

FERC-555A RECORD RETENTION REQUIREMENTS

	Total number of responses	Cost per respondent	Total annual burden hours and total annual cost
	(1) * (2) = (3)	(4)	(3) * (4) = (5)
Paper Storage	117	\$387.60	\$45,349.20
Electronic Storage	117	15.25	1,784.25
Total Storage Burden	⁷ 117		47,133.45

Total Annual Cost: \$4,409,919 (Paperwork Burden) + \$47,133.45 (Record Retention) = \$4,453,052.45.

A more accurate breakdown of the FERC-60/61/555A cost categories follows:

Labor Cost: The total estimated annual cost for labor burden to respondents is \$4,405,919 [\$185,211 (FERC Form No. 60) + \$1,548 (FERC-61) + \$4,219,160 (FERC-555A)]

FERC Form No. 60: 2,925 hours (75 hours × 39 respondents) * \$63.32/hour = \$185,211

FERC-61: 39 hours (.5 hours × 78 respondents) * \$39.68/hour = \$1,548
FERC-555A: 126,360 hours (1,080 hours × 117 respondents) * \$33.39/hour = \$4,219,160

Storage Cost:⁸ In addition to the labor (burden cost provided above) the table reflects an additional cost for record retention and storage:

- Paper storage costs (using an estimate of 60 cubic feet × \$6.46 per cubic foot): \$387.60 per respondent annually. Total annual paper storage cost to industry (\$387.60 × 117 respondents): \$45,349.20. This estimate assumes that a respondent stores the same volume of paper as it did in the past and that the cost of such storage has not changed. We expect that this estimate should trend downward over time as more companies move away from paper storage and rely more heavily on electronic storage.

- **Electronic storage costs:** \$15.25 per respondent annually. Total annual electronic storage cost to industry (\$15.25 × 117 respondents): \$1,784.25. This calculation retains the previous estimate that storage of 1GB per year cost of \$15.25. We expect that this estimate should trend downward over time as the cost of electronic storage technology, including cloud storage, continues to decrease. For example, external hard drives of approximately

500GB are available for approximately \$50. In addition, cloud storage plans from multiple providers for 1TB of storage (with a reasonable amount of requests and data transfers) are available for less than \$35 per month.

Dated: May 21, 2019.

Kimberly D. Bose,
Secretary.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OAR-2008-0655; FRL-9990-22-OEI]

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; GreenChill Advanced Refrigeration Partnership (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), GreenChill Advanced Refrigeration Partnership (EPA ICR Number 2349.02, OMB Control Number 2060-0702) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed extension of the ICR, which is currently approved through May 31, 2019. Public comments were previously requested via the **Federal Register** on August 20, 2018, during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before July 1, 2019.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA-HQ-OAR-2008-0655, to (1) EPA online using www.regulations.gov (our preferred method), by email to a-and-r-docket@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460, and (2) OMB via email to oira_submission@omb.eop.gov. Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT: Tom Land, Stratospheric Protection Division, Office of Atmospheric Programs (Mail Code 6205T), Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: (202) 343-9185; fax number: (202) 343-2362; email address: land.tom@epa.gov.

SUPPLEMENTARY INFORMATION: Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: GreenChill is a voluntary partnership program sponsored by the U.S. Environmental Protection Agency (EPA) that encourages supermarket companies to adopt cost effective technologies and practices that reduce refrigerant emissions and improve operational efficiency. The GreenChill Program works with the supermarket

⁷ Each of the 117 entities is assumed to have both paper and electronic record retention.

⁸ Internal analysis assumes 50% paper storage and 50% electronic storage.

industry to lower remove barriers inhibiting the implementation of technologies and practices that reduce refrigerant emissions. The Program effectively promotes the adoption of emission reduction practices and technologies by engaging GreenChill partners to set an annual refrigerant emission reduction goal and develop a Refrigerant Management Plan reflecting the company's implementation objectives. Implementation of the partners' Refrigeration Management Plan to reduce refrigerant emissions enhances the protection of the environment and may save Partners money and improve operational efficiency. The GreenChill Program offers the opportunity for any individual store to be GreenChill certified at the silver-, gold- or platinum-level when it demonstrates that the amount of refrigerant used is below a specified limit, based on the store's MBTU/hour cooling load, and that the refrigerant emitted from the store in the prior 12 months is below a specified percentage depending on each GreenChill store certification level. Information submitted for the certification of individual stores is compared to these set criteria for each certification level. The certification of a store provides the opportunity for broad recognition within the supermarket industry and with the store's customers. All information submitted to EPA is treated in accordance with the EPA regulations at 40 CFR part 2, that include provisions on protecting confidential business information (CBI).

Form Numbers: 5900–213, 5900–214.

Respondents/affected entities:

Supermarkets, NAICS code: 445110.

Respondent's obligation to respond: Voluntary.

Estimated number of respondents: 232 (per year).

Frequency of response: Annual, and when desired.

Total estimated burden: 2,608 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$110,940 (per year), includes \$0 annualized capital or operation & maintenance costs.

Changes in Estimates: Due to the inclusion of voluntary submissions by individual supermarkets to become GreenChill certified, and recognizing these submissions are increasing annually, the total number of hours increases by 920 per year compared with the ICR currently approved by OMB. In addition, the number of companies submitting information voluntarily under the Corporate Emission Reduction Program (the Partnership) is reduced due to industry

consolidation, acquisitions, and bankruptcy, as well as a reduction in the number of companies joining the partnership each year. The costs associated with labor categories reflect generally higher salaries across Respondents and the Agency.

Courtney Kerwin,

Director, Regulatory Support Division.

The telephone number for the Docket Center is 202–566–1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: This ICR renewal is for the collection developed to support the final rule, *Accidental Release Prevention Requirements; Risk Management Programs Under the Clean Air Act Section 112(r)(7); Distribution of Off-Site Consequence Analysis Information*, published on August 4, 2000 (65 FR 48108), defines the Federal Government's responsibilities with respect to the dissemination of offsite consequence analyses (OCA) information to the public. OCA information is received by the EPA within risk management plans (RMPs) collected in service to the Agency's mandate to promulgate reasonable regulations and appropriate guidance to provide for the prevention and detection of accidental releases and for responses to such releases under CAA section 112(r)(7).

In accordance with the final rule, the government established 55 reading rooms at federal facilities geographically distributed across the United States and its territories. At these reading rooms, members of the public are able to read OCA information for stationary sources (up to 10 per month), for the Local Emergency Planning Committees (LEPCs) in whose jurisdiction they live or work, and for any other stationary sources with vulnerability zones
