Federal Energy Regulatory Commission

[Project No. 2310-230]

Pacific Gas and Electric Company; Notice of Application Accepted for Filing, Soliciting Comments, Motions To Intervene, and Protests

Take notice that the following hydroelectric application has been filed with the Federal Energy Regulatory Commission and is available for public inspection:

- a. *Type of Application:* Non-project use of project lands.
- b. *Project No:* 2310-230.
- c. *Date Filed:* April 4, 2019 and supplemented May 7, 2019.
- d. *Applicant:* Pacific Gas and Electric Company (licensee).
- e. *Name of Project:* Drum-Spaulding Hydroelectric Project.
- f. *Location:* South Canal in Placer County, California.
- g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791a-825r.
- h. *Applicant Contact:* Brian Madigan, Senior Hydro License Coordinator, Pacific Gas and Electric Company, Mail Code N11D, P.O. Box 770000, San Francisco, California 94177; phone (415) 973-3059.
- i. *FERC Contact:* Ms. Joy Kurtz at 202-502-6760, or joy.kurtz@ferc.gov.
- j. Deadline for filing comments, motions to intervene, and protests is 30 days from the issuance of this notice by the Commission. The Commission strongly encourages electronic filing. Please file motions to intervene, protests, and comments using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system

at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208-3676 (toll free), or (202) 502-8659 (TTY). In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. The first page of any filing should include docket number P-2310-230.

k. *Description of Request:* The licensee requests Commission approval to grant Placer County Water Agency (PCWA) permission to use project lands within the project boundary to construct and operate a raw water intake on South Canal in order to meet PCWA's water supply demands for western Placer County. The water withdrawn from the project would be done in accordance with an existing water supply agreement between the licensee and PCWA, which obligates the licensee to provide a certain volume of water to PCWA for purchase. The raw water intake on South Canal would withdraw a maximum of 62 million gallons of water per day and serve as a redundant withdrawal location to other withdrawal points within the project that are operated by PCWA. Because of this redundancy, water withdrawn via the intake would not increase the amount of water currently withdrawn from the project area. Construction activities within the project boundary would include installation of the intake structure, which would be recessed into the canal, and outfitted with an inclined trash rack and three five-foot slide gates. The velocity through the trash rack on the intake structure would not exceed 0.8 feet per second. The intake structure would connect to three existing 60-inch steel pipes. Additionally, storm drain facilities located near one of PCWA's transfer basins, located on the bank side of South Canal, would be restored following construction of the intake. This work would entail repairs to the concrete walls and restoration of an existing drainage inlet and manhole.

l. *Locations of the Application:* A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street NE, Room 2A, Washington, DC 20426, or by calling 202-502-8371. This filing may also be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link. m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. *Comments, Protests, or Motions to Intervene*: Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

o. *Filing and Service of Responsive Documents*: Any filing must (1) bear in all capital letters the title "COMMENTS"; "PROTEST", or "MOTION TO INTERVENE" as applicable; (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, motions to intervene, or protests must set forth their evidentiary basis and otherwise comply with the requirements of 18 CFR 4.34(b). All comments, motions to intervene, or protests should relate to the non-project use application. Agencies may obtain copies of the application directly from the applicant. A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application. If an intervener files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency. A copy of all other filings in reference to this application must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in

accordance with 18 CFR 4.34(b) and 385.2010.

SUPPLEMENTARY INFORMATION:

Title: FERC-740, Availability of E-Tag Information to Commission Staff.

OMB Control No.: 1902-0254.

Type of Request: Three-year extension of the FERC-740 information collection requirements with no changes to the current reporting and recordkeeping requirements.

Abstract: In Order 771,¹ the FERC-740 information collection (providing Commission staff access to e-Tag data) was implemented to provide the Commission, Market Monitoring Units, Regional Transmission Organizations, and Independent System Operators with information that allows them to perform market surveillance and analysis more effectively. The e-Tag information is necessary to understand the use of the interconnected electricity grid, particularly transactions occurring at interchanges. Due to the nature of the electric grid, an individual transaction's impact on an interchange cannot be assessed adequately in all cases without information from all connected systems, which is included in the e-Tags. The details of the physical path of a transaction included in the e-Tags helps the Commission to monitor, in particular, interchange transactions more effectively, detect and prevent price manipulation over interchanges, and improve the efficient and orderly use of the transmission grid. For example, the e-Tag data allows the Commission to identify transmission reservations as they go from one market to another and link the market participants involved in that transaction.

Order No. 771 provided the Commission access to e-Tags by requiring that Purchasing-Selling Entities² (PSEs) and Balancing

¹ Order 771 was issued in Docket No. RM11-12 (77 FR 76367, 12/28/2012).

² A Purchasing-Selling Entity is the entity that purchases or sells, and takes title to, energy, capacity, and Interconnected Operations Services.
