2. Type of Information Collection Request: Revision of a previously approved information collection; Title of Information Collection: Rate Increase Disclosure and Review Requirements (45 CFR part 154); Use: 45 CFR part 154 implements the annual review of unreasonable increases in premiums for health insurance coverage called for by section 2794. The regulation established a rate review program to ensure that all rate increases that meet or exceed an established threshold are reviewed by a state or the Centers for Medicare and Medicaid Services (CMS) to determine whether the rate increases are unreasonable. Accordingly, issuers offering non-grandfathered health insurance coverage in the individual and/or small group markets are required to submit Rate Filing Justifications to CMS. Section 154.103(b) exempts grandfathered health plan coverage as defined in 45 CFR 147.140 and excepted standards and may continue to do so. Issuers offering a QHP or any single risk pool submission containing a rate increase of any size must continue to submit an actuarial memorandum (Part III of the Rate Filing Justification). Form Number: CMS–10379 (OMB control number: 0938–1141); Frequency: Annually; Affected Public: Private Sector; Businesses or other for-profits, Not-for-profit institutions; Number of Respondents: 589; Total Annual Responses: 2,363; Total Annual Hours: 20,240.
