SUPPLEMENTARY INFORMATION: El Yunque National Forest covers approximately 29,000 acres in the northeastern part of Puerto Rico. The plan components were developed using best available scientific information and the consideration of fiscal capability.

One objection was received containing one issue, and the Reviewing Officer's response to the objection has been signed by the Regional Forester for the Southern Region. The instructions from the Reviewing Officer were incorporated into the ROD. The final ROD to approve the Revised Land Management Plan for El Yunque National Forest has now been signed by the Responsible Official, and is available at the website described above.
