ACTION: Notice.

SUMMARY: For each award year, the Secretary publishes in the Federal Register a notice announcing the FAFSA information that an institution and an applicant may be required to verify, as well as the acceptable documentation for verifying FAFSA information. This is the notice for the 2020–2021 award year.

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call the Federal Relay Service (FRS), toll free, at 1–800–877–8339.

Individuals with disabilities can obtain this document in an accessible format (e.g., braille, large print, audiotape, or compact disc) on request to the program contact person listed under FOR FURTHER INFORMATION CONTACT.

SUPPLEMENTARY INFORMATION: If the Secretary selects an applicant for verification, the applicant’s Institutional Student Information Record (ISIR) includes flags that indicate (1) that the applicant has been selected by the Secretary for verification and (2) the Verification Tracking Group in which the applicant has been placed. The Verification Tracking Group indicates which FAFSA information needs to be verified for the applicant and, if appropriate, for the applicant’s parent(s) or spouse. The Student Aid Report (SAR) provided to the applicant will indicate that the applicant’s FAFSA information has been selected for verification and direct the applicant to contact the institution for further instructions for completing the verification process.

The following chart lists, for the 2020–2021 award year, the FAFSA information that an institution and an applicant and, if appropriate, the applicant’s parent(s) or spouse may be required to verify under 34 CFR 668.56. The chart also lists the acceptable documentation that must, under § 668.57, be provided to an institution for that information to be verified.

| Number in College | (1) A statement signed by the applicant and, if the applicant is a dependent student, by one of the applicant’s parents listing the name and age of each household member, excluding the parents, who is or will be attending an eligible postsecondary educational institution as at least a half-time student in the 2020–2021 award year in a program that leads to a degree or certificate and the name of that educational institution.  
(2) If an institution has reason to believe that the signed statement provided by the applicant regarding the number of household members enrolled in eligible postsecondary institutions is inaccurate, the institution must obtain documentation from each institution named by the applicant that the household member in question is, or will be, attending on at least a half-time basis unless—  
(a) The applicant’s institution determines that such documentation is not available because the household member in question has not yet registered at the institution the household member plans to attend; or  
(b) The institution has documentation indicating that the household member in question will be attending the same institution as the applicant.  
**Note:** Verification of the number of household members in college is not required if the number in college indicated on the ISIR is “1.” |
| High School Completion Status | The applicant’s high school completion status when the applicant attends the institution in 2020–2021.  
(1) **High School Diploma**  
(a) A copy of the applicant’s high school diploma;  
(b) A copy of the applicant’s final official high school transcript that shows the date when the diploma was awarded; or  
(c) A copy of the “secondary school leaving certificate” (or other similar document) for students who completed secondary education in a foreign country and are unable to obtain a copy of their high school diploma or transcript.  
**Note:** Institutions that have the expertise may evaluate foreign secondary school credentials to determine their equivalence to U.S. high school diplomas. Institutions may also use a foreign diploma evaluation service for this purpose.  
(2) **Recognized Equivalent of a High School Diploma**  
(a) General Educational Development (GED) Certificate or GED transcript;  
(b) A State certificate or transcript received by a student after the student has passed a State-authorized examination (HiSET, TASC, or other State-authorized examination) that the State recognizes as the equivalent of a high school diploma;  
(c) An academic transcript that indicates the student successfully completed at least a two-year program that is acceptable for full credit toward a bachelor’s degree at any participating institution; or  
(d) For a person who is seeking enrollment in an educational program that leads to at least an associate degree or its equivalent and who excelled academically in high school but did not complete high school, documentation from the high school that the student excelled academically and documentation from the postsecondary institution that the student has met its written policies for admitting such students.  
(3) **Homeschool**  
(a) If the State where the student was homeschooled requires by law that such students obtain a secondary school completion credential for homeschool (other than a high school diploma or its recognized equivalent), a copy of that credential; or  
(b) If such State law does not require the credential noted in 3(a), a transcript or the equivalent signed by the student’s parent or guardian that lists the secondary school courses the student completed and documents the successful completion of a secondary school education in a homeschool setting.  
**Note:** In cases where documentation of an applicant’s completion of a secondary school education is unavailable, e.g., the secondary school is closed and information is not available from another source, such as the local school district or a State Department of Education, or in the case of homeschooling, the parent(s)/guardian(s) who provided the homeschooling is deceased, an institution may accept alternative documentation to verify the applicant’s high school completion status (e.g., DD Form 214 Certificate of Release or Discharge From Active Duty that indicates the individual is a high school graduate or equivalent).  
When documenting an applicant’s high school completion status, an institution may rely on documentation it has already collected for purposes other than the Title IV verification requirements (e.g., high school transcripts maintained in the admissions office) if the documentation meets the criteria outlined above.  
Verification of high school completion status is not required if the institution successfully verified and documented the applicant’s high school completion status for a prior award year.
An applicant must appear in person and present the following documentation to an institutionally authorized individual to verify the applicant’s identity:

(a) An unexpired valid government-issued photo identification such as, but not limited to, a driver’s license, non-driver’s identification card, other State-issued identification, or U.S. passport. The institution must maintain an annotated copy of the unexpired valid government-issued photo identification that includes—

i. The date the identification was presented; and

ii. The name of the institutionally authorized individual who reviewed the identification; and

(b) A signed statement using the exact language as follows, except that the student’s identification number is optional if collected elsewhere on the same page as the statement:

(Student’s ID Number)

1 This footnote applies, where applicable, whenever an income tax return, the applicable schedules, or transcript is mentioned in the above chart.

The copy of the 2018 income tax return must include the signature of the tax filer, or one of the filers of a joint income tax return, or the signed, stamped, typed, or printed name and address of the preparer of the income tax return and the preparer’s Social Security Number, Employer Identification Number, or Preparer Tax Identification Number.

For a tax filer who filed an income tax return other than an IRS form, such as a foreign or Puerto Rican tax form, the institution must use the income information (converted to U.S. dollars) from the lines of that form that correspond most closely to the income information reported on a U.S. income tax return.

An individual who did not retain a copy of his or her 2018 tax account information, and for whom that information cannot be located by the IRS or other relevant tax authority, must submit to the institution—

(a) Copies of all IRS Form W–2s for each source of 2018 employment income or equivalent documents; or

(b) If the individual is self-employed or filed an income tax return with a government of a U.S. territory or commonwealth or a foreign government, a signed statement certifying the amount of AGI and income taxes paid for tax year 2018; and

(c) Documentation from the IRS or other relevant tax authority that indicates the individual’s 2018 tax account information cannot be located; and

(d) A signed statement that indicates that the individual did not retain a copy of his or her 2018 tax account information.

An individual who was the victim of IRS tax-related identity theft is unable to obtain a TRDBV, the institution may accept an equivalent document provided by the IRS or a copy of the signed 2018 income tax return the individual filed with the IRS.

2 An individual who is required to submit an IRS Form W–2 or an equivalent document but did not maintain a copy should request a duplicate from the employer who issued the original or from the government agency that issued the equivalent document.

3 An individual who was called up for active duty or for qualifying National Guard duty during a war or other military operation or national emergency, an institution must accept a statement from the individual certifying that he or she has not filed an income tax return or a request for a filing extension because of that service.

4 If an individual is unable to obtain verification of nonfiling from the IRS or other relevant tax authority and, based upon the institution’s determination, it has no reason to question the student’s or family’s good-faith effort to obtain the required documentation, the institution may accept a signed statement certifying that the individual attempted to obtain the verification of nonfiling from the IRS or other relevant tax authority and was unable to obtain the required documentation.
Verification Requirements for Individuals Who Are Eligible for an Auto Zero Expected Family Contribution (EFC)
