

Act, and the rules and regulations of the Commission.

(3) There is reasonable assurance that the activities authorized by the proposed license amendment can be conducted without endangering the health and safety of the public, and that such activities will be conducted in compliance with the Commission's regulations.

(4) The issuance of the proposed license amendment will not be inimical to the common defense and security or to the health and safety of the public.

(5) The issuance of the proposed license amendment is in accordance with 10 CFR part 51, "Environmental Protection Regulations for Domestic Licensing and Related Regulatory Functions," of the Commission's regulations, and all applicable requirements have been satisfied.

The findings set forth above are supported by an NRC safety evaluation dated May 20, 2019.

III.

Accordingly, pursuant to Sections 161b, 161i, and 184 of the AEA, Title 42 of the United States Code Sections 2201(b), 2201(i), and 2234; and 10 CFR § 50.80, IT IS HEREBY ORDERED that the application for the indirect transfer of the license, as described herein, is approved for the SHINE Medical Isotope Production Facility.

IT IS FURTHER ORDERED that, consistent with 10 CFR § 2.1315, "Generic determination regarding license amendments to reflect transfers," paragraph (b), the license amendment that makes changes, as indicated in Enclosure 2 to the cover letter forwarding this Order, to conform the license to reflect the subject indirect license transfer is approved. The amendment shall be issued and made effective at the time the proposed indirect license transfer is completed.

IT IS FURTHER ORDERED that SHINE shall, at least 2 business days prior to closing, inform the Director of the Office of Nuclear Reactor Regulation in writing of the date of closing of the indirect license transfer for the SHINE Medical Isotope Production Facility. Should the proposed transfer of the license not be completed within 1 year of this Order's date of issuance, this Order shall become null and void, provided, however, that upon written application and for good cause shown, such date may be extended by order.

This Order is effective upon issuance.

For further details with respect to this Order, see the application dated December 11, 2018, as supplemented by letter dated March 8, 2019, and the associated NRC safety evaluation dated

May 20, 2019, which are available for public inspection at the Commission's Public Document Room (PDR), located at One White Flint North, 11555 Rockville Pike (first floor), Rockville, Maryland. B. Submitting Comments

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed in your comment submission. All comment submissions are posted at <http://www.regulations.gov> and entered into ADAMS. Comment submissions are not routinely edited to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the OMB, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment

submission. Your request should state that comment submissions are not routinely edited to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Background

Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC recently submitted a request for renewal of an existing collection of information to OMB for review entitled, "Export and Import of Nuclear Equipment and Material." The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on January 31, 2019 (84 FR 820).

1. *The title of the information collection:* 10 CFR part 110, "Export and Import of Nuclear Equipment and Material."

2. *OMB approval number:* 3150-0036.

3. *Type of submission:* Extension.

4. *The form number if applicable:* NRC Form 830, NRC Form 830A, NRC Form 831, and NRC Form 831A.

5. *How often the collection is required or requested:* On occasion.

6. *Who will be required or asked to respond:* Any person in the United States who wishes to export or import (a) nuclear material and equipment subject to the requirements of a specific license; (b) amend a license; (c) renew a license; (d) obtain consent to export Category 1 quantities of materials listed in Appendix P to 10 CFR part 110; or (e) request an exemption from a licensing requirement under 10 CFR part 110.

7. *The estimated number of annual responses:* 3,170.

8. *The estimated number of annual respondents:* 88.

9. *An estimate of the total number of hours needed annually to comply with the information collection requirement or request:* 1,493.

10. *Abstract:* Persons in the United States who export or import nuclear material or equipment under a general or specific authorization must comply with certain reporting and recordkeeping requirements under 10 CFR part 110.

Dated at Rockville, Maryland, this 30th day of May 2019.

For the Nuclear Regulatory Commission.

David C. Cullison,

NRC Clearance Officer, Office of the Chief Information Officer.
