SUPPLEMENTARY INFORMATION:

I. Background

In the **Federal Register** of February 19, 2019 (84 FR 4696), we issued a final rule establishing the list of bulk drug substances that can be used in compounding under section 503A of the FD&C Act (the final rule) (21 U.S.C. 353a). The final rule, entitled “List of Bulk Drug Substances That Can Be Used To Compound Drug Products in Accordance With Section 503A of the Federal Food, Drug, and Cosmetic Act,” is codified at 21 CFR 216.23 and became effective March 21, 2019.

We examined the economic implications of the final rule as required by the Regulatory Flexibility Act (5 U.S.C. 601–612) and, because we do not have enough information about the effect of the final rule on small entities, determined that the final rule will have a significant economic impact on a substantial number of small entities. In compliance with section 212 of the Small Business Regulatory Enforcement Fairness Act (Pub. L. 104–121, as amended by Pub. L. 110–28), we are making available the SECG to explain the actions that a small entity must take to comply with the rule.

We are issuing the SECG consistent with our good guidance practices regulation (21 CFR 10.115). The SECG represents the current thinking of FDA on the final rule. It does not establish any rights for any person and is not binding on FDA or the public. You can use an alternative approach if it satisfies the requirements of the applicable statutes and regulations. This guidance is not subject to Executive Order 12866.
