I understand that (INSERT NAME OF EXPORTING COMPANY) must provide this Exporter Certification to the U.S. importer by the time of shipment.

I understand that (INSERT NAME OF EXPORTING COMPANY) is required to provide a copy of this certification and supporting records, upon request, to U.S. Customs and Border Protection (CBP) and/or the Department of Commerce (Commerce);

I understand that the claims made herein, and the substantiating documentation, are subject to verification by CBP and/or Commerce;

I understand that failure to maintain the required certification and/or failure to substantiate the claims made herein will result in:

- Suspension of all unliquidated entries (and entries for which liquidation has not become final) for which these requirements were not met; and
- the requirement that the importer post applicable antidumping duty (AD) and countervailing duty (CVD) cash deposits (as appropriate) equal to the rates as determined by Commerce;

This certification was completed by the time of shipment; and

I am aware that U.S. law (including, but not limited to, 18 U.S.C. 1001) imposes criminal sanctions on individuals who knowingly and willfully make materially false statements to the U.S. government.

Certain Steel Nails From the People’s Republic of China: Final Results of the Expedited Sunset Review of the Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of this sunset review, the Department of Commerce (Commerce) finds that revocation of the antidumping duty order on certain steel nails (nails) from the People’s Republic of China (China) would be likely to lead to a continuation or recurrence of dumping at the levels indicated in the “Final Administrative: Office Sunset Review” section of this notice.

BACKGROUND

On August 1, 2008, Commerce published in the Federal Register the antidumping duty order on nails from China.1 On December 3, 2018, Commerce published the notice of initiation of the five-year review of the China Nails Order, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).2 On December 4, 2018, Commerce received a Notice of Intent to Participate in this review from domestic interested party Mid Continent Steel & Wire, Inc. (Mid Continent) within the deadline specified in 19 CFR 351.218(d)(1)(i).3 Mid Continent claimed interested party status under section 771(9)(C) of the Act, as manufacturer of a domestic like product in the United States.4 On January 2, 2019, Mid Continent provided a timely and complete substantive response for this review within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i).5 We received no substantive responses from any other interested parties, nor was a hearing requested. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(i)(C)(2), Commerce conducted an expedited (120-day) sunset review of the China Nails Order.

Commerce exercised its discretion to toll all deadlines affected by the partial federal government closure from December 22, 2018, through the resumption of operations on January 29, 2019.6 If the tolled deadline falls on a non-business day, in accordance with Commerce’s practice, the deadline will become the next business day. The revised deadline for this final determination is now May 13, 2019.

Scope of the Order

The merchandise covered by the China Nails Order includes certain steel nails having a shaft length up to 12 inches. Certain steel nails include, but are not limited to, nails made of round wire and nails that are cut. Certain steel nails may be of one piece construction, or constructed of two or more pieces. Certain steel nails may be produced from any type of steel, and have a variety of finishes, heads, shanks, point types, shaft lengths and shaft diameters. Finishes include, but are not limited to, coating in vinyl, zinc (galvanized, whether by electroplating or hot dipping one or more times), phosphate cement, and paint. Head styles include, but are not limited to, flat, projection, cupped, oval, brad, headless, double countersunk, and sinker. Shank styles include, but are not limited to, smooth, barbed, screw threaded, ring shank and fluted shank styles. Screw-threaded nails subject to this proceeding are driven using direct force and not by turning the fastener using a tool that engages with the head. Point styles include, but are not limited to, diamond, blunt, needle, chisel and no point. Finished nails may be sold in bulk, or they may be collated into strips or coils using materials such as plastic, paper, or wire. Certain steel nails subject to this order are currently classified under the Harmonized Tariff Schedule of the United States (“HTSUS”) subheadings 7317.00.55, 7317.00.65, 7317.00.75, 7907.00.6000,7 7318.29.0000, and 8206.00.0000.8 Excluded from the scope of this order are steel roofing nails of all lengths and diameter, whether collated or in bulk, and whether or not galvanized. Steel roofing nails are specifically enumerated and identified in ASTM Standard F 1667 (2005 revision) as Type I, Style 20 nails. Also excluded from the scope are the following steel nails: (1) Non-collated (i.e., hand-driven or bulk), two-piece steel nails having plastic or steel washers (caps) already assembled to the nail, having a bright or galvanized finish, a ring, fluted or spiral Shank, an actual length of 0.500” to 8”, inclusive;

1 See Notice of Antidumping Duty Order: Certain Steel Nails from the People’s Republic of China, 73 FR 44961 (August 1, 2008) (China Nails Order).

2 See Initiation of Five-Year (Sunset) Reviews, 83 FR 62296 (December 3, 2018).

4 Id. at 1–2.

6 See memorandum to the Record from Gary Taverner, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary, for Enforcement and Compliance, “Deadlines Affected by the Partial Shutdown of the Federal Government,” dated January 28, 2019. All deadlines in this segment of the proceeding have been extended by 40 days.

8 Commerce added the HTS categories 7318.29.00 and 8206.00.0000 per a request by U.S. Customs and Border Protection on February 24, 2017.
and an actual shank diameter of 0.1015” to 0.166”, inclusive; and an actual washer or cap diameter of 0.900” to 1.10”, inclusive; (2) Non-collated (i.e., hand-driven or bulk), steel nails having a bright or galvanized finish, a smooth, barbed or ringed shank, an actual length of 0.500” to 4”, inclusive; an actual shank diameter of 0.1015” to 0.166”, inclusive; and an actual head diameter of 0.3375” to 0.500”, inclusive; and (3) Wire collated steel nails, in coils, having a galvanized finish, a smooth, barbed or ringed shank, an actual length of 0.500” to 1.75”; inclusive; an actual shank diameter of 0.116” to 0.166”, inclusive; and an actual head diameter of 0.3375” to 0.500”, inclusive; and (4) Non-collated (i.e., hand-driven or bulk), steel nails having a convex head (commonly known as an umbrella head), a smooth or spiral shank, a galvanized finish, an actual length of 1.75” to 3”, inclusive; an actual shank diameter of 0.131” to 0.152”, inclusive; and an actual head diameter of 0.450” to 0.613”, inclusive. Also excluded from the scope of this order are corrugated nails. A corrugated nail is made of a small strip of corrugated steel with sharp points on one side. Also excluded from the scope of this order are fasteners suitable for use in powder-actuated hand tools, not threaded and threaded, which are currently classified under HTSUS 7317.00.20 and 7317.00.00. Also excluded from the scope of this order are thumb tacks, which are currently classified under HTSUS 7317.00.10. Also excluded from the scope of this order are corrugated nails and finish nails that are equal to or less than 0.0720 inches in shank diameter, round or rectangular in cross section, between 0.375 inches and 2.5 inches in length, and that are collated with adhesive or polyester film tape backed with a heat seal adhesive. Also excluded from the scope of this order are fasteners having a case hardness greater than or equal to 50 HRC, a carbon content greater than or equal to 0.5 percent, a round head, a secondary reduced-diameter raised head section, a centered shank, and a smooth symmetrical point, suitable for use in gas-actuated hand tools. While the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this order is dispositive.

Analysis of Comments Received

All issues raised in this sunset review, including the likelihood of continuation or recurrence of dumping in the event of revocation and the magnitude of the margins likely to prevail if the China Nails Order were to be revoked, are addressed in the accompanying Issues and Decision Memorandum. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at http://access.trade.gov, and to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the internet at http://enforcement.trade.gov/frn/. The signed Issues and Decision Memorandum and the electronic version of the Issues and Decision Memorandum are identical in content.

Final Results of Sunset Review

Pursuant to sections 751(c)(1) and 752(c)(1) and (3) of the Act, Commerce determines that revocation of the China Nails Order would likely lead to the continuation or recurrence of dumping, and that the magnitude of the dumping margins likely to prevail would be weighted-average dumping margins up to 118.04 percent.

Notification to Interested Parties

This notice serves as the only reminder to interested parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials or conversion to an official protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction. We are issuing and publishing these results and notice in accordance with sections 751(c), 752(c), and 777(f)(1) of the Act and 19 CFR 351.218.

P. Lee Smith,
Deputy Assistant Secretary for Policy and Negotiations.

Circular Welded Carbon Steel Pipes and Tubes From Thailand: Preliminary Results of Antidumping Duty Administrative Review and Preliminary Determination of No Shipments; 2017–2018

AGENCY: Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily finds that Saha Thai Steel Pipe (Public) Company, Ltd. (Saha Thai) made sales of subject merchandise at less than normal value during the period of review (POR) March 1, 2017 through February 28, 2018. We invite interested parties to comment on these preliminary results.

SUPPLEMENTARY INFORMATION:

Background

Commerce is conducting an administrative review of the antidumping duty order on circular welded carbon steel pipes and tubes (pipe and tube) from Thailand. The POR is March 1, 2017, through February 28, 2018. Commerce selected Saha Thai for individual examination.

On November 29, 2018, Commerce extended the time for issuing the preliminary results of this review from 245 days to 335 days from the last day of the anniversary month. Commerce exercised its discretion to toll all deadlines affected by the partial federal government closure from December 22, 2018, through the resumption of operations on January 29, 2019. This

2 See Memorandum, “Deadlines Affected by the Partial Shutdown of the Federal Government,” dated January 28, 2019. All deadlines in this segment of the proceeding have been extended by 40 days.
