

FOR FURTHER INFORMATION CONTACT:

Kathleen Howington, SEDAR
Coordinator, 4055 Faber Place Drive,
Suite 201, North Charleston, SC 29405;
phone: (843) 571-4366; email:
Kathleen.Howington@safmc.net.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions, have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a three-step process including: (1) Data Workshop; (2) Assessment Process utilizing webinars; and (3) Review Workshop. The product of the Data Workshop is a data report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment Process is a stock assessment report which describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, Highly Migratory Species Management Division, and Southeast Fisheries Science Center. Participants include: Data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and non-governmental organizations (NGOs); international experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion at the Assessment Milestone 1 webinar are as follows:

- Consider methods and configuration options for models;
- Recommend assessment methods (*i.e.*, model types) to pursue for potential base model configuration;
- Identify likely issues to be addressed and evaluated in developing the base model.

Although non-emergency issues not contained in this agenda may come

before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

This meeting is accessible to people with disabilities. Requests for auxiliary aids should be directed to the SAFMC office (see **ADDRESSES**) at least 5 business days prior to the meeting.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: May 31, 2019.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****Submission for OMB Review; Comment Request**

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Economic Analysis of Shoreline Treatment Options for Coastal New Hampshire.

OMB Control Number: 0648-xxxx.

Form Number(s): None.

Type of Request: Regular (new collection).

Number of Respondents: 4,633.

Average Hours per Response: 0.27.

Burden Hours: 1,248.

Needs and Uses: This request is for a pretest of a new data collection to benefit the National Oceanic and Atmospheric Administration (NOAA), Office of Coastal Management (OCM), and decision-makers on the state and local level in New Hampshire. The New Hampshire Coastal Program (NHCP) has prioritized living shoreline assessment and implementation in its five-year strategy to enhance coastal management

(309 Strategy, 2015) and set a long-term goal to develop a Coastal Shoreline Management Plan (CSMP) for New Hampshire. NOAA will collect social, economic, and behavioral data pursuant to the Coastal Zone Management Act (CZMA).

Questions will explore such issues as familiarity with weather and climate effects and adaptation methods, place attachment, and opinions on shoreline treatment options. The final collection will support the development of a CSMP for New Hampshire, provide information to help inform local coastal zone management and planning, and establish a baseline for future monitoring of NOAA's success in meeting its mandates and obligations.

Affected Public: Individuals and households.

Frequency: One time.

Respondent's Obligation: Voluntary.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Sheleen Dumas,

Departmental Lead PRA Officer, Office of the Chief Information Officer, Commerce Department.

Marine Mammals; File No. 21321

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application for permit amendment.

SUMMARY: Notice is hereby given that Pacific Whale Foundation (300 Ma'alaea Rd., Suite 211, Wailuku, HI 96793; Responsible Party: Stephanie Stack) has applied for an amendment to Scientific Research Permit No. 21321.

DATES: Written, telefaxed, or email comments must be received on or before July 5, 2019.

ADDRESSES: The application and related documents are available for review by
