The respondents are locals who live in the 175 countries abroad and who are applying for a position at the U.S. Embassy, Consulate or Mission in their country. **Methodology**

Candidates for employment use the DS–0174 to apply for Mission-advertised positions around the world. Mission recruitments generate approximately 1 million applications per year the majority of which are collected electronically using an applicant management system, Electronic Recruitment Application (ERA). Data that HR and hiring officials extract from the DS–0174 determine employment eligibility and qualifications for the position, and selections according to Federal Policies.
