identified this number as seven (7) clauses. However, GSAR clause 552.238-94 *Examination of Records by GSA (Federal Supply Schedules)* (Proposed Rule), now 552.238-83 (Final Rule), was incorrectly included in the list of “new” FSS-specific clauses rather than the “revised existing” clauses. In addition, GSAR clause 552.238-78 *Scope of Contract (Eligible Ordering Activities)* (Proposed Rule), 552.238-113 (Final Rule), is revised to replace the reference to GSAR clause 552.232-79 *Payment by Credit Card*, which is redundant to FAR clause 52.232-36 *Payment by Third Party*, and is now included in the list of “revised existing” clauses.

In accordance with Clause 552.238–113, Scope of Contract (Eligible Ordering Activities), this contract covers all requirements that may be ordered, as distinguished from delivered during the contract term. This is for the purpose of providing continuity of supply or operations by permitting ordering activities to place orders as requirements arise in the normal course of operations. Accordingly, any order mailed (or received, if forwarded by other means than through the mail) to the Contractor on or before the expiration date of the contract, and providing for delivery within the number of days specified in the contract, shall constitute a valid order.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 622

[Docket No. 180427420–8420–02]

RIN 0648–BH92

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Reef Fish Fishery of the Gulf of Mexico; Revisions to Sea Turtle Release Gear; Amendment 49

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule.

SUMMARY: NMFS implements management measures described in Amendment 49 to the Fishery Management Plan (FMP) for the Reef Fish Resources of the Gulf of Mexico (Gulf) (Amendment 49), as prepared and submitted by the Gulf of Mexico Fishery Management Council (Council). This final rule adds three new devices to the Federal regulations as options for fishermen with Federal commercial or charter vessel/headboat permits for Gulf reef fish to meet existing requirements for carrying sea turtle release gear on board vessels, and updates the regulations to simplify and clarify the requirements for other sea turtle release gear. This final rule also modifies the FMP framework procedure to allow for future changes to release gear and handling requirements for sea turtles and other protected resources. The purpose of this final rule is to allow the use of new devices to safely handle and release incidentally captured sea turtles, clarify existing requirements, and streamline the process for making any future changes to the release devices and handling procedures for sea turtles and other protected species.

DATES: This final rule is effective on June 17, 2019. The incorporation by reference of certain publications listed in this final rule is approved by the Director of the Federal Register as of June 17, 2019.

ADDRESSES: Electronic copies of Amendment 49 may be obtained from www.regulations.gov or from the Southeast Regional Office website at <https://www.fisheries.noaa.gov/action/amendment-49-modify-sea-turtle-release-gear-and-reef-fish-framework-procedure.html>. Amendment 49 includes an environmental assessment, a fishery impact statement, a regulatory impact review, and a Regulatory Flexibility Act analysis.

FOR FURTHER INFORMATION CONTACT: Kelli O'Donnell, NMFS Southeast Regional Office, telephone: 727–824–5305; email: kelli.odonnell@noaa.gov.

SUPPLEMENTARY INFORMATION: NMFS and the Council manage the Gulf reef fish fishery under the FMP. The FMP was prepared by the Council and is implemented by NMFS through regulations at 50 CFR part 622 under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) (16 U.S.C. 1801 *et seq.*).

On October 4, 2018, NMFS published a notice of availability (NOA) for

Amendment 49 and requested public comment (83 FR 50056). On October 25, 2018, NMFS published a proposed rule for Amendment 49 and requested public comment (83 FR 53839). Amendment 49 and the proposed rule outline the rationale for the actions contained in this final rule. A summary of the management measures described in Amendment 49 and implemented by this final rule is provided below.

Management Measures Contained in This Final Rule

This final rule adds three new sea turtle handling and release devices to the Federal regulations, clarifies the requirements for other required gear previously approved, and modifies the FMP framework procedure to include any future changes to release gear and handling requirements for sea turtles and other protected resources. NMFS and the Council are making these changes to provide additional flexibility to fishermen in complying with sea turtle release gear requirements, to aid fishermen and law enforcement with compliance and enforcement efforts by clarifying existing requirements, and to allow for more rapid implementation of regulatory changes to release gear and handling requirements.

New Sea Turtle Release Gear

For vessels with Federal commercial and charter vessel/headboat permits for Gulf reef fish, this final rule adds three new sea turtle release and handling devices to the Federal regulations that have been approved for use by the NMFS Southeast Fisheries Science Center (SEFSC), providing more options for fishermen to fulfill the sea turtle gear requirements. Details for these new devices can be found in Amendment 49 and in the proposed rule, and is included in the 2019 NMFS SEFSC sea turtle handling and release protocols Technical Memorandum titled, “Careful Release Protocols for Sea Turtle Release with Minimal Injury” (Release Protocols). Detailed specifications for all SEFSC-approved handling and release devices are included in the new NMFS SEFSC Technical Memorandum titled, “Design Standards and Equipment for Careful Release of Sea Turtles Caught in Hook-and-Line Fisheries.” NMFS expects the new release devices to increase flexibility for fishermen and increase regulatory compliance within the fishery, which may result in positive benefits to sea turtles.

Two of the new sea turtle handling devices are a collapsible hoop net and a sea turtle hoist (net). Both of these devices are more compact versions of the previously approved long-handled
