BILLING CODE 4140-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Submission for OMB Review; 30-Day Comment Request: Hazardous Waste Worker Training Grantee Data Collection—42 CFR Part 65 (National Institute of Environmental Health Sciences)

AGENCY: National Institutes of Health, HHS.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the National Institutes of Health (NIH) has submitted to the Office of Management and Budget (OMB) a request for review and approval of the information collection listed below.

DATES: Comments regarding this information collection are best assured of having their full effect if received within 30-days of the date of this publication.

ADDRESSES: Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the: Office of Management and Budget, Office of Regulatory Affairs, *OIRA_submission@omb.eop.gov* or by fax to 202-395-6974, Attention: Desk Officer for NIH.

FOR FURTHER INFORMATION CONTACT: To obtain a copy of the data collection plans and instruments, submit comments in writing, or request more information on the proposed project, contact: Joseph T. Hughes, Jr., Director, Worker Training Program (WTP), Division of Extramural Research and

Training (DERT), NIEHS, P.O. Box 12233 MD: K3-14, Research Triangle Park, NC 27709 or call non-toll-free number (984) 287-3271 or Email your request, including your address to: *hughes3@niehs.nih.gov*. Formal requests for additional plans and instruments must be requested in writing.

SUPPLEMENTARY INFORMATION: This proposed information collection was previously published in the **Federal Register** on March 12, 2019, Vol. 84, No. 48 page 8883 and allowed 60-days for public comment. No public comments were received. The purpose of this notice is to allow an additional 30 days for public comment. The National Institute of Environmental Health Sciences (NIEHS), National Institutes of Health, may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

In compliance with Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the National Institutes of Health (NIH) has submitted to the Office of Management and Budget (OMB) a request for review and approval of the information collection listed below.

Proposed Collection: Hazardous Waste Worker Training Grantee Data Collection—42 CFR part 65 (NIEHS), 0925-0348, Expiration Date 03/31/2019 REINSTATEMENT WITHOUT CHANGE, National Institute of Environmental Health Sciences (NIEHS), National Institutes of Health (NIH).

Need and Use of Information Collection: This request for OMB review and approval of the information collection is required by regulation 42 CFR part 65(a)(6). The National Institute of Environmental Health Sciences (NIEHS) was given major responsibility for initiating a worker safety and health training program under Section 126 of the Superfund Amendments and Reauthorization Act of 1986 (SARA) for hazardous waste workers and emergency responders. A network of

non-profit organizations that are committed to protecting workers and their communities by delivering high-quality, peer-reviewed safety and health curricula to target populations of hazardous waste workers and emergency responders has been developed. In thirty-one years (FY 1987-2018), the NIEHS WTP has successfully supported 20 primary grantees that have trained more than 4.1 million workers across the country and presented over 245,830 classroom and hands-on training courses, which have accounted for over 50 million contact hours of actual training. Generally, the grant will initially be for one year, and subsequent continuation awards are also for one year at a time. Grantees must submit a separate application to have the support continued for each subsequent year. Grantees are to provide information in accordance with S65.4 (a), (b), (c) and 65.6(a) on the nature, duration, and purpose of the training, selection criteria for trainees' qualifications and competency of the project director and staff, cooperative agreements in the case of joint applications, the adequacy of training plans and resources, including budget and curriculum, and response to meeting training criteria in OSHA's Hazardous Waste Operations and Emergency Response Regulations (29 CFR 1910.120). As a cooperative agreement, there are additional requirements for the progress report section of the application. Grantees are to upload their information into the WTP Grantee Data Management System. The information collected is used by the Director through officers, employees, experts, and consultants to evaluate applications based on technical merit to determine whether to make awards and whether appropriate training is being conducted to support continuation of the grant into subsequent years.

OMB approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 616.

ESTIMATED ANNUALIZED BURDEN HOURS

Form name	Type of respondent	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total annual burden hour
Information Collection Questionnaire (Data Management System).	Grantee	22	2	14	616
Total	22	44	616

Dated: May 16, 2019.

Jane M. Lambert,

Project Clearance Liaison, NIEHS, NIH.

BILLING CODE 4140-01-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-7011-N-21]

Notice of Emergency Approval of an Information Collection: National Standards for the Physical Inspection of Real Estate (NSPIRE) Demonstration

AGENCY: Office of the Chief Information Officer, HUD.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, HUD has requested from the Office of Management and Budget (OMB) emergency approval of the information collection described in this notice.

DATES: *Comments Due Date:* June 6, 2019.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: HUD Desk Officer, Office of Management and Budget, New Executive Office Building, Washington, DC 20503; fax: 202-395-5806. Email: OIRA_Submission@omb.eop.gov.

FOR FURTHER INFORMATION CONTACT: Colette Pollard, Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 7th Street SW, Washington, DC 20410; email Colette.Pollard@hud.gov or telephone 202-402-3400. Persons with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Relay Service at (800) 877-8339. This is not a toll-free number. Copies of available documents submitted to OMB may be obtained from Ms. Pollard.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD has submitted to OMB a request for

approval of the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: National Standards for the Physical Inspection of Real Estate (NSPIRE) Demonstration.

OMB Approval Number: 2577-Pending.

Type of Request: New Collection.

Form Number: N/A.

Description of the Need for the Information and Proposed Use: HUD's Real Estate Assessment Center (REAC) has developed a new inspection model entitled the National Standards for the Physical Inspection of Real Estate (NSPIRE). Prior to nationwide implementation, REAC will test NSPIRE through a multistage Demonstration to identify potential adjustments to standards, protocols, and processes. HUD will ask public housing agencies (PHAs), and owners and agents (OA) (collectively referred to as POAs) to participate in this Demonstration through a voluntary application process and plans to test this model with approximately 4,500 properties.

HUD is developing a standardized electronic system and data exchange standard for this collection and will distribute self-inspection software for properties to collect and submit this data electronically. Within the scope of this collection, HUD requests the following information from participating POAs: An annual self-inspection report or work order receipts, a property profile, copies of building system certificates, local code violations over the rolling calendar year, and participation in feedback sessions.

1. Many POAs have statutory, regulatory, or housing program contractual requirements to conduct annual self-inspections on all dwelling units. POAs will be provided with self-inspection software that will enable them to easily document and submit deficiencies that are present within dwelling units across the rolling calendar year. In lieu of submitting a self-inspection report, POAs can electronically submit work order receipts from across the rolling calendar

year. This data provides reasonable assurance that every dwelling unit was evaluated for deficiencies and maintenance needs.

2. POAs will submit a property profile documenting the: Owner/company name, physical address, type of housing (e.g., section 8), structure type, number of buildings, number of floors, number of units, existence of an attached garage, types of fuel-burning appliances, and an updated floor plan.

3. POAs will submit an electronic copy of the building system certificates, including elevators, fire alarm systems, sprinkler systems, boilers (HVAC or domestic water), and lead-based paint inspection reports. HUD believes that it is important for POAs to provide this information annually as the inoperability of these systems can have a substantial effect on residents.

4. POAs will submit a list of local code violations for which the property was cited over the rolling calendar year. HUD regulations at 24 CFR 5.703(g), requires HUD housing to adhere to local code. HUD believes that compliance (or non-compliance) with local code can serve as an important indicator as to whether a property is conducting regular maintenance and whether it is providing acceptable basic housing conditions.

5. Finally, HUD will ask 900 POAs to provide Demonstration feedback via one in-person listening session. With this information, HUD will be better able to refine inspection standards and protocols ensuring resident housing is decent, safe, sanitary, and in good repair.

Without the information on POA-conducted physical inspections, HUD's interests will not be protected, and HUD will not be able to easily identify risks due to neglected maintenance. Analyzing self-inspection data will allow HUD to better identify these risks and improve the accuracy of property assessments, the consistency of inspections, and ultimately to provide residents with quality affordable housing.

Respondents: POAs participating in the NSPIRE Demonstration.

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Annual cost
	60,000	Annually	4,500	2.7 hours/property	12,150	\$22.76	\$276,534

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of

information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of

the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;
