MRS certifies that, as a result of this transaction, its projected revenues will not exceed those that would qualify it as a Class III rail carrier and will not exceed $5 million. MRS states that the proposed transaction does not involve, and the agreement between MRS and PCPA does not include, any provision or agreement that would limit future interchange with a third-party connecting carrier.

The earliest this transaction may be consummated is June 2, 2019, the effective date of the exemption (30 days after the verified notice was filed).

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions to stay must be filed no later than May 24, 2019 (at least seven days before the exemption becomes effective).

All pleadings, referring to Docket No. FD 36293, must be filed with the Surface Transportation Board either via e-filing or in writing addressed to 395 E Street SW, Washington, DC 20423–0001. In addition, a copy of each pleading must be served on MRS’s representative, Bradon J. Smith, Fletcher & Sippel LLC, 29 North Wacker Drive, Suite 800, Chicago, IL 60606.

According to MRS, this action is excluded from environmental review under 49 CFR 1105.6(c) and from historic reporting under 49 CFR 1105.8(b).

Board decisions and notices are available at www.stb.gov.

By the Board, Allison C. Davis, Acting Director, Office of Proceedings.

Kenyatta Clay,
Clearance Clerk.

TENNESSEE VALLEY AUTHORITY

Webinar Meeting of the Regional Energy Resource Council

AGENCY: Tennessee Valley Authority (TVA).

ACTION: Notice of webinar meeting.

SUMMARY: The TVA Regional Energy Resource Council (RERC) has scheduled a webinar meeting to discuss the public comments received, TVA’s responses and the additional sensitivity results relating to TVA’s 2019 Integrated Resource Plan (IRP). The RERC was established to advise TVA on its energy resource activities and the priority to be placed among competing objectives and values. Notice of this webinar meeting is given under the Federal Advisory Committee Act (FACA).

DATES: The webinar meeting will be held on Monday, June 10, 2019, from 1:30 p.m. to 3:30 p.m., EDT.

ADDRESSES: The meeting will be conducted by webinar only. An Individual requiring special accommodation for a disability should let the contact below know at least a week in advance.

FOR FURTHER INFORMATION CONTACT: Liz Upchurch, 865–632–8305, efupchurch@tva.gov.

SUPPLEMENTARY INFORMATION:

The meeting agenda includes the following:

1. Introductions and Webinar Logistics
2. Remarks of Wayne Davis, RERC Chair
3. Summary of Public Comments received and TVA’s responses
4. Information on the additional sensitivity analysis conducted
5. Council Discussion

The webinar is open to the public. Please register in advance at: https://attendee.gotowebinar.com/register/201513803088975619. No oral or written comments from the public will be accepted during the webinar session. The public may provide written comments to the RERC at any time through links on TVA’s website at www.tva.com/rerc or by mailing written comments to the Regional Energy Resource Council, Tennessee Valley Authority, 400 West Summit Hill Drive, WT–9–D, Knoxville, Tennessee 37902.

Joseph J. Haagland,
Vice President, Enterprise Relations and Innovation, Tennessee Valley Authority.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Approval of Noise Compatibility Program for San Francisco International Airport, San Mateo County, California

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice.

SUMMARY: The Federal Aviation Administration (FAA) announces its findings on the San Francisco International Airport’s noise compatibility program submitted by the City and County of San Francisco, Airport Commission (Airport Commission), San Mateo County, California under the provisions of 49, United States Code (U.S.C.) (the Aviation Safety and Noise Abatement Act, hereinafter referred to as “the Act”) and 14 Code of Federal Regulations (CFR) Part 150 (hereinafter referred to as “Part 150”). These findings are made in recognition of the description of Federal and nonfederal responsibilities in Senate Report No. 96–52 (1990). On January 29, 2016, the FAA determined that the noise exposure map updates submitted by the Airport Commission under Part 150 were in compliance with applicable requirements. On April 1, 2019, the FAA approved the San Francisco International Airport, Airport Noise Compatibility Program (NCP) Update. The 3 (three) measures recommended in the NCP Update were approved. No program elements relating to new or revised flight procedures for noise abatement were proposed by the airport operator.

DATES: The effective date of the FAA’s approval of the San Francisco International Airport noise compatibility program is April 1, 2019.

FOR FURTHER INFORMATION CONTACT: Camille Garibaldi, Environmental Protection Specialist, Federal Aviation Administration, San Francisco Airports District Office, 1000 Marina Boulevard, Suite 220, Brisbane, California 94005–7600. Telephone: 650–827–7613. Documents reflecting this FAA action may be reviewed at this same location.

SUPPLEMENTARY INFORMATION: This notice announces that the FAA has given its overall approval to the noise compatibility program for San Francisco International Airport, effective April 1, 2019.

Under section 47504 of the Act, an airport operator who has previously submitted a noise exposure map may submit to the FAA a noise compatibility program which sets forth the measures taken or proposed by the airport operator for the reduction of existing non-compatible land uses and prevention of additional non-compatible land uses within the area covered by the noise exposure maps. The Act requires such programs to be developed in consultation with interested and affected parties including local communities, government agencies, airport users, and FAA personnel.

Each airport noise compatibility program developed in accordance with Part 150 is a local program, not a Federal program. The FAA does not substitute its judgment for that of the airport proprietor with respect to which measures should be recommended for
