

keeps east for a distance of 0.8 miles centered on existing Knight Street. At the end of Knight Street, the alternative shifts northeast before crossing S. Joe Wilson Road and converging back with the common alignment.

TxDOT will issue a single Final Environmental Impact Statement and Record of Decision document pursuant to 23 U.S.C. 139(n)(2), unless TxDOT determines statutory criteria or practicability considerations preclude issuance of a combined document.

In accordance with 23 U.S.C. 139, cooperating agencies, participating agencies, and the public will be given an opportunity for continued input on project development. A public scoping meeting is planned for Summer 2019. An agency scoping meeting will also be held with participating and cooperating agencies. The agency and public scoping meetings will provide an opportunity for the participating/cooperating agencies and public to review and comment on the draft coordination plan and schedule, the project purpose and need, the range of alternatives, and methodologies and level of detail for analyzing alternatives. In addition to the agency and public scoping meetings, a public hearing will be held. Public notice will be given of the time and place of the meetings and hearing.

BILLING CODE 4910-22-P

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Notice of Final Federal Agency Actions on Proposed Southern Extension of SR-186 and the US 45 Bypass Project in Tennessee

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of limitation on claims for judicial review of actions by FHWA and other Federal agencies.

SUMMARY: This notice announces actions taken by FHWA and other Federal agencies that are final. The actions relate to a proposed highway project for the Southern Extension of State Route (SR) 186 and the US 45 Bypass from SR-1 (US 70/Airways Boulevard) to SR-5 (US 45/South Highland Avenue) on

the south side of Jackson in Madison County, Tennessee. Those actions grant licenses, permits, and approvals for the project. The FHWA's Finding of No Significant Impact (FONSI) provides details on the Selected Alternative for the proposed improvements.

DATES: By this notice, FHWA is advising the public of final agency actions subject to 23 U.S.C. 139(l)(1). A claim seeking judicial review of the Federal agency actions on the highway project will be barred unless the claim is filed on or before OCTOBER 17, 2019. If the Federal law that authorizes judicial review of a claim provides a time period of less than 150 days for filing such claim, then that shorter time period still applies.

FOR FURTHER INFORMATION CONTACT: For FHWA: Ms. Theresa Claxton; Planning and Program Management Team Leader; Federal Highway Administration; Tennessee Division Office; 404 BNA Drive, Building 200, Suite 508; Nashville, Tennessee 37217; Telephone (615) 781-5770; email:

Theresa.Claxton@dot.gov. FHWA Tennessee Division Office's normal business hours are 7:30 a.m. to 4 p.m. (Central Time). You may also contact Ms. Susannah Kniazewycz, Environmental Division Director, Tennessee Department of Transportation (TDOT), James K. Polk Building, Suite 900, 505 Deaderick Street, Nashville, Tennessee 37243-0334; Telephone (615) 741-3655, *Susannah.Kniazewycz@tn.gov.* The TDOT Environmental Division's normal business hours are 8 a.m. to 5 p.m. (Central Time).

SUPPLEMENTARY INFORMATION: Notice is hereby given that FHWA and other Federal agencies have taken final agency actions subject to 23 U.S.C. 139(l)(1) by issuing licenses, permits, and approvals for the following highway project in the State of Tennessee: Southern Extension of SR-186 and the US 45 Bypass, Project Number HPP-NHE-1(225), PIN 109926.00, Madison County, Tennessee. The proposed action will improve local and regional mobility by providing an alternate route for through traffic separate from the developed commercial corridor along existing US 45. The Selected Alternative proposes the construction of two roadway sections within the project. The southern portion of the Bypass from north of Edwards Drive to Boone Lane consists of two 12-foot travel lanes in each direction, 6-foot inside shoulders, 12-foot outside shoulders, and a variable width depressed grass median, within an approximate 250-foot right-of-way (ROW). The northern portion of the

Bypass from Boone Lane to Airways Boulevard consists of two 12-foot travel lanes in each direction, 7-foot inside shoulders, 12-foot outside shoulders, and center concrete barrier, within an approximate 200-foot ROW. Portions of the corridor include: (1) An interchange with ramps on the southern terminus of the project at US 45/South Highland to provide unimpeded access for traffic on the existing US 45/South Highland continuing north on the proposed Bypass; (2) Access via at-grade intersections for several local roads intersected by the proposed Bypass route, including: Raines Springs Road, D Street, Boone Lane, Riverside Drive, and Existing US 45 Bypass; (3) SR 18 Realignment (Raines Springs Road) from the existing SR 18 intersection with Old Malesus Road to north of the proposed US 45 Bypass. Raines Springs Road would be widened to two 12-foot travel lanes with a 12-foot center turn lane.

The actions by the Federal agencies, and the laws under which such actions were taken, are described in the Environmental Assessment (EA) for the project, approved on May 20, 2013, the Reevaluation of the EA approved on July 18, 2018, and in the FHWA FONSI issued on February 14, 2019, and in other documents in the FHWA project records. The EA, Reevaluation, FONSI, and other project records are available by contacting FHWA or TDOT at the addresses provided above. The FHWA EA, Reevaluation, and FONSI can be viewed and downloaded from the project website at <https://www.tn.gov/tdot/projects/region-4/state-route-186-us-45-bypass-southern-extension>, or viewed at the Jackson Planning Department, City Hall, 111 East Main Street, Suite 201, Jackson, Tennessee 38301, the TDOT Region 4, Administrative Building, 300 Benchmark Place, Jackson, Tennessee 38301, or the Jackson-Madison County Library, 433 East Lafayette Street, Jackson, Tennessee 38301.

DEPARTMENT OF TRANSPORTATION

Federal Transit Administration

[FTA Docket No. FTA 2019–0006]

Agency Information Collection Activity Under OMB Review

AGENCY: Federal Transit Administration, DOT.

ACTION: Notice of request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Requirements (ICRs) abstracted below have been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describe the nature of the information collection and their expected burdens. The **Federal Register**

notice with a 60-day comment period soliciting comments on the following collections of information was published on March 7, 2019 (84 FR 8398).

DATES: Comments must be submitted on or before June 19, 2019.

FOR FURTHER INFORMATION CONTACT: Tia Swain, Office of Administration, Management Planning Division, 1200 New Jersey Avenue SE, Mail Stop TAD–10, Washington, DC 20590 (202) 366–0354 or tia.swain@dot.gov.

SUPPLEMENTARY INFORMATION: The Paperwork Reduction Act of 1995 (PRA), Public Law 104–13, Section 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501–3520), and its implementing regulations, 5 CFR part 1320, require Federal agencies to issue two notices seeking public comment on information collection activities before OMB may approve paperwork packages. 44 U.S.C. 3506, 3507; 5 CFR 1320.5, 1320.8(d)(1), 1320.12. On March 7, 2019, published a 60-day notice (84 FR) in the **Federal Register** soliciting comments on the ICR that the agency was seeking OMB approval. FTA received no comments after issuing this 60-day notice. Accordingly, DOT announces that these information collection activities have been re-evaluated and certified under 5 CFR 1320.5(a) and forwarded to OMB for review and approval pursuant to 5 CFR 1320.12(c).

Before OMB decides whether to approve these proposed collections of information, it must provide 30 days for public comment. 44 U.S.C. 3507(b); 5 CFR 1320.12(d). Federal law requires OMB to approve or disapprove paperwork packages between 30 and 60 days after the 30-day notice is published. 44 U.S.C. 3507 (b)–(c); 5 CFR 1320.12(d); *see also* 60 FR 44978, 44983, Aug. 29, 1995. OMB believes that the 30-day notice informs the regulated community to file relevant comments and affords the agency adequate time to digest public comments before it renders a decision. 60 FR 44983, Aug. 29, 1995. Therefore, respondents should submit their respective comments to OMB within 30 days of publication to best ensure having their full effect. 5 CFR 1320.12(c); *see also* 60 FR 44983, Aug. 29, 1995.

The summaries below describe the nature of the information collection requirements (ICRs) and the expected burden. The requirements are being submitted for clearance by OMB as required by the PRA.

Title: Fixed Guideway Capital Investment Grants—New Starts Section 5309.

OMB Control Number: 2132–0561.

Type of Request: Renewal of a previously approved information collection.

Abstract: The Federal Transit Administration (FTA) administers the discretionary Capital Investment Grants (CIG) grant program under 49 U.S.C. Section 5309 that provides funding for major transit capital investments including rapid rail, light rail, commuter rail, bus rapid transit, and ferries. Three types of eligible projects are outlined in law: Smaller scaled corridor-based transit capital projects known as “Small Starts”; new fixed guideway transit systems and extensions to existing fixed guideway systems known as “New Starts”; and projects to improve capacity at least 10 percent in existing fixed guideway corridors that are at capacity today or will be in five years, known as “Core Capacity”. The CIG program has a longstanding requirement that FTA evaluate proposed projects against a prescribed set of statutory criteria at specific points during the projects’ development including when they seek to enter a subsequent phase of the process or a construction grant agreement. The current Federal Public Transportation Law, 49 U.S.C. 5309, has not changed the statutorily defined project justification and local financial commitment criteria that are the subject of this information collection. In addition, the statutorily required approval steps for projects seeking CIG funds have not changed. Thus, the requirements for project evaluation and data collection for these proposed projects are not new and are unchanged. In general, the information used by FTA for CIG project evaluation and rating should arise as a part of the normal project planning process. FTA has been collecting information from project sponsors under the existing OMB approval for this program (OMB No. 2132–0561).

Respondents: State and local government.

Estimated Annual Number of Respondents: 155 respondents.

Estimated Total Annual Burden: 68,840 hours.

ADDRESSES: All written comments must refer to the docket number that appears at the top of this document and be submitted to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 17th Street NW, Washington, DC 20503, Attention: FTA Desk Officer. Alternatively, comments may be sent via email to the Office of Information and Regulatory Affairs (OIRA), Office of
